

Safety Data Sheet per OSHA HazCom 2012

(Contd. on page 2)

Product name: n-Propyltriethoxysilane

(Contd. of page 1)

	(contar of page 1)
4 First-aid measures	
Description of first aid measures After inhalation	
Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
After skin contact Immediately wash with water and soap and rinse thoroughly.	
Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor.	
After swallowing Seek medical treatment. Information for doctor	
Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.	
5 Fire-fighting measures	
Extinguishing media Suitable extinguishing agents Use carbon dioxide, extinguishing powder or foam. Water may be ineffective but may be used for cooling expose Special hazards arising from the substance or mixture	ed containers.
If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Silicon oxide Advice for firefighters	
Protective equipment: Wear self-contained respirator.	
Wear fully protective impervious suit.	
6 Accidental release measures	
Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.	
Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits.	
Methods and material for containment and cleaning up: Keep away from ignition sources.	
Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Ensure adequate ventilation. Prevention of secondary hazards: No special measures required.	
Reference to other sections	
See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.	
7 Handling and storage	
Handling Precautions for safe handling	
Handle under dry protective gas. Keep container tightly sealed.	
Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace.	
Information about protection against explosions and fires: Keep ignition sources away. Conditions for safe storage, including any incompatibilities	
Storage	
Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from ovidizing agents	
Store away from oxidizing agents. Store away from water/moisture. Further information about storage conditions:	
Store under dry inert gas. This product is moisture sensitive.	
Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.	
Protect from humidity and water. Specific end use(s) No further relevant information available.	
8 Exposure controls/personal protection	
Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.	
Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data	
Exposure controls Personal protective equipment General protective and hygienic measures The new discount reserves for bandling chemicals should be followed	
The usual precautionary measures for handling chemicals should be followed.	
Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work.	
Wash hands before breaks and at the end of work. Do not inhale gases / fumes / aerosols. Avoid contact with the eyes and skin.	
Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present.	
Protection of hands:	
Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Fue protection: Safety classes	
Body protection: Protective work clothing.	USA (Contd. on page 3)

9 Physical and chemical propertie	25	
Information on basic physical and c		
General Information		
Appearance: Form:	Liquid	
Color:	Colorless	
Odor:	Not determined	
Odor threshold:	Not determined.	
pH-value:	Not determined.	
Change in condition		
Melting point/Melting range:	Not determined 179-180 °C (354-356 °F)	
Boiling point/Boiling range: Sublimation temperature / start:	Not determined	
Flash point:	57 °C (135 °F)	
Flammability (solid, gaseous)	Not determinéd.	
Ignition temperature:	Not determined	
Decomposition temperature: Auto igniting:	Not determined Not determined.	
	Product does not present an explosion hazard.	
Danger of explosion: Explosion limits:		
Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density at 20 °C (68 °F):	Not determined 0.8916 g/cm³ (7.44 lbs/gal)	
Relative density	0.8916 g/cm³ (7.44 lbs/gal) Not determined.	
Vapor density Evaporation rate	Not determined. Not determined.	
Solubility in / Miscibility with		
Water:	Not miscible or difficult to mix	
Partition coefficient (n-octanol/water	r): Not determined.	
Viscosity: dynamic:	Not determined.	
kinematic:	Not determined.	
Other information	No further relevant information available.	
Incompatible materials: Oxidizing agents Water/moisture Hazardous decomposition products Carbon monoxide and carbon dioxide Silicon oxide		
11 Toxicological information Information on toxicological effects		
Acute toxicity: No effects known. LD/LC50 values that are relevant for Skin irritation or corrosion: Causes s Eye irritation or corrosion: Causes s Sensitization: No sensitizing effects k Germ cell mutagenicity: No effects kno Carcinogenicity: No classification dat Reproductive toxicity: No effects kno Specific target organ system toxicity Specific target organ system toxicity Aspiration hazard: No effects known. Subacute to chronic toxicity: No effe Subacute to chronic toxicity:	r classification: No data skin irritation. nown. nown. a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. wn. y - repeated exposure: No effects known. y - single exposure: May cause respiratory irritation.	
12 Ecological information Toxicity Aquatic toxicity: No further relevant in	nformation available.	
Persistence and degradability No fur Bioaccumulative potential No further Mobility in soil No further relevant info Additional ecological information: General notes:	rther relevant information available. r relevant information available. ormation available. o the environment without proper governmental permits. n t	
13 Disposal considerations		
Waste treatment methods Recommendation Consult state, local	l or national regulations to ensure proper disposal.	
		(Contd. on page 4

(Contd. on page 4) USA

Product name: n-Propyltriethoxysilane

(Contd. of page 3)

Uncleaned packagings:

Uncleaned packagings: Recommendation: Disposal must be made according to	o official regulations.
14 Transport information	
UN-Number DOT, IMDG, IATA	UN1993
UN proper shipping name DOT IMDG, IATA	Flammable liquids, n.o.s. (n-Propyltriethoxysilane) FLAMMABLE LIQUID, N.O.S. (n-Propyltriethoxysilane)
Transport hazard class(es) DOT	
Class Label Class Label IMDG, IATA	3 Flammable liquids. 3 3 (F1) Flammable liquids 3
Class Label	3 Flammable liquids. 3
Packing group DOT, IMDG, IATA	111
Environmental hazards:	Not applicable.
Special precautions for user	Warning: Flammable liquids
Transport in bulk according to Annex II of MARPOL7	73/78 and the IBC Code Not applicable.
Transport/Additional information:	
DOT	
Marine Pollutant (DOT):	No
UN "Model Regulation":	UN1993, Flammable liquids, n.o.s. (n-Propyltriethoxysilane), 3, III
15 Regulatory information Safety, health and environmental regulations/legislat GHS label elements The product is classified and labele Hazard pictograms GHS02 GHS07	tion specific for the substance or mixture ed in accordance with 29 CFR 1910 (OSHA HCS)
National regulations	ater for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. ironmental Protection Agency Toxic Substances Control Act Chemical substance Inventory. In Non-Domestic Substances List (NDSL).

All components of this product are listed on the Canadian Non-Domestic Substances List (NDSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16 Other information Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.

Conformance with this Material Safety Data Sneet, or in combination with any other product or process, is the responsibility of the use **Department issuing SDS:** Global Marketing Department **Date of preparation** / last revision 11/23/2015 / - **Abbreviations and acronyms:** ADR: Accord europeen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road) IMDG: International Maritime Code for Dangerous Goods by Road) DOT: US Department of Transport Association EINECS: European Inventory of Existing Commercial Chemical Substances EAS: Chemical Abstracts Service (division of the American Chemical Society) HMIS: Hazardous Materials Identification System (USA)
