

Safety Data Sheet per OSHA HazCom 2012

Product name: 4-Chlorothieno[3,2-c]pyridine

(Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Sulfur oxides (SOx) Hydrogen chloride (HCl) Advice for firefighters **Protective equipment:** Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid context with the everage and exin Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. **Breathing equipment:** Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Crystalline powder Color: Pale yellow Not determined Odor: Odor threshold: Not determined. Not applicable. pH-value: Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: 97-100 °C (207-212 °F) Not determined Not determined Flash point: Not applicable Flammability (solid, gaseous) Ignition temperature: Not determined Not determined (Contd. on page 3)

Product name: 4-Chlorothieno[3,2-c]pyridine

Product name: 4-Chlorothieno[3,2-c]	oyriaine

	Not determined Not determined.	
Auto igniting: Danger of explosion: Explosion limits: Lower: Upper: Vapor pressure: Density: Relative density Vapor density Evaporation rate Solubility in / Miscibility with Water: Partition coefficient (n-octanol/water): Viscosity: dynamic: kinematic: Other information 10 Stability and reactivity Reactivity No information known. Chemical stability Stable under recommon Thermal decomposition / conditions to	Not determined. Product does not present an explosion hazard. Not determined Not determined Not applicable. Not applicable. Insoluble Not determined. Not applicable. Insoluble Not determined. Not applicable. Not applicable. Not applicable. Not applicable. No further relevant information available. ended storage conditions. be avoided: Decomposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions No of Conditions to avoid No further relevant Incompatible materials: Oxidizing agent Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides Sulfur oxides (SOx) Hydrogen chloride (HCI)	information available.	
Reproductive foxicity: No effects known Specific target organ system toxicity - Specific target organ system toxicity - Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects	n irritation. ous eye irritation. wn. n carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. n. repeated exposure: No effects known. single exposure: May cause respiratory irritation.	
12 Ecological information Toxicity Aquatic toxicity: No further relevant info Persistence and degradability No further Bioaccumulative potential No further re Mobility in soil No further relevant inform Additional ecological information: General notes: Do not allow material to be released to the Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevan	er relevant information available. levant information available. nation available. e environment without proper governmental permits.	
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or Uncleaned packagings: Recommendation: Disposal must be ma	national regulations to ensure proper disposal. de according to official regulations.	
14 Transport information Not a hazardous material for transportation	n.	
UN-Number DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	
Transport hazard class(es) DOT, ADR, IMDG, IATA Class	None	
Packing group DOT, IMDG, IATA		
DOT, IMDG, IATA Environmental hazards:	None Not applicable.	
Special precautions for user	Not applicable.

roduct name: 4-Chlorothieno[3,2-c]pyridine			
	(Contd. of page 3		
Transport in bulk according to Annex II of MARPOL73/7			
Transport/Additional information:	Not dangerous according to the above specifications.		
DOT Marine Pollutant (DOT):	No		
Regulatory information Safety, health and environmental regulations/legislation GHS label elements The product is classified and labeled in Hazard pictograms	a specific for the substance or mixture n accordance with 29 CFR 1910 (OSHA HCS)		
GHS07			
P405 Store locked up. P501 Dispose of contents/container in accorda National regulations This product is not listed in the U.S. Environmental Protectic to research and development only. This product must be used for commercial purposes or in forr SARA Section 313 (specific toxic chemical listings) Substance is Prop 65 - Chemicals known to cause cancer Prop 65 - Developmental toxicity, female Substance is not Prop 65 - Developmental toxicity, male Substance is not	g/eye protection/face protection. for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. r and keep comfortable for breathing. Ince with local/regional/national/international regulations. On Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted ed by or directly under the supervision of a technically qualified individual as defined by TSCA. This mulations for commercial purposes. stance is not listed. s not listed.		
Information about limitation of use: For use only by techn Other regulations, limitations and prohibitive regulation Substance of Very High Concern (SVHC) according to th The conditions of restrictions according to Article 67 an market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authori	nically qualified individuals. s he REACH Regulations (EC) No. 1907/2006. Substance is not listed. Id Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on th isation for use) Substance is not listed.		
Chemical safety assessment: A Chemical Safety Assessn	nent has not béen carried out.		
information to ensure proper use and protect the health and conformance with this Material Safety Data Sheet, or in com	t to other information gathered by them, and should make independent judgement of suitability of this safety of employees. This information is furnished without warranty, and any use of the product not in abination with any other product or process, is the responsibility of the user.
