

Revisi	on date 09/23/2016
1 Identification	
Product identifier	
Product name: <u>D-Epoxone</u>	
Stock number: L18989 CAS Number: 18422-53-2	
Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development	
Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfa Aesar	
Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street	
Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-32 <u>2</u> -4757	
Email: tech@alfa.com www.alfa.com <b>Information Department:</b> Health, Safety and Environmental Department	
Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928	-0789.
2 Hazard(s) identification	
Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) The substance is not classified as hazardous according to 29 CFR 1910 (OSHA GHS). Hazards not otherwise classified No information known.	
Label elements GHS label elements Not applicable	
Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable	
WHMIS classification Not controlled Classification system	
HMIS ratings (scale 0-4) (Hazardous Materials Identification System)	
HEALTH       I         FIRE       I         FRACTIVITY       Physical Hazard = 1	
Other hazards Results of PBT and vPvB assessment PBT: Not applicable.	
vPvB: Not applicable.	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description:	
18422-53-2 D-Epoxone	
4 First-aid measures	
Description of first aid measures After inhalation Supply free bir it required provide artificial requiration. Keen notions were	
Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
After skin contact Immediately wash with water and soap and rinse thoroughly.	
Seek immediate medical advice.	
After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.	
Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.	
5 Fire-fighting measures	
Extinguishing media	
Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:	
Carbon monoxide and carbon dioxide Advice for firefighters	
Protective equipment: Wear self-contained respirator	
Wear fully protective impervious suit.	
6 Accidental release measures Personal processions, protective equipment and emergency procedures	
<b>Personal precautions, protective equipment and emergency procedures</b> Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation	
Envire adequate verification Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Pick up mechanically.	
Prevention of secondary hazards: No special measures required. Reference to other sections	
See Section 7 for information on safe handling See Section 8 for information on personal protection equipment.	
	(Contd. on page 2) USA

## Product name: D-Epoxone

See Section 13 for disposal information.

See Section 13 for disposal information.	
7 Handling and storage	
Handling	
Precautions for safe handling	
Keep container tightly sealed. Store in cool, dry place in tightly closed	containers
Information about protection against	explosions and fires: No information known.
Conditions for safe storage, including	any incompatibilities
Storage	
	ns and receptacles: No special requirements. Imon storage facility: Store away from oxidizing agents.
Further information about storage co	nditions:
Keep container tightly sealed. Store in cool, dry conditions in well sealed.	ed containers
Specific end use(s) No further relevant	information available.
<b>0 E </b>	
8 Exposure controls/personal prote	
Additional information about design of Properly operating chemical fume hood	of technical systems: designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.
Control parameters	
Components with limit values that red	guire monitoring at the workplace:
The product does not contain any releva	ant quantities of materials with critical values that have to be monitored at the workplace.
Additional information: No data	
Exposure controls Personal protective equipment	
General protective and hygienic meas	sures
The usual precautionary measures for h Keep away from foodstuffs, beverages a	andling chemicals should be followed.
Remove all soiled and contaminated clo	thing immediately.
Wash hands before breaks and at the el	nd of work.
Breathing equipment: Use suitable res	vorking environment. pirator when high concentrations are present.
Recommended filter device for short	term use:
Use a respirator with type N95 (USA) or	PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air- nly use equipment tested and approved under appropriate government standards.
Protection of hands:	ny use equipment testeu anu approveu unuer appropriate government stanuarus.
Impervious gloves	
Check protective gloves prior to each us The selection of suitable gloves not only	e for their proper condition. depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.
Eye protection: Safety glasses Body protection: Protective work cloth	
Body protection: Protective work cloth	ng.
9 Physical and chemical properties	
Information on basic physical and ch	emical properties
General Information	
Appearance: Form:	Crystalline powder
Odor:	Nót determined
Odor threshold:	Not determined.
pH-value:	Not applicable.
Change in condition Melting point/Melting range:	101-103 °C (214-217 °F)
Boiling point/Boiling range:	Not determined
Sublimation temperature / start: Flammability (solid, gaseous)	Not determined Not determined.
Ignition temperature:	Not determined
Decomposition temperature:	Not determined
Auto igniting:	Not determined.
Danger of explosion: Explosion limits:	Not determined.
Lower:	Not determined
Upper: Vapor pressure:	Not determined Not applicable.
Density:	Not de'termined
Relative density	Not determined.
Vapor density Evaporation rate	Not applicable. Not applicable.
Solubility in / Miscibility with	
Water: Partition coefficient (n-octanol/water)	Not determined
Viscosity:	, Not determined.
dynamic:	Not applicable.
kinematic: Other information	Not applicable. No further relevant information available.
10 Stability and reactivity	
Reactivity No information known.	
Chemical stability Stable under recom	mended storage conditions.
Thermal decomposition / conditions t	to be avoided: Decomposition will not occur if used and stored according to specifications.

**Chemical stability** Stable Under recommended storage conditions. **Thermal decomposition** / **conditions to be avoided:** Decomposition will not occur if used and stored according to specifications. **Possibility of hazardous reactions** Reacts with strong oxidizing agents **Conditions to avoid** No further relevant information available. **Incompatible materials:** Oxidizing agents **Hazardous decomposition products:** Carbon monoxide and carbon dioxide
