

Safety Data Sheet per OSHA HazCom 2012

F

Product name: 4-Chloro-3-nitropyridine

Indication of any immediate medical attention and special treatment needed No further relevant information available.		
5 Fire-fighting measures		
Extinguishing media	n dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. stance or mixture ollowing can be released:	
6 Accidental release measures		
Personal precautions, protective equ Wear protective equipment. Keep unpre Ensure adequate ventilation	llow material to be released to the environment without proper governmental permits. nt and cleaning up: aste according to section 13. o special measures required. andling nal protection equipment.	
7 Handling and storage		
Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed Ensure good ventilation at the workplac	l containers. æ. t explosions and fires: No information known.	
Conditions for safe storage, includin Storage	g any incompatibilities	
Requirements to be met by storeroo		
8 Exposure controls/personal prot		
Additional information about design Properly operating chemical fume hood		
Control parameters Components with limit values that re Additional information: No data	equire monitoring at the workplace: Not required.	
Exposure controls Personal protective equipment General protective and hygienic mea The usual precautionary measures for I	handling chemicals should be followed.	
Keep away from foodsfuffs, beverages Remove all soiled and contaminated clu Wash hands before breaks and at the e Avoid contact with the eves and skin	othing immediately. and of work.	
Avoid contact with the eyes and skin. Maintain an ergonomically appropriate Breathing equipment: Use suitable re Protection of hands: Impervious gloves	working environment. spirator when high concentrations are present.	
Check protective gloves prior to each u	y depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. • minutes) Not determined	
9 Physical and chemical propertie Information on basic physical and cl		
General Information Appearance: Form:	Crystalline powder	
Color: Odor:	Pale yellow Not determined	
Odor threshold:	Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	ca 32 °C (ca 90 °F) Not determined Not determined	
Flash point: Flammability (solid, gaseous)	Not applicable Not determined.

		USA

Product name: 4-Chloro-3-nitropyridine

Page 3/4 Printing date 11/24/2015 Reviewed on 03/19/2010

		(Contd. of page 2
Ignition temperature: Decomposition temperature: Auto igniting:	Not determined Not determined Not determined.	
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.	
Lower:	Not determined	
Upper: Vapor pressure:	Not determined Not applicable.	
Density:	Not determined Not determined.	
Relative density Vapor density	Not applicable.	
Evaporation rate Solubility in / Miscibility with	Not applicable.	
Water: Partition coefficient (n-octanol/water	Insoluble sr): Not determined.	
Viscosity: dynamic:	Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
Possibility of hazardous reactions N Conditions to avoid No further releval Incompatible materials: Oxidizing age Hazardous decomposition products: Carbon monoxide and carbon dioxide	s to be avoided: Decomposition will not occur if used and stored according to specifications. No dangerous reactions known ant information available. ients	
Nitrogen oxides Hydrogen chloride (HCI) Possibly Hydrogen cyanide (HCN)		
Reproductive toxicity: No effects kno Specific target organ system toxicity Specific target organ system toxicity Aspiration hazard: No effects known. Subacute to chronic toxicity: No effe Additional toxicological information.	r classification: No data skin irritation. serious eye irritation. mown. ta on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. own. ty - repeated exposure: No effects known. ty - single exposure: May cause respiratory irritation.	
12 Ecological information Toxicity		
Aquatic toxicity: No further relevant in Persistence and degradability No fur Bioaccumulative potential No further Mobility in soil No further relevant infor Additional ecological information: General notes: Do not allow material to be released to	r relevant information available. formation available. o the environment without proper governmental permits. e quantities to reach ground water, water course or sewage system. ent	
13 Disposal considerations		
Waste treatment methods Recommendation Consult state, local Uncleaned packagings: Recommendation: Disposal must be r	l or national regulations to ensure proper disposal. made according to official regulations.	
14 Transport information Not a hazardous material for transporta	ation.	
UN-Number DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	
Transport hazard class(es) DOT, ADR, IMDG, IATA		
Class	None	
Class		
	None None Not applicable.

USA

Product name: 4-Chloro-3-nitropyridine (Contd. of page 3) Special precautions for user Not applicable. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. Transport/Additional information: Not dangerous according to the above specifications. DOT Marine Pollutant (DOT): No 15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms € GHS07 Signal word Warning Alghal woro warning Hazard statements H302 Harmful if swallowed. H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. Precautionary statements P280 Wear protective gloves / protective clothing. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
National regulations
This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes.
SARA Section 313 (specific toxic chemical listings) Substance is not listed.
California Proposition 65
Prop 65 - Chemicals known to cause cancer Substance is not listed.
Prop 65 - Developmental toxicity, Substance is not listed.
Prop 65 - Developmental toxicity, male Substance is not listed.
Information about limitation of use: For use only by technically qualified individuals.
Other regulations
Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed.
The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out. 16 Other information Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user. conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
