

Safety Data Sheet per OSHA HazCom 2012

1 Identification Product identifier		
Product name: D-(-)-alpha-P	Phenylglycine ethyl esterhydrochloride	
Stock number: L01564 CAS Number: 17609-48-2		
	substance or mixture and uses advised against. research and development	
Details of the supplier of the sat Manufacturer/Supplier:	afety data sheet	
Alfa Aesar Thermo Fisher Scientific Chemica 30 Bond Street	als, Inc.	
Ward Hill, MA 01835-8099		
Tel: 800-343-0660 Fax: 800-322-4757 Email: tech@alfa.com www.alfa.com		
Information Department: Health, Emergency telephone number:	n, Safety and Environmental Department	
,	londay-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.	
2 Hazard(s) identification Classification of the substance The substance is not classified ac Hazards not otherwise classifie	e or mixture in accordance with 29 CFR 1910 (OSHA HCS) coording to the Globally Harmonized System (GHS). ed No information known.	
Label elements GHS label elements Not applicab Hazard pictograms Not applicab		
Signal word Not applicable Hazard statements Not applicabl	le	
WHMIS classification Not contro Classification system	biled	
HMIS ratings (scale 0-4) (Hazardous Materials Identificat		
HEALTH       Health (acute effects) =         FIRE       Flammability = 1         REACTIVITY       Physical Hazard = 1	- '	
Other hazards Results of PBT and vPvB asses	isment	
<b>PBT:</b> Not applicable. <b>vPvB:</b> Not applicable.		
3 Composition/information on	•	
3 Composition/information on Chemical characterization: Sub CAS# Description: 17609-48-2 D-(-)-alpha-Phenylgly	ostances	
Chemical characterization: Sub CAS# Description: 17609-48-2 D-(-)-alpha-Phenylgly 4 First-aid measures	ostances /cine ethyl esterhydrochloride

Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. the substance or mixture the following can be released:  suit.  Se  requipment and emergency procedures ounprotected persons away.  on ot allow material to be released to the environment without proper governmental permits.  imment and cleaning up: Pick up mechanically. dis: No special measures required.  safe handling	on page 2)

(Contd. of page 1)

Product name: D-(-)-alpha-Pheny	lglycine ethyl	esterhydrochloride
---------------------------------	----------------	--------------------

See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

# 7 Handling and storage

Handling Precautions for safe handling

Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Information about protection against explosions and fires: No information known.

### Conditions for safe storage, including any incompatibilities

Storage

- Requirements to be met by storerooms and receptacles: No special requirements.
- Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available.

### 8 Exposure controls/personal protection

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

Control parameters Components with limit values that re Additional information: No data	equire monitoring at the workplace: Not required.
Exposure controls Personal protective equipment General protective and hygienic mea	asures

General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands:

Protection of nands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Penetration time of glove material (in minutes) Not determined Eye protection: Safety glasses Body protection: Protective work clothing.

#### 0 Physical and chemical properties

9 Physical and chemical properties	
Information on basic physical and che General Information Appearance: Form: Color: Odor: Odor: Odor threshold:	emical properties Solid White Not determined Not determined.
pH-value:	Not applicable.
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	189-191 °C (372-376 °F) Not determined Not determined
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not applicable Not determined. Not determined Not determined Not determined.
Danger of explosion: Explosion limits: Lower: Upper: Vapor pressure: Density: Relative density Vapor density Evaporation rate Solubility in / Miscibility with Water: Partition coefficient (n-octanol/water): Viscosity: dynamic: kinematic: Other information	Product does not present an explosion hazard. Not determined Not applicable. Not determined Not determined. Not applicable. Not applicable. Not determined Not determined. Not applicable. Not applicable. Not applicable. Not applicable. Not applicable. Not applicable. Not applicable. Not applicable. Not applicable. Not applicable.

#### 10 Stability and reactivity

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents Hazardous decomposition products: Cachen managing and action products: Carbon monoxide and carbon dioxide Nitrogen oxides

# Product name: D-(-)-alpha-Phenylglycine ethyl esterhydrochloride

Product name: D-(-)-alpha-Phenylglycine ethyl esterhydrochloride	
Hydrogen chloride (HCI)	(Contd. of page 2)
11 Toxicological information Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully k	
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits. Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.	
<b>13 Disposal considerations</b> Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.	
14 Transport information Not a hazardous material for transportation.	
UN-Number DOT, IMDG, IATA None	
UN proper shipping name DOT, IMDG, IATA None	
Transport hazard class(es)	
DOT, ADR, IMDG, IATA Class None	
Packing group DOT, IMDG, IATA None	
Environmental hazards: Not applicable.	
Special precautions for user Not applicable.	
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.	
Transport/Additional information: Not dangerous according to the above specification	tions.
DOT Marine Pollutant (DOT): No
