

Safety Data Sheet per OSHA HazCom 2012

R	Reviewed on 02/20/2007
Product name: n-Propyltrimethoxysilane	
	(Contd. of page 1)
4 First-aid measures	
Description of first aid measures After inhalation	
Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
After skin contact	
Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice.	
After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.	
Information for doctor	
Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.	
5 Fire-fighting measures	
Extinguishing media Suitable extinguishing agents in case of fire, use sand, carbon dioxide or powdered extinguishing agent. Never use water,	
Suitable extinguishing agents In case of fire, use sand, carbon dioxide or powdered extinguishing agent. Never use water. Special hazards arising from the substance or mixture If this product is a firm, the following case he released:	
If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide	
Silicon oxide	
Advice for firefighters Protective equipment:	
Wear self-contained respirator. Wear fully protective impervious suit.	
	i
6 Accidental release measures	
Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.	
Ensure adequate ventilation	
Keep away from ignition sources Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up:	
Methods and material for containment and cleaning up: Keep away from ignition sources.	
Keep away from ignition sources. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Ensure adequate ventilation. Prevention of secondary hazards: Keep away from ignition sources.	
Prevention of secondary hazards: Keep away from ignition sources.	
Reference to other sections See Section 7 for information on safe handling	
See Section 8 for information on personal protection equipment. See Section 13 for disposal information.	
7 Handling and storage	
Handling Precautions for safe handling	
Handle under dry argon	
Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace.	
Ensure good ventilation at the workplace. Prevent formation of aerosols.	
Information about protection against explosions and fires:	
Protect against electrostatic charges. Fumes can combine with air to form an explosive mixture.	
Keep ignition sources away.	
Conditions for safe storage, including any incompatibilities	
Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility:	
Information about storage in one common storage facility:	
Store away from oxidizing agents. Store away from strong bases.	
Further Information about storage conditions:	
Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available.	
8 Exposure controls/personal protection	
Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.	
Control parameters	
Components with limit values that require monitoring at the workplace: Not required. Additional information: No data	
Exposure controls	
Personal protective equipment	
General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed.	
The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Romove all exited and contaminated elething immediately.	
Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work.	
Avoid contact with the eyes and skin. Maintain an arrangemically appropriate working environment	
Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of bands:	
Protection of hands: Impervious gloves	
Check protective gloves prior to each use for their proper condition.	
The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eye protection: Safety glasses	
	(Contd. on page 3)

(Contd. on page 3)

Body protection: Protective work clothing

9 Physical and chemical properties		
Information on basic physical and che General Information Appearance: Form:	emical properties	
Color:	Colorless	
Odor:	Not determined	
Odor threshold:	Not determined.	
pH-value:	Not determined.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined 142-143 °C (288-289 °F) Not determined	
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	34 °C (93 °F) Not determined. Not determined Not determined Not determined.	
Danger of explosion:	Product is not explosive. However, formation of explosive air/vapor mixtures is possible.	
Explosion limits: Lower: Upper: Vapor pressure: Density at 20 °C (68 °F): Relative density Vapor density Evaporation rate Solubility in / Miscibility with Water: Partition coefficient (n-octanol/water). Viscosity:	Not determined Not determined Not determined 0.932 g/cm ³ (7.778 lbs/gal) Not determined. Not determined. Not determined. Not determined. Not determined. Not determined. Not determined.	
dynamic:	Not determined.	
kinematic: Other information	Not determined. No further relevant information available.	

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with water to form methanol, which is toxic and flammable. Conditions to avoid No further relevant information available.

Incompatible materials: Oxidizing agents Bases

Hazardous decomposition products: Carbon monoxide and carbon dioxide Silicon oxide Methanol

11 Toxicological information

Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: Causes skin irritation. Eye irritation or corrosion: Causes skin irritation. Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. Reproductive toxicity: No effects known. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: May cause respiratory irritation. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Subacute to chronic toxicity: Organic silicon compounds are generally of low toxicity. Those exhibiting moisture sensitivity may be strongly irritating or corrosive on contact. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. 12 Ecological information

Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: Concretent potes: General notes: Do not allow material to be released to the environment without proper governmental permits. Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.

13 Disposal considerations Waste treatment methods	
Recommendation Consult state, local or national regulatic Uncleaned packagings:	ons to ensure proper disposal.
Recommendation: Disposal must be made according to o	ifficial regulations.
4 Transport information	
UN-Number DOT, IMDG, IATA	UN1993
UN proper shipping name DOT	Flammable liquids, n.o.s. (n-Propyltrimethoxysilane)
IMDG, IATA	FLAMMABLE LIQUID, N.O.S. (n-Propyltrimethoxysilane)
Transport hazard class(es)	
Class	3 Flammable liquids.
Label Class	3 3 (F1) Flammable liquids
Label IMDG, IATA	3
*	
Class	3 Flammable liquids.
Label Packing group	3
Packing group DOT, IMDG, IATA	III
Environmental hazards:	Not applicable.
Special precautions for user Transport in bulk according to Annex II of MARPOL73/	Warning: Flammable liquids 78 and the IBC Code Not applicable
Transport/Additional information:	
DOT Marine Pollutant (DOT):	No
UN "Model Regulation":	UN1993, Flammable liquids, n.o.s. (n-Propyltrimethoxysilane), 3, III
GHS02 GHS07	
Signal word Warning Hazard statements	
H226 Flammable liquid and vapour. H315 Causes skin irritation.	
H319 Causes serious eye irritation. H335 May cause respiratory irritation.	
Precautionary statements P210 Keep away from heat/sparks/open flame P261 Avoid breathing dust/fume/gas/mist/vap	es/hot surfaces. No smoking.
P303+P361+P353 If on skin (or hair): Take off immediately	/ all contaminated clothing. Rinse skin with water/shower.
P305+P351+P338 IF IN EYES: Rinse cautiously with water P405 Store locked up.	r for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
National regulations	lance with local/regional/national/international regulations.
All components of this product are listed on the Canadian L SARA Section 313 (specific toxic chemical listings) Sul	
California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance	is not listed.
Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is n	not listed.
Prop 65 - Developmental toxicity, male Substance is not Information about limitation of use: For use only by tech	listed. mically qualified individuals.
Information about limitation of use: For use only by tech Other regulations, limitations and prohibitive regulation Substance of Verv Hiah Concern (SVHC) according to a	ns the REACH Regulations (EC) No. 1907/2006. Substance is not listed.
The conditions of restrictions according to Article 67 a market and use must be observed.	nd Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on th
Substance is not listed. Annex XIV of the REACH Regulations (requiring Author	risation for use) Substance is not listed.
Chemical safety assessment: A Chemical Safety Assess	
information to ensure proper use and protect the health and	nt to other information gathered by them, and should make independent judgement of suitability of this d safety of employees. This information is furnished without warranty, and any use of the product not in mbination with any other product or process, is the responsibility of the user.
