

Safety Data Sheet per OSHA HazCom 2012

	Reviewed On 10/10/2014
Product name: Neodymium(III) fluoride, anhydrous	
	(Contd. of page 1)
Seek immediate medical advice.	(Conta. or page 1)
After every contact Rinse opened eve for several minutes under running water. Then consult a doctor.	
After swallowing Seek medical treatment. Information for doctor	
Most important symptoms and effects, both acute and delayed No further relevant information available.	
Indication of any immediate medical attention and special treatment needed No further relevant information available.	
5 Fire-fighting measures	
Extinguishing media	
Suitable extinguishing agents Product is not flammable. Use fire-fighting measures that suit the surrounding fire.	
Special hazards arising from the substance or mixture	
If this product is involved in a fire, the following can be released: Hydrogen fluoride (HF)	
Hydrogen fluoride (HF) Metal oxide fume	
Advice for firefighters Protective equipment:	
Wear self-contained respirator	
Wear fully protective impervious suit.	
6 Accidental release measures	
Personal precautions, protective equipment and emergency procedures Wear protective equipment, Keep unprotected persons away.	
Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation	
Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation.	
Prevention of secondary hazards: No special measures required.	
Reference to other sections See Section 7 for information on safe handling	
See Section 8 for information on personal protection equipment.	
See Section 13 for disposal information.	
7 Handling and storage	
7 Handling and storage	
Handling Precautions for safe handling	
Handle under dry protective gas.	
Keep container fightly sealed. Store in cool, dry place in tightly closed containers.	
Ensure good vertilation at the workplace.	
Information about protection against explosions and fires: The product is not flammable	
Conditions for safe storage, including any incompatibilities	
Storage Requirements to be met by storerooms and receptacles: No special requirements.	
Information about storage in one common storage facility:	
Store away from water/moisture. Do not store together with acids.	
Store away from oxidizing agents.	
Further information about storage conditions:	
Store under dry inert gas. This product is hvaroscopic.	
This product is hygrošcopic. Keep container tightly sealed.	
Store in cool, dry conditions in well sealed containers. Protect from humidity and water	
Protect from humidity and water. Specific end use(s) No further relevant information available.	
8 Exposure controls/personal protection	
Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per mini-	ute
Control parameters	uie.
Components with limit values that require monitoring at the workplace:	
13709-42-7 Neodymium(III) fluoride (100.0%)	
PEL (USA) Long-term value: 2.5 mg/m ³	
as F	
REL (USA) Long-term value: 2.5 mg/m ³ as F	
TLV (USA) Long-term value: 2.5 mg/m ³	
as F, BEI	
EL (Canada) Long-term value: 2.5 mg/m ³ as F	
Ingredients with biological limit values:	
13709-42-7 Neodymium(III) fluoride (100.0%)	
BEI (USA) 2 mg/L	
Medium: urine	
Time: prior to shift Parameter: Fluoride (background, nonspecific)	
3 mg/L Medium: urine	
Time: end of shift	
Parameter: Fluoride (background, nonspecific)	
Additional information: No data	
Exposure controls Personal protective equipment	
General protective and hygienic measures	
The usual precautionary measures for handling chemicals should be followed.	
The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately.	
Wash hands before breaks and at the end of work.	(Contd on page 2)
	(Contd. on page 3)

Product name: Neodymium(III) fluoride, anhydrous

(Contd. of page 2)

Avoid contact with the eyes and skir	г.
Maintain an ergonomically appropria	ate 1

(Contd. of pa Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Recommended filter device for short term use: Use a respirator with type N95 (USA) or PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air-purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards. Protection of hands: Imperving respirators.

Protection of nands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Penetration time of glove material (in minutes) Not determined Eye protection: Safety glasses Body protection: Protective work clothing.

9 Physical and chemical properties

Information on basic physical and chemical properties

General Information	
Appearance: Form:	Various forms (powder/flake/crystalline/beads, etc.)
Color:	Pale purple
Odor:	Odorless
Odor threshold:	Not determined.
pH-value:	Not applicable.
Change in condition	
Melting point/Melting range:	1410 °C (2570 °F)
Boiling point/Boiling range:	Not determined '
Sublimation temperature / start:	Not determined
Flammability (solid, gaseous)	Not determined.
Ignition temperature:	Not determined
Decomposition temperature:	Not determined
Auto igniting:	Not determined.
Danger of explosion:	Not determined.
Explosion limits:	
Lower:	Not determined
Upper:	Not determined
Vapor pressure:	Not applicable.
Density at 20 °C (68 °F):	6.5 g/cm³ (54.243 lbs/gal)
Relative density	Not determined.
Vapor density	Not applicable.
Evaporation rate	Not applicable.
Solubility in / Miscibility with	here shadda
	Insoluble
Partition coefficient (n-octanol/water):	Not aeterminea.
Viscosity:	Neterriteria
dynamic:	Not applicable.
kinematic:	Not applicable.
Other information	No further relevant information available.

10 Stability and reactivity

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications.

Possibility of hazardous reactions Reacts with strong oxidizing agents

Conditions to avoid No further relevant information available. Incompatible materials:

Acids

Water/moisture

Oxidizing agents Hazardous decomposition products: Hydrogen fluoride Metal oxide fume

11 Toxicological information

Information on toxicological effects Acute toxicity: The Registry of Toxic Effects of Chemical Substances (RTECS) contains acute toxicity data for components in this product. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: Causes skin irritation. Eye irritation or corrosion: Causes serious eye irritation. Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: ACGIH A4: Not classifiable as a human carcinogen: Inadequate data on which to classify the agent in terms of its carcinogenicity in humans and/or animals. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: May cause respiratory irritation. Aspiration hazard: No effects known.

Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.

12 Ecological information

Toxicitv

Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits.
