

Safety Data Sheet per OSHA HazCom 2012

1	l Identification Product identifier	
	Product name: (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid	
	Stock number: H62381 CAS Number: 198544-42-2 Pelevant identified uses of the substance or mixture and uses advised against	
	Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development	
	Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfa Aesar	
	Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street	
	Ward Hill, MA 01835-8099 Tel: 800-343-0660	
	Fax: 800-322-4757 Email: tech@alfa.com www.alfa.com	
	Information Department: Health, Safety and Environmental Department Emergency telephone number:	
	During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-	0789.
2	2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)	
	The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known.	
	Label elements GHS label elements Not applicable	
	Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable	
	WHMIS classification Not controlled	
	Classification system HMIS ratings (scale 0-4) (Hazardous Materials Identification System)	
	HEALTH I Health (acute effects) = 1 Fire I Flammability = 1	
	REACTIVITY Physical Hazard = 1	
	Other hazards Results of PBT and vPvB assessment PBT: Not construction	
	PBT: Not applicable. vPvB: Not applicable.	
3	3 Composition/information on ingredients Chemical characterization: Substances	
3		
	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid 4 First-aid measures	
	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation	
	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice.	
	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.	
	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor.	
4	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.	
4	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. There-fighting measures Extinguishing media	
4	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid <b>First-aid measures</b> Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After skin contact Immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. <b>5</b> Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire. the following can be released:	
4	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid <b>First-aid measures</b> Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. <b>5</b> Fire-fighting measures Extinguishing media Suitable extinguishing andelia Suitable extinguishing media Suitable extinguishing and in fire, the following can be released: Carbon monoxide and carbon dioxide	
4	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid I First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Settinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX) Advice for firefighters Protective equipment:	
4	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid <b>4 First-aid measures</b> <b>Description of first aid measures</b> <b>After inhalation</b> Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. <b>After skin contact</b> Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. <b>After swallowing</b> Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. <b>5 Fire-fighting measures</b> <b>Extinguishing media</b> <b>Suitable extinguishing agents</b> Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. <b>Special hazards arising from the substance or mixture</b> If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Notice in a force of firefighters	
4	Chemical characterization: Substances CAS# Description: 19854-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After skin allowing Seek medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After skin allowing Seek medical advice. After skinalowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Seeking states Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for interlighters Protective equipment: Wear self-contained reprirator. Wear fully protective impervious suit.	
4	Chemical characterization: Substances CAS# Description: 198544-42-2 (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid First-aid measures Description of first aid measures After rinhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After skin Mowing Seek medical freatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special reatment needed No further relevant information available. Indication of any immediate medical attention and special reatment needed No further relevant information available. Indication of any immediate medical attention and special reatment needed No further relevant information available. Indication of any immediate medical attentics or mixture If this product is involved in a fire, the fol	
4	Chemical characterization: Substances CAST Description: 198544-42-2 (R)-3 (Boc-amino)-2-(Fmoc-amino)propionic acid 1 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After sin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After synalowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate tredical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monxide and carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monxide and carbon dioxide, we are spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising trons, the collowing suit. 3 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate venitiation. Environmental precautions, Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Pick up mechanically.

4	Chemical characterization: Substances CAS# Description: 198544-422 (K)-3-(Boc-amino)-2-(Frace-amino)propionic acid First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate advice. After skin contact Immediately wash with water and scap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information of occorr Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon moxide and carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon moxide and carbon dioxide Nitrogen oxides (NOX) Advice for firefighters Protective equipment: Wear rolly protective impervious suit. Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventiliation Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Pick up mechanically. Prevention of secondary hazards: No special measures	(Contd. on page 2)

## Product name: (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid

(Contd. of page 1)

