

Safety Data Sheet per OSHA HazCom 2012

(Contd. of page 1)

Product name: cis-Dichlorobis(diethylsulfide)platinum (II)

Seek immediate medical advice.

After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor

Most important symptoms and effects, both acute and delayed No further relevant information available. Danger

Platinum compounds, especially platinum halogen complexes, are sensitizers. Sensitized persons, on re-exposure to platinum salts, will show the clinical features of a Type 1 allergy: asthma and/or rhinitis and/or conjunctivitis and/or urticaria. A contact dermatitis may also occur. The symptoms of the allergic reaction to platinum salts may include any of the following: itchy red eyes, watering of the eyes, sneezing, runny nose, chest tightness, wheezing, breathlessness, cough, eczematous or urticarial (nettle rash type) skin lesions. Exposure to platinum salts in exceedingly small amounts, even below the level of physico-chemical detection, will produce symptoms in sensitized persons. Continued exposure will give symptoms of increasing severity and can eventually lead to chronic asthma. There is a risk of anaphylactic shock occuring in sensitized persons re-encountering platinum salts. Therefore, if sensitization has developed, further exposure to platinum compounds must not be permitted.

exposure to platinum compounds must not be permitted. Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media

Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:

Carbon monoxide (CO) Sulfur oxides (SOX) Hydrogen chloride (HCI) Metal oxide Advice for firefighters Protective equipment: Wear self-contained respirator.

Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage

Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: No information known. Further information about storage conditions:

Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. **Specific end use(s)** No further relevant information available.

8 Exposure controls/personal protection

Additional information about design of technical systems:

Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

Control parameters Components with limit values that require monitoring at the workplace:

Platinum metal and soluble salts (as Pt)

mg/m3 ACGIH TLV 1 (metal); 0.002 (soluble salts) Austria MAK 1 (metal); 0.002 (soluble salts) Belgium TWA 1 (metal); 0.002 (soluble salts) Denmark TWA 0.002 (soluble salts) Finland TWA 1 (metal); 0.002 (soluble salts) France VME 1 (metal) Germany MAK 0.002 (soluble salts)-Ceiling Hungary TWA 0.001; 0.002-STEL (soluble salts) Korea TLV 1 (metal); 0.002 (soluble salts) Netherlands MAC-TTG 1 (metal); 0.002 (soluble salts) Norway TWA 0.002 Switzerland MAK-W 0.002 United Kingdom TWA 5 (metal); 0.002 (soluble salts) USA PEL 0.002 Additional information: No data mg/m3 Additional information: No data Exposure controls Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid context with the owne and ching

Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment.

Product name: cis-Dichlorobis(dieth	hylsulfide)platinum (II)	
Protection of hands: Impervious gloves	spirator when high concentrations are present. se for their proper condition. y depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. ning.	(Contd. of page 2)
9 Physical and chemical properties	s	
Information on basic physical and ch General Information Appearance: Form:	nemical properties Crystalline	
Color: Odor:	Yéllow Not determined	
Odor: Odor threshold:	Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined Not determined Not determined	
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not determined Not determined Not determined Not determined Not determined	
Danger of explosion:	Product does not present an explosion hazard.	
Explosion limits: Lower: Upper: Vapor pressure: Density:	Not determined Not determined Not applicable. Not determined	
Relative density Vapor density Evaporation rate Solubility in / Miscibility with	Not determined. Not applicable. Not applicable.	
Water: Partition coefficient (n-octanol/water) Viscosity: dynamic:	Soluble): Not determined. Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
O Stability and reactivity Reactivity No information known. Chemical stability Stable under recom Thermal decomposition / conditions to Possibility of hazardous reactions No Conditions to avoid No further relevan Incompatible materials: Oxidizing agents No information known. Hazardous decomposition products: Carbon monoxide and carbon dioxide Sulfur oxides (SOX) Hydrogen chloride (HCI)	nt information available.	
1 Toxicological information		
Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for of Skin irritation or corrosion: Causes sk Eye irritation or corrosion: Causes se Sensitization: Platinum salts, especially Germ cell mutagenicity: No effects know Carcinogenicity: No effects know Specific target organ system toxicity Specific target organ system toxicity Specific target organ system toxicity Specific target organ system toxicity Specific target organ system toxicity Subacute to chronic toxicity: Exposure to platinum containing dusts of dyspnea and wheezing. Cyanosis is po	kin irritation. prious eye irritation. ly ionic platinum halogeno complexes, may cause severe allergic reactions. own. a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. wn. a repeated exposure: No effects known. a repeated exposure: May cause respiratory irritation. or fumes may cause irritation, sensitization reactions and asthma. Effects include sneezing, coughing, tigh ossible. Chronic exposure may result in pulmonary fibrosis.	htness in the chest,
Subacute to chronic toxicity: No effect	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
2 Ecological information Toxicity Aquatic toxicity: No further relevant inf Persistence and degradability No furth Bioaccumulative potential No further Mobility in soil No further relevant infor	ther relevant information available. relevant information available.	
Additional ecological information: General notes:		
Do not allow material to be released to t	the environment without proper governmental permits. quantities to reach ground water, water course or sewage system.	
Avoid transfer into the environment.		(Contd. on page

Product name: cis-Dichlorobis(diethylsulfide)platinum (II) (Contd. of page 3) Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable Other adverse effects No further relevant information available. 13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations. Recommended cleansing agent: Water, if necessary with cleansing agents. **Transport information** Not a hazardous material for transportation. **UN-Number** DOT, IMDG, IATA None UN proper shipping name DOT, IMDG, IATA None Transport hazard class(es) DOT, ADR, IMDG, IATA Class None Packing group DOT, IMDG, IATA None Environmental hazards: Not applicable Special precautions for user Not applicable Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. Transport/Additional information: Not dangerous according to the above specifications. DOT Marine Pollutant (DOT): No 15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms ! GHS07 Signal word Warning Hazard statements Hazaru statements H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. Precautionary statements Precautionary statements P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P405 P405 Store locked up. Dispose of contents/container in accordance with local/regional/national/international regulations. National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. Substance is not listed. Substance is not liste Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out. 16 Other information Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
