

Safety Data Sheet per OSHA HazCom 2012

Product name: Di-tert-butyltin dichloride

Identification number(s): EC number: 243-051-6

4 First-aid measures

Description of first aid measures

Description of first and measures General information Immediately remove any clothing soiled by the product. Remove breathing apparatus only after contaminated clothing has been completely removed. In case of irregular breathing or respiratory arrest provide artificial respiration. After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.

Seek immediate medical advice. **After skin contact** Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. **After eye contact** Rinse opened eye for several minutes under running water. Then consult a doctor. **After swallowing** Do not induce vomiting; immediately call for medical help.

Information for doctor

Most important symptoms and effects, both acute and delayed Causes severe skin burns.

Causes serious eve damage. Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media Suitable extinguishing agents CO2, sand, extinguishing powder. Do not use water. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation **Environmental precautions:** Do not allow material to be released to the environment without proper governmental permits. Environmental precautions: Do not allow material to be released to Methods and material for containment and cleaning up: Use neutralizing agent. Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Open and handle container with care. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Store away from water/moisture. Further information about storage conditions:

Store under dry inert gas. This product is moisture sensitive. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Protect from humidity and water. Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

Control parameters Components with limit values that require monitoring at the workplace:

Tin, organic compounds, as Sn ACGIH TLV mg/m3 ACGIH TLV 0.1; 0.2-STEL (skin) Not classifiable as a human carcinogen Austria MAK 0.1 (skin) Belgium TWA 0.1 (skin) Denmark TWA 0.1 (skin) Finland TWA 0.1; 0.3-STEL (skin) France VME 0.1 Germany MAK 0.1 (skin) (Contd. of page 1)

Product name: Di-tert-butyltin dichloride

	Control	<i></i>		2
1	(Contd.	01	page	۷,

Hungary 0.1-STEL (skin) Korea TLV 0.1; 0.2-STEL (skin) Norway TWA 0.1 Switzerland MAK-W 0.1; 0.2-KZG-W (skin) United Kingdom 0.1; 0.2-STEL (skin) USA PEL 0.1 Additional information : No data				
Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Store protective clothing separately. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use self-contained respiratory protective device in emergency situations. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection: Tightly sealed goggles Full face protection: Body protection: Body protection: Broated source work clothing.

9 Physical and chemical properties				
Information on basic physical and che General Information Appearance: Form:	mical properties Crystalline			
	White			
	Acrid Not determined.			
-	Not applicable.			
Boiling point/Boiling range:	42-43 °C (108-109 °F) 66 °C (151 °F) (3mm Hg) Not determined			
Flammability (solid, gaseous) Ignition temperature: Decomposition temperature:	> 110 °C (> 230 °F) Not determined. Not determined Not determined Not determined.			
	Product does not present an explosion hazard.			
Explosion limits: Lower:	Not determined			
Upper:	Not determined			
Vapor pressure: Density:	Not applicable. Not determined			
	Not determined.			
Vapor density	Not applicable.			
Evaporation rate Solubility in / Miscibility with	Not applicable.			
Water: Partition coefficient (n-octanol/water): Viscosity:	Reacts Not determined.			
dynamic:	Not applicable.			
kinematic:	Not applicable. No further relevant information available.			
10 Stability and reactivity Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with water forming hydrochloric acid (HCI) Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents Bases Bases				

Bases Water/moisture **Hazardous decomposition products:** Hydrogen chloride (HCl) Carbon monoxide and carbon dioxide Metal oxide fume

11 Toxicological information

Information on toxicological effects Acute toxicity: Fatal if inhaled. Toxic in contact with skin. Toxic if swallowed. Danger through skin absorption. Swallowing will lead to a strong corrosive effect on mouth and throat and to the danger of perforation of esophagus and stomach. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: Causes servere skin burns. Eye irritation or corrosion: Causes service effect.

(Contd. on page 4) USA

Product name: Di-tert-butyltin dichloride				
(Contd. of page 3) Germ cell mutagenicity: No effects known. Garcinogenicity: No effects known. Carcinogenicity: No effects known. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: Organic tin compounds are generally more toxic than inorganic tin. Exposure may result in brain and central nervous system swelling, muscle weakness, paralysis, respiratory failure, neurological disturbances, liver damage, urinary tract injury and blood injury. Excessive exposure may be fatal. Subacute to chronic toxicity: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.				
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Ecotoxical effects: Remark: Very toxic for aquatic organisms Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits. Do not allow product to reach ground water, water course or sewage system, even in small quantities. Danger to drinking water if even extremely small quantities leak into the ground. Also poisonous for fish and plankton in water bodies. Movid transfer into the environment. Very toxic for aquatic organisms Results of PBT and vPvB assessment PBT: Not applicable. VPVB: Not applicable. Other adverse effects No further relevant information available.				
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.				
14 Transport information				
UN-Number DOT, IMDG, IATA	UN2928			
UN proper shipping name DOT IMDG IATA	Toxic solids, corrosive, organic, n.o.s. (Di-tert-butyltin dichloride) TOXIC SOLID, CORROSIVE, ORGANIC, N.O.S. (Di-tert-butyltin dichloride), MARINE POLLUTANT TOXIC SOLID, CORROSIVE, ORGANIC, N.O.S. (Di-tert-butyltin dichloride)			
Transport hazard class(es) DOT Class Label Class	6.1 Toxic substances. 6.1+8 6.1 (TC2) Toxic substances			
Label IMDG Class Label	6.1 Toxic substances. 6.1+8			
Class Label	6.1 Toxic substances. 6.1+8			
Packing group DOT, IMDG, IATA	11			
Environmental hazards: Marine pollutant (IMDG):	Environmentally hazardous substance, solid; Marine Pollutant Symbol (fish and tree)			
Special precautions for user EMS Number:	Warning: Toxic substances F-A,S-B			
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.				
Transport/Additional information: DOT				
Marine Pollutant (DOT): Remarks:	No Special marking with the symbol (fish and tree).

15 Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms R GHS05 GHS06 Signal word Danger Hazard statements H301+H311 Toxic if swallowed or in contact with skin. H330 Fatal if inhaled. H314 Causes severe skin burns and eye damage. P280 Wear protective gloves/protective clothing/eye protection/face protection. P273 Avoid release to the environment. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P309 IF exposed or if you feel unwell: P310 Immediately call a POISON CENTER/doctor/... P501 Dispose of contents/container in accordance with local/regional/action. Dispose of contents/container in accordance with local/regional/national/international regulations.
 National regulations
 This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes.
 SARA Section 313 (specific toxic chemical listings) Substance is not listed.
 California Proposition 65
 Prop 65 - Chemicals known to cause cancer Substance is not listed.
 Prop 65 - Developmental toxicity, set Substance is not listed.
 Prop 65 - Developmental toxicity, male Substance is not listed.
 Prop 65 - Developmental toxicity, male Substance is not listed.
 Prop 65 - Developmental toxicity, male Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, male Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental toxicity, and Substance is not listed.
 Prop 65 - Developmental tox The conditions of restrictions according to Article of and Annex XVII of the Regulation (EC) is market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out. 16 Other information Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user. conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
