

Safety Data Sheet per OSHA HazCom 2012

	None	weu 0/1 00/20/2013		
Product name: N-(4-Oxocyclohexyl)	)acetamide			
		(Contd. of page 1)		
Information for doctor Most important symptoms and effect	ts, both acute and delayed No further relevant information available.			
Indication of any immediate medical	attention and special treatment needed No further relevant information available.			
5 Fire-fighting measures Extinguishing media				
Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:				
Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters				
<b>Protective equipment:</b> Wear self-contained respirator. Wear fully protective impervious suit.				
6 Accidental release measures	inment and emergency procedures			
Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation				
Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required.				
<b>Reference to other sections</b> See Section 7 for information on safe h				
See Section 8 for information on person See Section 13 for disposal information	nal protection equipment.			
7 Handling and storage				
Handling Precautions for safe handling Keep container tightly sealed.				
Store in cool, dry place in tightly closed Ensure good ventilation at the workplac	containers. e. t <b>explosions and fires:</b> No information known.			
Conditions for safe storage, includin	•			
Requirements to be met by storeroo	Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions:			
Keep container tightly sealed.	Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.			
Specific end use(s) No further relevan				
	8 Exposure controls/personal protection Additional information about design of technical systems:			
Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.				
Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data				
Exposure controls Personal protective equipment	Exposure controls			
General protective and hygienic measures				
The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately.				
Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin.				
Maintain an ergonomically appropriate	working environment. spirator when high concentrations are present.			
Recommended filter device for short	term use:	otormino if air-		
Protection of hands:	r PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to de only use equipment tested and approved under appropriate government standards.			
Impervious gloves Check protective gloves prior to each u	se for their proper condition.			
Eve protection of suitable gloves not onl Eve protection: Safety glasses Body protection: Protective work cloth	y depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. ning.			
9 Physical and chemical properties				
Information on basic physical and cl General Information Appearance:	nemical properties			
Form:	Solid			
Color: Odor:	Off-white Not determined			
Odor threshold:	Not determined.			
pH-value: Change in condition	Not applicable.			
Melting point/Melting range:	136-140 °C (277-284 °F)			
Boiling point/Boiling range: _Sublimation temperature / start:	Not determined Not determined			
Flammability (solid, gaseous) Ignition temperature:	Not determined. Not determined

## Product name: N-(4-Oxocyclohexyl)acetamide

Page 3/4 Printing date 11/24/2015 Reviewed on 08/26/2015

Product name: N-(4-Oxocyclohexy	i)acetamide	
		(Contd. of page 2)
Decomposition temperature: Auto igniting:	Not determined Not determined.	
Danger of explosion:	Not determined.	
Explosion limits: Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density:	Not applicable. Not determined	
Relative density Vapor density	Not determined. Not applicable.	
Evaporation rate	Not applicable.	
Solubility in / Miscibility with Water:	Not determined	
Partition coefficient (n-octanol/wate		
Viscosity: dynamic:	Not applicable.	
kinematic: Other information	Not aˈpplicable. No further relevant information available.	
10 Stability and reactivity Reactivity No information known. Chemical stability Stable under recom Thermal decomposition / conditions Possibility of hazardous reactions R Conditions to avoid No further releva Incompatible materials: Oxidizing ag Hazardous decomposition products Carbon monoxide and carbon dioxide Nitrogen oxides	<b>s to be avoided:</b> Decomposition will not occur if used and stored according to specifications. Reacts with strong oxidizing agents ant information available. ents	
Reproductive toxicity: No effects kno Specific target organ system toxicity Specific target organ system toxicity Aspiration hazard: No effects known.	r classification: No data skin irritation. serious eye irritation. nown. a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. own. <b>y - repeated exposure:</b> No effects known. <b>y - single exposure:</b> May cause respiratory irritation.	
12 Ecological information Toxicity Aquatic toxicity: No further relevant in Persistence and degradability No fur Bioaccumulative potential No further Mobility in soil No further relevant information: General notes: Do not allow undiluted product or large Avoid transfer into the environment. Results of PBT and vPvB assessme PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant	rther relevant information available. r relevant information available. ormation available. e quantities to reach ground water, water course or sewage system. ent	
13 Disposal considerations		
Waste treatment methods Recommendation Consult state, local Uncleaned packagings: Recommendation: Disposal must be	l or national regulations to ensure proper disposal. made according to official regulations.	
14 Transport information		
UN-Number DOT, ADN, IMDG, IATA	Not applicable	
UN proper shipping name DOT, ADN, IMDG, IATA	Not applicable	
Transport hazard class(es)		
DOT, ADR, ADN, IMDG, IATA	····	
Class	Not applicable	
Packing group DOT, IMDG, IATA	Not applicable	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
• •	ex II of MARPOL73/78 and the IBC Code Not applicable.
