

Safety Data Sheet per OSHA HazCom 2012

Product name: 2-Bromo			
Product name 2-Rromo	nhonvih	vdrazino hi	Varochiorida
	Difcityili		y ui ocilioliuc

(Contd. of page 1)

	(Conta. of page 1)			
4 First-aid measures				
Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.				
After skin contact Immediately wash with water and soap and rinse thoroughly.				
Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor.				
After swallowing Seek medical tréatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.				
5 Fire-fighting measures				
Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:				
Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen bromide (HBr) Hydrogen chloride (HCl) Advice for firefighters Protective equipment: Wear self-contained respirator.				
Wear fully protective impervious suit.				
6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.				
Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up:				
Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation. Prevention of secondary hazards: No special measures required.				
Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.				
7 Handling and storage				
Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace.				
Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities				
Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions:				
Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available.				
8 Exposure controls/personal protection Additional information about design of technical systems:				
Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required.				
Additional information: No data Exposure controls				
Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed.				
Keep away from foodsfuffs, beverages and feĕd. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin.				
Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands:				
Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eve protection: Safety glasses				
Body protection: Protective work clothing.				
9 Physical and chemical properties Information on basic physical and chemical properties				
General Information Annual Annua				
Form: Powder Color: Off-white	(Contd. on page 3)			
	USA USA			

Product name: 2-Bromophenylhydrazine hydrochloride

Page 3/4 Printing date 11/24/2015 Reviewed on 01/18/2007

		(Contd. of page 2			
Odor: Odor threshold:	Odorless Not determined.				
pH-value:	Not applicable.				
Change in condition					
Melting point/Melting range:	<u>188 °C (</u> 370 °F) (dec)				
Boiling point/Boiling range: Sublimation temperature / start:	Not determined Not determined				
Flash point:	Not applicable				
Flammability (solid, gaseous)	Not determined.				
Ignition temperature: Decomposition temperature:	Not determined Not determined				
Auto igniting:	Not determined.				
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.				
Lower:	Not determined				
Upper: Vapor pressure:	Not determined Not applicable.				
Density:	Not determined				
Relative density Vapor density	Not determined. Not applicable.				
Evaporation rate	Not applicable.				
Solubility in / Miscibility with Water:	Soluble				
Partition coefficient (n-octanol/water):	Not determined.				
Viscosity: dynamic:	Not applicable.				
kinematic: Other information	Not applicable. No further relevant information available.				
10 Stability and reactivity					
Reactivity No information known.					
Chemical stability Stable under recomn	nended storage conditions. o be avoided: Decomposition will not occur if used and stored according to specifications.				
Possibility of hazardous reactions No	dangerous reactions known				
Conditions to avoid No further relevant Incompatible materials: Oxidizing agen	information available.				
Hazardous decomposition products:	15				
Carbon monoxide and carbon dioxide					
Hydrogen bromide					
Hydroğen chloride (HCl)					
1 Toxicological information					
Information on toxicological effects					
Acute toxicity: Toxic if swallowed.	less the design of the second s				
LD/LC50 values that are relevant for c Skin irritation or corrosion: Causes ski	in irritation.				
Eye irritation or corrosion: Causes ser	ious eye irritation.				
Sensitization: No sensitizing effects kno Germ cell mutagenicity: No effects kno	WN. WN				
Carcinogenicity: No classification data	on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.				
Reproductive toxicity: No effects known Specific target organ system toxicity -	n. • repeated exposure: No effects known.				
Specific target organ system toxicity -	single exposure: May cause respiratory irritation.				
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effect	ts known.				
Additional toxicological information: 7	ts known. To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.				
2 Ecological information					
Toxicity					
Aquatic toxicity: No further relevant info	ormation available.				
Persistence and degradability No further r	er relevant information available.				
Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available.					
Additional ecological information: General notes:					
Do not allow material to be released to the	ne environment without proper governmental permits.				
	uantities to reach ground water, water course or sewage system.				
Avoid transfer into the environment. Results of PBT and vPvB assessment					
PBT: Not applicable. vPvB: Not applicable.					
Other adverse effects No further releva	nt information available.				
3 Disposal considerations					
Waste treatment methods					
Recommendation Consult state, local or national regulations to ensure proper disposal.					
Uncleaned packagings: Recommendation: Disposal must be ma	ade according to official regulations.				
Recommended cleansing agent: Wate	r, if necessary with cleansing agents.				
A Transport information					
4 Transport information Not a hazardous material for transportation					

Not a hazardous material for transportation.

(Contd. on page 4)

Product name: 2-Bromophenylhydrazine hydrochloride

	(Contd. of page 3)		
UN-Number DOT, IMDG, IATA	None		
UN proper shipping name DOT, IMDG, IATA	None		
Transport hazard class(es)			
DOT, ADR, IMDG, IATA Class	None		
Packing group DOT, IMDG, IATA	None		
Environmental hazards:	Not applicable.		
Special precautions for user	Not applicable.		
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.			
Transport/Additional information:	Not dangerous according to the above specifications.		
DOT Marine Pollutant (DOT):	No		

15 Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms

Signal word Danger Hazard statements

H301 Toxic if swallowed.

H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation.

P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eye protection/face protection. P301+P310 IF SWALLOWED: Immediately call a POISON CENTER/ doctor/... P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P405 Store locked up. P501 Dispose of contract/container in several with the time.

Dispose of contents/container in accordance with local/regional/national/international regulations.

National regulations

This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65

California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. market and use must be observed.

Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16 Other information

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.

conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
