

Safety Data Sheet acc. to OSHA HCS

(Contd. of page 1)

Product name: 2,2,3,3,3-Pentafluoropropyl methacrylate

Concentration: ≤100% Identification number(s): EC number: 256-191-8

4 First-aid measures

Description of first aid measures After inhalation

Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.

After skin contact Immediately wash with water and soap and rinse thoroughly.

After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor

Most important symptoms and effects, both acute and delayed Causes skin irritation.

Causes serious eye irritation. May cause respiratory irritation.

Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture Danger of containers bursting upon heating. If this product is involved in a fire, the following can be released:

Carbon monoxide and carbon dioxide Hydrogen fluoride (HF) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Keep away from ignition sources Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Ensure adequate ventilation. Prevention of secondary hazards: Keep away from ignition sources Prevention of secondary hazards: Keep away from ignition sources. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

Handling Handling Precautions for safe handling Keep container tightly sealed. Ensure good ventilation at the workplace. Information about protection against explosions and fires: Protect against electrostatic charges. Furnes can combine with air to form an explosive mixture. Keep ingition sources away Keep ignition sources away. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: Refrigerate Information about storage in one common storage facility: Store in the dark. Store in the dark. Protect from heat. Store away from oxidizing agents. **Further information about storage conditions:** Keep container tightly sealed. Protect from exposure to light. Refrigerate

Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters

Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data

Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present.

Product name: 2,2,3,3,3-Pentafluoropropyl methacrylate

(Contd. of page 2)

Contd. of page Use a respirator with multi-purpose combination (US) or type ABEK (EN 14387) as a backup to engineering controls. Risk assessment should be performed to determine if air-purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards such as NIOSH (USA) or CEN (EU). Protection of hands:

Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eye protection: Safety glasses Body protection: Protective work clothing.

9 Physical and chemical properties

Information on basic physical and chemical properties General Information		
Appearance:	Linuid	
Form: Odor:	Liquid Pungent	
Odor threshold:	Not determined.	
pH-value:	Not determined.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined 54-55 °C (129-131 °F) (100mm) Not determined	
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	29 °C (84 °F) Not determined. Not determined Not determined.	
Danger of explosion:	Product is not explosive. However, formation of explosive air/vapor mixtures is possible.	
Explosion limits:		
Lower:	Not determined	
Upper:	Not determined	
Vapor pressure:	Not determined	
Density at 20 °C (68 °F):	1.279 g/cm³ (10.673 lbs/gal) Not determined.	
Relative density Vapor density	Not determined.	
Evaporation rate	Not determined.	
Solubility in / Miscibility with	Not determined.	
Water:	Not miscible or difficult to mix	
Partition coefficient (n-octanol/water)		
Viscosity:		
dynamic:	Not determined.	
kinematic:	Not determined.	
Other information	No further relevant information available.	

10 Stability and reactivity

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Danger of containers bursting upon heating. Stable until: Depletion of inhibitor. **Possibility of hazardous reactions** Reacts with strong oxidizing agents Danger of polymerization **Conditions to avoid** No further relevant information available. Incompatible materials: Oxidizing agents Heat Light Ultraviolet radiation Free radical initiators Hazardous decomposition products: Carbon monoxide and carbon dioxide Hvdrogen fluoride Additional information: Unless inhibited, the product can polymerize resulting in a temperature and pressure increase that may rupture the container.

11 Toxicological information

Information on toxicological information Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: Causes skin irritation. Eye irritation or corrosion: Causes skin irritation. Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Garcinogenicity: No effects known. Carcinogenicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - repeated exposure: May cause respiratory irritation. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Subacute to chronic toxicity: No effects known. Carcinogenic categories Carcinogenic categories OSHA-Ca (Occupational Safety & Health Administration) Substance is not listed.

12 Ecological information

Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available.

Safety Data Sheet

		ale 01/17/2017
Product name: 2,2,3,3,3-Pentafluoropropyl methacrylate		
Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.	(C	Contd. of page 3)
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper d Uncleaned packagings:	lisposal.	
Recommendation: Disposal must be made according to official regulations.		
14 Transport information UN-Number		
DOT, IMDG, IATA	UN3272	
UN proper shipping name DOT IMDG, IATA	Esters, n.o.s. (2,2,3,3,3-Pentafluoropropyl methacrylate) ESTERS, N.O.S. (2,2,3,3,3-Pentafluoropropyl methacrylate)	
Transport hazard class(es) DOT		
Class Label Class Label IMDG, IATA	3 Flammable liquids. 3 3 (F1) Flammable liquids 3	
Class Label	3 Flammable liquids. 3	
Packing group DOT, IMDG, IATA	III	
Environmental hazards:	Not applicable.	
Special precautions for user EMS Number:	Warning: Flammable liquids F-E,S-D	
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Transport/Additional information:	Not applicable.	
DOT Marine Pollutant (DOT):	No	
UN "Model Regulation":	UN3272, Esters, n.o.s. (2,2,3,3,3-Pentafluoropropyl methacrylate), 3,	III
15 Regulatory information Safety, health and environmental regulations/legislation specific for the sub GHS label elements The product is classified and labeled in accordance with 29 Hazard pictograms GHS02 GHS07 Signal word Warning Hazard statements	bstance or mixture) CFR 1910 (OSHA HCS)	
H226 Flammable liquid and vapour. H315 Causes skin irritation. H315 Causes skin irritation. H316 Causes respiratory irritation. H326 May cause respiratory irritation. Precautionary statements P210 Keep away from heat/sparks/open flames/hot surfaces No s P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eye protection/face P240 Ground/bond container and receiving equipment. P303+P361+P353 IF ON SKIN (or hair): Remove/Take off immediately all contar. P304+P340 IF INHALED: Remove victim to fresh air and keep at rest in a P362 Take off contaminated clothing and wash before reuse. P405 Store locked up. P501 Dispose of contents/container in accordance with local/region National regulations All components of this product are listed in the U.S. Environmental Protection Ag All components of this product are listed on the Canadian Non-Domestic Substar SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Development	e protection. ninated clothing. Rinse skin with water/shower. Remove contact lenses, if present and easy to do. Continue rinsing. position comfortable for breathing. al/national/international regulations. nency Toxic Substances Control Act Chemical substance Inventory. nees List (NDSL).	(1

USA

Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16 Other information

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user. Conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
