

Safety Data Sheet per OSHA HazCom 2012

╞

PI

Produc	ct name: 3-(3,4,5-Trimethoxypl	nenyl)propionic acid				
Aft Aft	er swallowing Seek medical treatmen	several minutes under running water. Then consult a doctor. nt.	(Contd. of page 1)			
Infe	ormation for doctor	, both acute and delayed No further relevant information available. ttention and special treatment needed No further relevant information available.				
	e-fighting measures tinguishing media					
Su Spo If th Ca Ad Pro	itable extinguishing agents Carbon of ecial hazards arising from the subs his product is involved in a fire, the foll rbon monoxide and carbon dioxide vice for firefighters otective equipment:	dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. tance or mixture owing can be released:				
We We	ear self-contained respirator. ear fully protective impervious suit.					
Per We Ens En Me	cidental release measures rsonal precautions, protective equip ar protective equipment. Keep unprofe sure adequate ventilation vironmental precautions: Do not allo thods and material for containment svention of secondary hazards: No s	ected persons away. The environment without proper governmental permits. and cleaning up: Ensure adequate ventilation.				
Rei See See	e Section 7 for information on safe har e Section 7 for information on safe har e Section 8 for information on persona e Section 13 for disposal information.	ndling				
	ndling and storage ndling					
Pre Kee Sto En: Infe	ecautions for safe handling ep container tightly sealed. re in cool, dry place in tightly closed c sure good ventilation at the workplace. ormation about protection against e	xplosions and fires: No information known.				
Sto Re	nditions for safe storage, including prage quirements to be met by storeroom	s and receptacles: No special requirements.				
Ful Kee Sto	ormation about storage in one comin rther information about storage con ep container tightly sealed. ore in cool, dry conditions in well seale ecific end use(s) No further relevant i	d containers.				
	posure controls/personal prote					
Co	ntrol parameters	f technical systems: lesigned for hazardous chemicals and having an average face velocity of at least 100 feet per minute.				
Ad	ditional information: No data	uire monitoring at the workplace: Not required.				
Pei Ge The	posure controls rsonal protective equipment neral protective and hygienic meas e usual precautionary measures for ha eo away from foodstuffs, beverages a	ndling chemicals should be followed.				
Wa Avo	ep away from foodstuffs, beverages an move all soiled and contaminated clott ish hands before breaks and at the en oid contact with the eyes and skin.	d of work.				
Ma Bre Pro	Intain an ergonomically appropriate we eathing equipment: Use suitable resp ofection of hands: pervious gloves	orking environment. birator when high concentrations are present.				
Chi The Pei Ev e	eck protective gloves prior to each use	depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. ninutes) Not determined				
9 Ph	9 Physical and chemical properties					
Ge Ap	ormation on basic physical and che neral Information pearance: orm:	mical properties Crystalline powder				
C Od	Color: lor:	White Not determined				
		Not determined. Not applicable.				
N B	ange in condition felting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	102-106 °C (216-223 °F) 235 °C (455 °F) Not determined				
Fla	mmability (solid, gaseous)	Not applicable Not determined. Not determined				
	-		(Contd. on page 3)			

(Contd. on page 3)

Product name: 3-(3,4,5-Trimethoxyphenyl)propionic acid

			(Contd. of page 2
Decomposition temperature: Auto igniting:	Not determined Not determined.		
Danger of explosion:	Product does not present an explos	ion hazard.	
Explosion limits: Lower:	Not determined		
Upper:	Not determined		
Vapor pressure: Density:	Not applicable. Not determined		
Relative density	Not determined.		
Vapor density Evaporation rate	Not applicable. Not applicable.		
Solubility in / Miscibility with			
Water: Partition coefficient (n-octanol/wat	Insoluble (ar): Not determined.		
Viscosity:	,		
dynamic: kinematic:	Not applicable. Not applicable.		
Other information	No further relevant information avail	lable.	
10 Stability and reactivity			
Reactivity No information known. Chemical stability Stable under reco	mmended storage conditions.	t occur if used and stored according to specifications.	
Possibility of hazardous reactions	No dangerous reactions known	a occur il used and stored according to specifications.	
Conditions to avoid No further relev Incompatible materials: Oxidizing a	ant information available. aents		
Hazardous decomposition product	s: Carbon monoxide and carbon dioxide	9	
11 Toxicological information			
Information on toxicological effect	;		
Acute toxicity: No effects known. LD/LC50 values that are relevant for	r classification: No data		
Skin irritation or corrosion: Causes	skin irritation.		
Eye irritation or corrosion: Causes Sensitization: No sensitizing effects	serious eye irritation. known		
Germ cell mutagenicity: No effects	(nown.		
Carcinogenicity: No classification da Reproductive toxicity: No effects kr	ta on carcinogenic properties of this ma	aterial is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Specific target organ system toxic			
	ty - repeated exposure: No effects kno	own.	
Specific target organ system toxic	ty - repeated exposure: No effects kno ty - single exposure: May cause respire	wn. ratory irritation.	
Specific target organ system toxic Aspiration hazard: No effects known Subacute to chronic toxicity: No ef	ty - single exposure: May cause respir ects known.	ratory irritation.	
Specific target organ system toxic Aspiration hazard: No effects known Subacute to chronic toxicity: No ef	ty - single exposure: May cause respir ects known.	wn. ratory irritation. te and chronic toxicity of this substance is not fully known.	
Specific target organ system toxic Aspiration hazard: No effects known Subacute to chronic toxicity: No ef Additional toxicological informatio	ty - single exposure: May cause respir ects known.	ratory irritation.	
Specific target organ system toxic Aspiration hazard: No effects known Subacute to chronic toxicity: No eff Additional toxicological informatio 12 Ecological information Toxicity	fy - single exposure: May cause respine ects known. 1: To the best of our knowledge the acu	ratory irritation.