7 Handling and storage						
Handling						
<b>Precautions for safe handling</b> Keep container tightly sealed.						
Store in cool, dry place in tightly closed	pol, dry pláce in tightly closed containers.					
Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities						
Storage						
	ns and receptacles: No special requirements. nmon storage facility: Store away from oxidizing agents.					
Further information about storage conditions:						
Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.						
Specific end use(s) No further relevant information available.						
8 Exposure controls/personal prot						
Additional information about design Properly operating chemical fume hood	Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.					
Control parameters						
	ant quantities of materials with critical values that have to be monitored at the workplace.					
Additional information: No data						
Personal protective equipment						
General protective and hygienic mea The usual precautionary measures for h	andling chemicals should be followed.					
Keep away from foodstuffs, beverages Remove all soiled and contaminated clo	and feed.					
Wash hands before breaks and at the e	nd of work.					
Maintain an ergonomically appropriate Breathing equipment: Use suitable res	vorking environment. spirator when high concentrations are present.					
Protection of hands: Impervious gloves						
Check protective gloves prior to each us	se for their proper condition. / depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.					
The selection of suitable gloves not only <b>Penetration_time_of_glove material (in</b>	/ depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. minutes) Not determined					
Eye protection: Safety glasses						
Body protection: Protective work cloth	ing.					
9 Physical and chemical properties						
Information on basic physical and ch General Information	emical properties					
Appearance:						
Form: Odor:	Solid Not determined					
Odor threshold:	Not determined.					
pH-value:	Not applicable.					
Change in condition Melting point/Melting range:	Not determined					
Boiling point/Boiling range:	Not determined					
Sublimation temperature / start: Flammability (solid, gaseous)	Not determined Not determined.					
Ignition temperature: Decomposition temperature:	Not determined Not determined					
Auto igniting:	Not determined.					
Danger of explosion: Explosion limits:	Not determined.					
Lower:	Not determined					
Upper: Vapor pressure:	Not determined Not applicable.					
Density:	Not determined					
Relative density Vapor density	Not determined. Not applicable.					
Evaporation rate	Not applicable.					
Solubility in / Miscibility with Water:	Not determined					
Partition coefficient (n-octanol/water): Not determined. Viscosity:						
dynamic:	Not applicable.					
kinematic: Other information	Not applicable. No further relevant information available.					
10 Stability and reactivity						
Reactivity No information known. Chemical stability Stable under recom	mandad staraga conditions					

Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with strong oxidizing agents Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides

## Product name: (R)-3-(Boc-amino)-2-(Fmoc-amino)propionic acid

		(Contd. of page 2)		
11 Toxicological information				
Information on toxicological effects				
Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data				
Skin irritation or corrosion: May cause irritation				
Eye irritation or corrosion: May cause irritation				
Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known.				
Carcinogenicity: No classification data on carcinogenic properties of this main Reproductive toxicity: No effects known.	terial is available from the EPA, IARC, NTP, OSHA or ACGIH.			
Specific target organ system toxicity - repeated exposure: No effects know	wn.			
Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known.				
Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acut	a and chronic toxicity of this substance is not fully known			
12 Ecological information				
Toxicity Aquatic toxicity: No further relevant information available.				
Persistence and degradability No further relevant information available.				
Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available.				
Additional ecological information: General notes:				
Do not allow undiluted product or large quantities to reach ground water, wate	r course or sewage system.			
Avoid transfer into the environment. Results of PBT and vPvB assessment				
PBT: Not applicable.				
vPvB: Not applicable. Other adverse effects No further relevant information available.				
13 Disposal considerations				
Waste treatment methods Recommendation Consult state, local or national regulations to ensure prope	er disposal.			
Uncleaned packagings:				
<b>Recommendation:</b> Disposal must be made according to official regulations.				
14 Transport information				
UN-Number DOT, ADN, IMDG, IATA	Not applicable			
UN proper shipping name				
DOŤ, ÁDN, IMĎĠ, ĬATA	Not applicable			
Transport hazard class(es)				
DOT, ADR, ADN, IMDG, IATA Class	Not applicable			
Packing group DOT, IMDG, IATA	Natapplicable			
Environmental hazards:	Not applicable Not applicable.			
Special precautions for user	Not applicable.			
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Co				
Transport/Additional information:				
DOT				
Marine Pollutant (DOT):	No			
UN "Model Regulation":	•			
15 Regulatory information				
Safety, health and environmental regulations/legislation specific for the	substance or mixture			
GHS label elements Not applicable				
Hazard pictograms Not applicable Signal word Not applicable				
Hazard statements Not applicable				
National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic S to research and development only. This product must be used by or directly u	ubstances Control Act Chemical Substance Inventory. Use of this pro	duct is restricted		
to research and development only. This product must be used by or directly un product must not be used for commercial purposes or in formulations for comm	nder the supervision of a technically qualified individual as defined by in mercial purposes	SCA. This		
This product is not listed on the Canadian Domestic Substances List (DSL) or	the Canadian Non-Domestic Substances List (NDSL).			
SARA Section 313 (specific toxic chemical listings) Substance is not listed California Proposition 65	1.			
<b>Prop 65 - Chemicals known to cause cancer</b> Substance is not listed.				
Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed.				
Prop 65 - Developmental toxicity, male Substance is not listed.	lividuals			
Other regulations, limitations and prohibitive regulations				
Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on meters and use must be chorever.				
market and use must be observed.				
Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) S	ubstance is not listed.			
Annex XIV of the REACH Regulations (requiring Authorisation for use) S Chemical safety assessment: A Chemical Safety Assessment has not been	carried out.	USA
