

Safety Data Sheet per OSHA HazCom 2012

Product name: Benzyl (S)-(+)-glycidyl ether

Reviewed on 10/02/20

······································			
Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.			
5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.			
6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose of contaminated material as waste according to section 13. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 13 for disposal information.			
7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available.			
8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all solied and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Protection: Safety glasses Body protection: Protective work clothing.			
9 Physical and chemical properties			
Information on basic physical and che General Information Appearance: Form: Color: Odor: Odor threshold:	emical properties Liquid Colorless Not determined Not determined.		
pH-value:	Not determined.		
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined 130 °C (266 °F) (0.1 mmHg) Not determined		
Flash point:	> 110 °C (> 230 °F)	(Control	
		(Contd. on page 3)	

Product name: Benzyl (S)-(+)-glycidyl ether

Product name: Benzyl (S)-(+)-glycidy	/I etner		
		(Contd. of page 2)	
Ignition temperature:	Not determined. Not determined		
Decomposition temperature: Auto igniting:	Not determined Not determined.		
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.		
Lower:	3.8 Vol %		
Upper: Vapor pressure:	21 Vol % Not determined		
Density at 20 °C (68 °F): Relative density	1.072 g/cm³ (8.946 lbs/gal) Not determined.		
Vapor density	Not determined. Not determined.		
Solubility in / Miscibility with	Not miscible or difficult to mix		
Partition coefficient (n-octanol/water):			
	Not determined.		
kinematic: Other information	Not determined. No further relevant information available.		
10 Stability and reactivity			
Reactivity No information known.			
Chemical stability Stable under recomn Thermal decomposition / conditions to	nended storage conditions. 5 be avoided: Decomposition will not occur if used and stored according to specifications.		
I hermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available.			
Incompatible materials: Oxidizing agen Hazardous decomposition products: (ts Sachan manavida and carbon diavida		
11 Toxicological information			
Information on toxicological effects Acute toxicity: No effects known.			
LD/LC50 values that are relevant for cl Skin irritation or corrosion: Causes ski			
Eye irritation or corrosion: Causes sen Sensitization: No sensitizing effects kno			
Germ cell mutagenicity: Suspected of c	on carcinogenetic defects. On carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.		
Reproductive toxicity: No effects known Specific target organ system toxicity -	n.		
Specific target organ system toxicity -	single exposure: No effects known.		
Aspiration hazard: No éffects known. Subacute to chronic toxicity: No effects known.			
Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.			
Mutagenic effects have been observed o	n tests with bacteria.		
12 Ecological information			
Toxicity Aquatic toxicity: No further relevant info	ormation available.		
Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available.			
Mobility in soil No further relevant information available.			
Additional ecological information: General notes:			
Do not allow material to be released to the environment without proper governmental permits. Do not allow undiluted product or large quantities to reach ground water, water course or sewage system.			
Avoid transfer into the environment. Results of PBT and vPvB assessment			
PBT: Not applicable. vPvB: Not applicable.			
Other adverse effects No further releva	nt information available.		
13 Disposal considerations			
Waste treatment methods	r national regulations to ensure proper disposal		
Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.			
14 Transport information Not a hazardous material for transportation	on.		
UN-Number	None		
DOT, IMDG, IATA UN proper shipping name	None		
DOT, IMDG, IATA	None		
Transport hazard class(es)			
DOT, ADR, IMDG, IATA Class	None		
Packing group DOT, IMDG, IATA	None		
Environmental hazards:	Not applicable.		
Special precautions for user	Not applicable.

Page 4/4 Printing date 11/24/2015 Reviewed on 10/02/2008

Product name: Benzyl (S)-(+)-glycidyl ether			
	(Contd. of page 3)		
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Cod	e Not applicable.		
Transport/Additional information:	Not dangerous according to the above specifications.		
DOT Marine Pollutant (DOT):	No		
15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms			
GHS07 GHS08			
Signal word Warning Hazard statements H315 Causes skin irritation. H315 Causes serious eye irritation. H315 Causes serious eye irritation. H311 Suspected of causing genetic defects. Precautionary statements P280 Wear protective gloves/protective clothing/eye protection/face P281 Use personal protective equipment as required. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes P362 Take off contaminated clothing. P405 Store locked up. P501 Dispose of contents/container in accordance with local/region National regulations This product must be used by or directly und product must not be used for commercial purposes or in formulations for commercial purposes or in formulations for commercial formal proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed.
