

Safety Data Sheet per OSHA HazCom 2012

## Product name: 4-Hydroxy-3,5-dimethylbenzaldehyde (Contd. of page 1) Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. **Revention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. **Breathing equipment:** Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Powder Odor: Not determined Odor threshold: Not determined pH-value: Not applicable Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: 115-116 °C (239-241 °F) Not determined Not determined Flash point: Not applicable Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Not determined. Not determined Not determined

## 1-Hydroxy-3 5-dimethylbenzeldebyde Dr duct

Page 3/4 Printing date 11/23/2015 Reviewed on 04/25/2005

	Reviewed or	104/23/2003
Product name: 4-Hydroxy-3,5-dime	ethylbenzaldehyde	
		ntd. of page 2)
Auto igniting:	Not determined.	
Danger of explosion:	Product does not present an explosion hazard.	
Explosion limits: Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density:	Not applicable. Not determined	
Relative density	Not determined.	
Vapor density Evaporation rate	Not applicable. Not applicable.	
Solubility in / Miscibility with		
Water:	Not determined	
Partition coefficient (n-octanol/water) Viscosity:		
dynamic:	Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
10 Stability and reactivity		
Reactivity No information known.	mmanded storage conditions	
Thermal decomposition / conditions	mmended storage conditions. <b>s to be avoided:</b> Decomposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions N	No dangerous reactions known	
Conditions to avoid No further relevan Incompatible materials: Oxidizing age	Int information available. Jents	
Hazardous decomposition products:	gents s: Carbon monoxide and carbon dioxide	
11 Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known.		
LD/LC50 values that are relevant for	r classification: No data	
Skin irritation or corrosion: Causes s Eye irritation or corrosion: Causes se	serious eve irritation	I
Sensitization: No sensitizing effects ki	known. known. ta on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Germ cell mutagenicity: No effects kr Carcinogenicity: No classification dat	nown. ta on carcinogenic properties of this material is available from the EPA_IARC_NTP_OSHA or ACGIH	
Reproductive toxicity: No effects know	own.	
Specific target organ system toxicity	ty - repeated exposure: No effects known.	
Aspiration hazard: No effects known.	<b>ty - single exposure:</b> May cause respiratory irritation.	
Subacute to chronic toxicity: No effe	ects known.	
	n: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information		I
Toxicity		I
Aquatic toxicity: No further relevant in	nformation available.	I
Persistence and degradability No fun Bioaccumulative potential No further	/ther relevant information available.	I
Bioaccumulative potential No further Mobility in soil No further relevant info	ormation available.	
Additional ecological information: General notes:		
Do not allow material to be released to	o the environment without proper governmental permits.	
Do not allow undiluted product or large Avoid transfer into the environment.	e quantities to reach ground water, water course or sewage system.	
Results of PBT and vPvB assessmer	ent	
<b>PBT:</b> Not applicable.		
vPvB: Not applicable. Other adverse effects No further relev	vant information available.	
		<u> </u>
13 Disposal considerations		I
Waste treatment methods Recommendation Consult state local	al or national regulations to ensure proper disposal.	
Uncleaned packagings:		
Recommendation: Disposal must be n	made according to official regulations.	
14 Transport information		
Not a hazardous material for transporta	ation	
UN-Number		
DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	
Transport hazard class(es)		
DOT, ADR, IMDG, IATA		
Class	None	
Packing group DOT, IMDG, IATA	 	
	None	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
· · · · · · · · · · · · · · · · · · ·	ex II of MARPOL73/78 and the IBC Code Not applicable.	
Transport/Additional information:	Not dangerous according to the above specifications.	
	(Cor	ntd. on page 4)

(Contd. on page 4)

	(Contd. of page
DOT Marine Pollutant (DOT):	No
5 Regulatory information Safety, health and environmental regulatior GHS label elements The product is classified Hazard pictograms	ns/legislation specific for the substance or mixture I and labeled in accordance with 29 CFR 1910 (OSHA HCS)
GHS07	
National regulations All components of this product are listed in the All components of this product are listed on the SARA Section 313 (specific toxic chemical California Proposition 65 Prop 65 - Chemicals known to cause cance. Prop 65 - Developmental toxicity Substance Prop 65 - Developmental toxicity, female Sub Information about limitation of use: For use Other regulations, limitations and prohibitiv Substance of Very High Concern (SVHC) ac The conditions of restrictions according to market and use must be observed. Substance is not listed.	er Substance is not listed. e is not listed. ubstance is not listed. istance is not listed. e only by technically qualified individuals. e orgulations ccording to the REACH Regulations (EC) No. 1907/2006.
