

Safety Data Sheet per OSHA HazCom 2012

Product name: 3-Bromophenylhydrazine hydrochloride

(Contd. of page 1)

Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor

Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen bromide (HBr) Hydrogen chloride (HCI) Advice for firefighters Protective equipment: **Protective equipment:** Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures

Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation

Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. **Prevention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

Handling Precautions for safe handling

Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known.

Conditions for safe storage, including any incompatibilities

Storage

Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents.

Further information about storage conditions:

Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters

Components with limit values that require monitoring at the workplace: Not required. Additional information: No data

Exposure controls

Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all solled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avaid context with the owner and difference of work.

Avoid contact with the eyes and skin.

Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present.

Protection of hands:

Impervious gloves

The selection of suitable gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eye protection: Safety glasses Body protection: Protective work clothing.

9 Physical and chemical properties

s r nysical and chemical properties		
Information on basic physical and ch General Information Appearance:		
Form:	Powder	
Color:	Light brown	
Odor:	Odorless	
Odor threshold:	Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	225 °C (437 °F) (dec) Not determined Not determined	
Flash point:	Not applicable	

(Contd. on page 3)

Product name: 3-Bromophenylhydrazine hydrochloride

roduct name: 3-Bromophenylhydra	zine hydrochloride	
		(Contd. of page 2)
Flammability (solid, gaseous) Ignition temperature:	Not determined. Not determined	
Decomposition temperature:	Not determined	
Auto igniting:	Not determined.	
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.	
Lower: Upper:	Not determined Not determined	
Vapor pressure:	Not applicable.	
Density: Relative density	Not determined Not determined.	
Vapor density	Not applicable.	
Evaporation rate Solubility in / Miscibility with	Not applicable.	
Water:	Soluble	
Partition coefficient (n-octanol/water): Viscosity:	Not determined.	
dynamic:	Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
0 Stability and reactivity		
Reactivity No information known. Chemical stability Stable under recomm	nended storage conditions.	
Thermal decomposition / conditions to Possibility of hazardous reactions No	o be avoided: Decomposition will not occur if used and stored according to specifications.	
Conditions to avoid No further relevant	t information available.	
Incompatible materials: Oxidizing agen Hazardous decomposition products:	its	
Carbon monoxide and carbon dioxide		
Nitrogen oxides Hydrogen bromide		
Hydrogen chloride (HCl)		
1 Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known. LD/LC50 values that are relevant for cl	lassification: No data	
Skin irritation or corrosion: Causes ski	in irritation.	
Eye irritation or corrosion: Causes ser		
Sensitization: No sensitizing effects kno Germ cell mutagenicity: No effects kno	JWN. JWN.	
Carcinogenicity: No classification data of	on carcinogenic properties of this material is available from the EPA. IARC. NTP. OSHA or ACGIH.	
Reproductive toxicity: No effects known Specific target organ system toxicity -	n. - repeated exposure: No effects known.	
Specific target organ system toxicity -	- single exposure: May cause respiratory irritation.	
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effect.	ts known.	
Additional toxicological information: 7	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
2 Ecological information		
Toxicity Aquatic toxicity: No further relevant info	ormation available	
Persistence and degradability No furth	ner relevant information available.	
Bioaccumulative potential No further re Mobility in soil No further relevant inform	elevant information available.	
Additional ecological information:	nalion available.	
General notes:	he environment without proper governmental permits.	
Do not allow undiluted product or large of	juantities to reach ground water, water course or sewage system.	
Avoid transfer into the environment. Results of PBT and vPvB assessment	4	
PBT: Not applicable.		
vPvB: Not applicable. Other adverse effects No further releval	Int information available.	
3 Disposal considerations		
Waste treatment methods		
Recommendation Consult state, local of	or national regulations to ensure proper disposal.	
Uncleaned packagings: Recommendation: Disposal must be ma		
Recommended cleansing agent: Water	r, if necessary with cleansing agents.	
4 Transport information		
Not a hazardous material for transportation	on.	
UN-Number DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	
Transport hazard class(es)		
DOT, ADR, IMDG, IATA Class	None	
Packing group DOT, IMDG, IATA
