## Product name: Cerium(III) chloride heptahydrate

Product name: Cerium(III) chloride heptahydrate	
(Contd. of Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Do not induce vomiting; immediately call for medical help. Information for doctor Most important symptoms and effects, both acute and delayed Causes skin irritation. Causes serious eye irritation. Indication of any immediate medical attention and special treatment needed No further relevant information available.	f page 1)
5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Product is not flammable. Use fire-fighting measures that suit the surrounding fire. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Hydrogen chloride (HCI) Cerium oxide Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.	
6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information. Protective Action Criteria for Chemicals PAC-1: Substance is not listed. PAC-3: Substance is not listed.	
7 Handling and storage Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: The product is not flammable Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from air. Store away from water/moisture. Store away from water/moisture. Store away from voidizing agents. Further information about storage conditions: Store under dry inert gas. This product is hygroscopic. This product is hygroscopic. This product is hygroscopic. This product is hygroscopic. This product is hygroscopic. Store in cool, dry conditions in well sealed containers. Protect from humidity and water. Store and water. Store in cool, dry conditions in well sealed containers. Protect from humidity and water.	
8 Exposure controls/personal protection         Additional information about design of technical systems:         Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.         Control parameters         Components with limit values that require monitoring at the workplace:         The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.         Additional information: No data         Exposure controls         Personal protective and hygienic measures         The usual precautionary measures for handling chemicals should be followed.         Keep away from foodstuffs, beverages and feed.         Remove all solled and contaminated clothing immediately.         Wash hands before breaks and at the end of work.         Avoid contact with the eyes and skin.         Maintain an ergonomically appropriate working environment.         Breating equipment: Use suitable respirator when high concentrations are present.         Recommended filter device for short term use:         Use a respirator with type N95 (USA) or PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if an purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards.         Protection of hands:       Impervious gloves for to each use for their proper condition.	

Product name: Cerium(III) chloride heptahydrate

Penetration time of glove material (in	minutes) 480	(Contd. of page 2)
Glove thickness: 0.11 mm		
Eye protection: Safety glasses with side Body protection: Protective work clothi		
9 Physical and chemical properties		
Information on basic physical and ch		
General Information Appearance:		
'Form: Odor:	Crystalline Odorless	
Odor threshold:	Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range:	Not determined	
Boiling point/Boiling range:	Not determined	
Sublimation temperature / start: Flammability (solid, gaseous)	Not determined Not determined.	
Ignition temperature:	Not determined	
Decomposition temperature: Auto igniting:	Not determined Not determined.	
Danger of explosion:	Not determined.	
Explosion limits: Lower:	Not determined	
Upper:	Not determined Not applicable.	
Vapor pressure: Density:	Not determined	
Relative density Vapor density	Not determined. Not applicable.	
Evaporation rate	Not applicable.	
Solubility in / Miscibility with _ Water at 20_°C (68 °F):	1000 g/l	
Partition coefficient (n-octanol/water). Viscosity:	Not determined.	
dynamic: kinematic:	Not applicable.	
Other information	Not applicable. No further relevant information available.	
10 Stability and reactivity		
Possibility of hazardous reactions Re Conditions to avoid No further relevant Incompatible materials: Air Oxidizing agents Water/moisture Hazardous decomposition products:	<b>o be avoided:</b> Decomposition will not occur if used and stored according to specifications. acts with strong oxidizing agents information available.	
Hydrogen chloride (HCl) Cerium oxide		
11 Toxicological information Information on toxicological effects Acute toxicity: The Registry of Toxic El LD/LC50 values that are relevant for o The following value/values refer to the a	fects of Chemical Substances (RTECS) contains acute toxicity data for this substance. Iassification: nbvdrous compound:	
Oral LD50 2111 mg/kg (rat)		
Skin irritation or corrosion: Causes sk Eye irritation or corrosion: Causes se Sensitization: No sensitizing effects kno Germ cell mutagenicity: No effects kno Carcinogenicity: EPA-I: Data are inade	rious eve irritation.	
Reproductive toxicity: No effects know		
	- repeated exposure: No effects known.	
	- single exposure: May cause respiratory irritation.	
Aspiration hazard: No effects known. Subacute to chronic toxicity: The Reg Additional toxicological information:	istry of Toxic Effects of Chemical Substances (RTECS) contains multiple dose toxicity data for this subs To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	stance.
12 Ecological information		
Results of PBT and vPvB assessment	er relevant information available. elevant information available. mation available. quantities to reach ground water, water course or sewage system.	
<b>PBT:</b> Not applicable. <b>vPvB:</b> Not applicable.

## Product name: Cerium(III) chloride heptahydrate

Other adverse effects No further relevant information available.

## 13 Disposal considerations

Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations. 14 Transport information UN-Number DOT, ADN, IMDG, IATA Not applicable UN proper shipping name DOT, ADR, ADN, IMDG, IATA Not applicable Transport hazard class(es) DOT, ADR, ADN, IMDG, IATA Class Not applicable Packing group DOT, ADR, IMDG, IATA Not applicable Environmental hazards: Not applicable. Not applicable. Special precautions for user Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. Transport/Additional information: DOT Marine Pollutant (DOT): No UN "Model Regulation": Not applicable

### 15 Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms

Signal word Warning

Hazard statements H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. 

 P261
 Avoid breathing dust/fume/gas/mist/vapors/spray

 P280
 Wear protective gloves / eye protection / face protection.

 P305+P351+P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

 P304+P340
 IF INHALED: Remove person to fresh air and keep comfortable for breathing.

 P405
 Store locked up.

 Precautionary statements Store locked up. P501 Dispose of contents/container in accordance with local/regional/national/international regulations. National regulations All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory. All components of this product are listed on the Canadian Domestic Substances List (DSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity, substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, come only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. Substance is not listed. National regulations Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

#### 16 Other information

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
