

	Keviewed 01/02/01/2008
1	Identification
	Product identifier
	Product name: 4-Carboxybenzeneboronic acid pinacol ester
	Stock number: H26825 CAS Number: 180516-87-4
	Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development
	Details of the supplier of the safety data sheet Manufacturer/Supplier:
	Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street
	Ward Hill MA 01835-8099
	Tel: 800-343-0660 Fax: 800-322-4757
	Email: tech@alfa.com www.alfa.com
	Information Department: Health Safety and Environmental Department
	Emergency telephone number: Call Carechem 24 at +44 (0) 1865 407333 During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.
Z	Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)
	The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known.
	Label elements GHS label elements Not applicable
	Hazard pictograms Not applicable Signal word Not applicable
	Hazard statements Not applicable WHMIS classification Not controlled
	Classification system
	HMIS ratings (scale 0-4) (Hazardous Materials Identification System)
	HEALTHI $FRE$ IFlammability = 1
	REACTIVITY Physical Hazard = 1
	Other hazards Results of PBT and vPvB assessment
	PBT: Not applicable. vPvB: Not applicable.
3	Composition/information on ingredients
	Chemical characterization: Substances
	CAS# Description: 180516-87-4 4-Carboxybenzeneboronic acid pinacol ester
4	First-aid measures
	Description of first aid measures After inhalation
	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.
	After skin contact Immediately wash with water and soap and rinse thoroughly.
	Seek immédiate medical advice.
	After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.
	Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available.
_	Indication of any immediate medical attention and special treatment needed No further relevant information available.
5	5 Fire-fighting measures
	Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
	Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:
	Carbon monoxide and carbon dioxide Boron oxide
	Advice for firefighters Protective equipment:
	Wear self-contained respirator. Wear fully protective impervious suit.
6	Accidental release measures
	Personal precautions, protective equipment and emergency procedures
	Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation
	Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Pick up mechanically.
	Prevention of secondary hazards: No special measures required.

**Prevention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling

'Handling and storage					
Handling					
Precautions for safe handling Keep container tightly sealed.					
Store in cool, dry place in tightly closed of	containers.				
Information about protection against	explosions and fires: No information known.				
Conditions for safe storage, including					
Storage					
Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents.					
Further information about storage cor	nditions:				
Keep container tightly sealed.					
Keep container tightly sealed. Store in cool, dry conditions in well seale <b>Specific end use(s)</b> No further relevant	ed containers.				
Exposure controls/personal prote					
Additional information about design of Properly operating chemical tyme hood (	of technical systems: designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.				
	designed for nazaruous chemicals and naving an average race veroncy or acroast roo root por minute.				
Control parameters Components with limit values that req	quire monitoring at the workplace: Not required.				
Additional information: No data	fuire monitoring at the workplace. Not required.				
Exposure controls					
Personal protective equipment General protective and hygienic meas					
General protective and hygienic meas	sures				
The usual precautionary measures for ha Keep away from foodstuffs, beverages a	andling chemicals should be tollowed.				
Keep away from foodstuffs, beverages a Remove all soiled and contaminated clot Wash hands before breaks and at the er	ithina immediatelv.				
Wash hands before breaks and at the er	nd of work.				
Maintain an ergonomically appropriate w	vorking environment.				
	spirator when high concentrations are present.				
Protection of hands:					
Impervious aloves					
Impervious aloves	te for their proper condition.				
Impervious gloves Check protective gloves prior to each us The selection of suitable gloves not only	se for their proper condition. ′ depends on the material, but also on quality.  Quality will vary from manufacturer to manufacturer.				
Impervious gloves Check protective gloves prior to each us The selection of suitable gloves not only <b>Penetration time of glove material (in</b>	se for their proper condition. / depends on the material, but also on quality.  Quality will vary from manufacturer to manufacturer. <b>minutes)</b> Not determined

## 10 Stability and reactivity

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents Hazardous decomposition products: Carbon monoxide and carbon dioxide

(Contd. on page 3)

## Product name: 4-Carboxybenzeneboronic acid pinacol ester

Page 3/4 Printing date 11/24/2015 Reviewed on 02/01/2008

Product name: 4-Carboxybenzeneboronic acid pinacol ester				
Boron oxide	(Contd. of page 2)			
Boron oxide         11 Toxicological information         Information on toxicological effects         Acute toxicity: No effects known.         LD/LCSO values that are relevant for classification: No data         Skin irritation or corrosion: May cause irritation         Eye irritation or corrosion: May cause irritation         Sensitization: No sensitizing effects known.         Germ cell mutagenicity: No effects known.         Specific target organ system toxicity - repeated exposure: No effects known.         Specific target organ system toxicity - single exposure: No effects known.         Subacute to chronic toxicity:         Boron affects the central nervous system. Boron poisoning causes depression of the circulation, persistant vomiting and diarrhea, followed by profound shock and corna. The temperature may become subnormal and a scarletina form rash may cover the entire body.         Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.         12 Ecological information </th				
Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits. Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.				
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.				
<b>14 Transport information</b> Not a hazardous material for transportation.				
UN-Number DOT, IMDG, IATA	None			
UN proper shipping name DOT, IMDG, IATA	None			
Transport hazard class(es) DOT, ADR, IMDG, IATA Class	None			
Packing group DOT, IMDG, IATA	None			
Environmental hazards:	Not applicable.			
Special precautions for user	Not applicable.			
Transport in bulk according to Annex II of MARPOL73/78 and the IBC				
Transport/Additional information: DOT Marine Bollutent (DOT):	Not dangerous according to the above specifications.			
Marine Pollutant (DOT):	No			
15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements Not applicable Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed. Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed.
