	(Conta: of page 1)
4 First-aid measures	
Description of first aid measures General information Immediately remove any clothing soiled by the product.	
Remove breathing apparatus only after contaminated clothing has been completely removed. In case of irregular breathing or respiratory arrest provide artificial respiration.	
After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
After skin contact Immediately wash with water and soap and rinse thoroughly.	
Seek immédiate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Do not induce vomiting; immediately call for medical help.	
Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available.	
Indication of any immediate medical attention and special freatment needed No further relevant information available.	
5 Fire-fighting measures Extinguishing media	
Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:	
If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Toxic metal oxide fume	
Advice for firefighters Protective equipment:	
Wear self-contained respirator. Wear fully protective impervious suit.	
6 Accidental release measures	
Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.	
Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up:	
Methods and material for containment and cleaning up: Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation.	
Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 7 for information on safe handling	
See Section 8 for information on personal protection equipment. See Section 13 for disposal information.	
7 Handling and storage	
Handling Precautions for safe handling	
Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers.	
Ensure good ventilation at the workplace. Open and handle container with care.	
Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities	
Storage Requirements to be met by storerooms and receptacles: No special requirements.	
Information about storage in one common storage facility: Store away from oxidizing agents. Store away from water/moisture.	
Further information about storage conditions: Store under dry inert gas.	
This product is moisture sensitive. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.	
Protect from humidity and water. Specific end use(s) No further relevant information available.	
8 Exposure controls/personal protection	
Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.	
Control parameters Components with limit values that require monitoring at the workplace:	

Components with limit values that require monitoring at the workplace:

9 Physical and chemical properties	
Information on basic physical and ch	emical properties
General Information	
Appearance: Form:	Crystalline powder
Color:	White
Odor: Odor threshold:	Unpleasant Not determined.
pH-value:	Not applicable.
	Not applicable.
Change in condition Melting point/Melting range:	163-165 °C (325-329 °F)
Boiling point/Boiling range:	Not determined
Sublimation temperature / start:	Not determined
Flash point: Flammability (solid, gaseous)	Not applicable Not determined.
Ignition temperature:	Not determined
Decomposition temperature: Auto igniting:	Not determined Not determined.
Danger of explosion:	Product does not present an explosion hazard.
Explosion limits:	
Lower:	Not determined
Upper: Vapor pressure:	Not determined Not applicable.
Density:	Not determined
Relative density Vapor density	Not determined.
Evaporation rate	Not applicable. Not applicable.
Solubility in / Miscibility with	
Water: Partition coefficient (n-octanol/water)	Hydrolyzes Not determined
Viscosity:	
dynamic: kinematic:	Not applicable.
Other information	Not applicable. No further relevant information available.
10 Stability and vacativity	

10 Stability and reactivity

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available.

(Contd. of page 3)

	Incompatible materials: Oxidizing agents Water/moisture Hazardous decomposition products:	(Contd. of page 3)		
	Carbon monoxide and carbon dioxide Toxic metal oxide fume			
	Toxic metal oxide tume 1 Toxicological information Information on toxicological effects Acute toxicity: Toxic if inhaled. Toxic if swallowed. LD/LCSO values that are relevant for classification: No data Skin irritation or corrosion: Irritating effect. Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: EPA-D: Not classifiable as to human carcinogenicity: inadequate human and animal evidence of carcinogenicity or no data are available. IARC-3: Not classifiable as to carcinogenicity in adequate human and animal evidence of carcinogenicity or no data are available. IARC-3: Not classifiable as to carcinogenicity in adequate human and animal evidence of carcinogenicity or no data are available. IARC-3: Not classifiable as to carcinogenicity in adequate human and animal evidence of carcinogenicity or no data are available. IARC-3: Not classifiable as to carcinogenicity in adequate human. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: May cause damage to the central nervous system; the liver and the digestive system through prolonged or repeated exposure. Oral, Inhalative. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. S			
	2 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Ecotoxical effects: Remark: Very toxic for aquatic organisms Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits. Do not allow product to reach ground water, water course or sewage system, even in small quantities. Danger to drinking water if even extremely small quantities leak into the ground. Also poisonous for fish and plankton in water bodies. May cause long lasting harmful effects to aquatic life. Avoid transfer into the environment. Very toxic for aquatic organisms Results of PBT and VPVB assessment PBT: Not applicable. VDTB: Not applicable. VDT			
	13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.

GHS06 GHS08 Signal word Danger Hazard statements H301+H331 Toxic if swallowed or if inhaled. H373 May cause damage to the central nervous system, the liver and the digestive system through prolonged or repeated exposure. Route of exposure: Oral, Inhalative. Precautionary statements P273 Avoid release to the environment. P270 Do not eat, drink or smoke when using this product. P309 IF exposed or if you feel unwell: P310 Immediately call a POISON CENTER/doctor/ P302+P352 IF ON SKIN: Wash with plenty of water/ P501 Dispose of contents/container in accordance with local/regional/national/international regulations. National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings)			
17697-12-0 Benzeneseleninic anhydride			
California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. This product contains selenium and is subject to the reporting requirements of section 313 of the Emergency Planning and Community Right to Know Act of 1986 and 40CFR372. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Annex XIV of the REACH Regulations (According to the second for use) Substance is not listed.			
16 Other information			
Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
