

Safety Data Sheet per OSHA HazCom 2012

1 Identification Product identifier Product name: 2-Nitro-p-phenylenediamine Stock number: B23477 CAS Number: 5307-14-2 EC number: 226-164-5 Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. Inerrito Fisher Scheman C. 30 Bond Street Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-322-4757 Email: tech @alfa.com www.alfa.com Information Department: Health, Safety and Environmental Department Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789. 2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) GHS08 Health hazard Muta. 2 H341 Suspected of causing genetic defects. Carc. 2 H351 Suspected of causing cancer. Hazards not otherwise classified No information known. Label elements GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms GHS08 Signal word Warning Hazard statements H341 Suspected of causing genetic defects. H351 Suspected of causing cancer. Precautionary statements

 P281
 Use personal protective equipment as required.

 P201
 Obtain special instructions before use.

 P202
 Do not handle until all safety precautions have been read and understood.

 P308+P313 IF exposed or concerned: Get medical advice/attention.

 P405 Store locked up. P501 Dispose of contents/container in accordance with local/regional/national/international regulations. WHMIS classification D2B - Toxic material causing other toxic effects Classification system HMIS ratings (scale 0-4) (Hazardous Materials Identification System) Health (acute effects) = 1Flammability = 1Physical Hazard = 1 Other hazards Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 5307-14-2 2-Nitro-p-phenylenediamine Identification number(s): EC number: 226-164-5 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. (Contd. on page 2)

Product name: 2-Nitro-p-phenylenediamine

roduct name: 2-Nitro-p-phenylenediamine		
After swallowing Seek medical treatme Information for doctor Most important symptoms and effects Indication of any immediate medical a	nt. 5 , both acute and delayed No further relevant information available. Ittention and special treatment needed No further relevant information available.	(Contd. of page 1)
5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon Special hazards arising from the subs If this product is involved in a fire, the foll Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.	dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. t ance or mixture lowing can be released:	
6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Dispose of contaminated material as waste according to section 13. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 13 for information.		
7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available.		
Control parameters Components with limit values that req Additional information: No data Exposure controls Personal protective equipment General protective equipment General protective and hygienic meas The usual precautionary measures for ha Keep away from foodstuffs, beverages a Remove all soiled and contaminated clot Wash hands before breaks and at the er Maintain an ergonomically appropriate w Breathing equipment: Use suitable resp Protection of hands: Impervious gloves	of technical systems: designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Huire monitoring at the workplace: Not required. Huires andling chemicals should be followed. Ind feed. Hing immediately. Hol of work. Forking environment. Dirator when high concentrations are present. He for their proper condition. depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.	
9 Physical and chemical properties		
Information on basic physical and che General Information Appearance: Form: Color: Odor: Odor threshold:		
pH-value:	Not determined. Not applicable.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not applicable. 134-137 °C (273-279 °F) Not determined Not determined	
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not applicable Not determined. Not determined Not determined Not determined.	(Contd. on page 3)
		USA USA

Product name: 2-Nitro-p-phenylenediamine

Page 3/4 Printing date 11/23/2015 Reviewed on 08/04/2005

Product name: 2-Nitro-p-phenylene		
Danger of explosion:	Product does not present an explosion hazard.	(Contd. of page 2)
Danger of explosion: Explosion limits:		
Lower: Upper:	Not determined Not determined	
Vapor pressure:	Not applicable.	
Density: Relative density	Not determined Not determined.	
Vapor density	Not applicable.	
Evaporation rate Solubility in / Miscibility with	Not applicable.	
Water at 20 °C (68 °F): Partition coefficient (n-octanol/wate	1.8 g/l	
VISCOSITY:		
dynamic: kinematic:	Not applicable. Not applicable.	
Other information	No further relevant information available.	
10 Stability and reactivity Reactivity No information known. Chemical stability Stable under recor Thermal decomposition / conditions Possibility of hazardous reactions N Conditions to avoid No further releva Incompatible materials: Oxidizing ag Hazardous decomposition products Carbon monoxide and carbon dioxide Nitrogen oxides	ents	
11 Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known. LD/LC50 values that are relevant for		
Skin irritation or corrosion: Mav cau	se irritation	
Eye irritation or corrosion: May caus Sensitization: No sensitizing effects k Germ cell mutagenicity: Suspected of	se irritation	
Germ cell mutagenicity: Suspected of	of causing genetic defects.	
Carcinogenicity: Suspected of causing cancer. IARC-3: Not classifiable as to carcinog		
IARC-3: Not classifiable as to carcinog	ienicity to humans.	
Specific target organ system toxicit	wn. • - repeated exposure: No effects known.	
Specific target organ system toxicit	y - single exposure: No effects known.	
Other information (about experimen	tal toxicology):	
Other information (about experimen Tumorigenic effects have been observ Reproductive effects have been obser	ed on tests with laboratory animals.	
Mutagenic effects have been observed	d on tests with bacteria.	
Mutagenic effects have been observed Mutagenic effects have been observed	d with human hela cells. d on tests with human lymphocytes.	
Mutagenic effects have been observed Mutagenic effects have been observed Mutagenic effects have been observed Mutagenic effects have been observed	on tests with laboratory animals.	
	ical Substances (RTECS) reports the following effects in laboratory animals: as in urine composition.	
Kidney, Uréter, Bladder - other change Liver - tumors.	es in urine composition.	
Reproductive - Effects on Embryo or F	etus - fetotoxicity (except death, e.g., stunted fetus). I Abnormalities - craniofacial (including nose and tongue).	
Reproductive - Specific Developmenta	l Abnormalities - cardiovascular (circulatory) system.	
Reproductive - Specific Developmenta	I Abnormalities - musculoskeletal system.	
Reproductive - Specific Developmenta	tion mortality (e.g. dead/or resorbed implants per total number of implants). I Abnormalities - eye/ear.	
Tumorigenic - neoplastic by RTECS cr Tumorigenic - equivocal tumorigenic a	gent by RTECS criteria.	
Additional toxicological information	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information		
Toxicity Aquatic toxicity: No further relevant in	nformation available	
Persistence and degradability No fu	rther relevant information available.	
Bioaccumulative potential No further Mobility in soil No further relevant inf	r relevant information available. ormation available.	
Additional ecological information:		
General notes: Do not allow material to be released to	the environment without proper governmental permits.	
Do not allow undiluted product or large Avoid transfer into the environment	e quantities to reach ground water, water course or sewage system.	
Results of PBT and vPvB assessme	nt	
PBT: Not applicable. vPvB: Not applicable.		
Other adverse effects No further rele	vant information available.	
13 Disposal considerations		
Waste treatment methods	l or national regulations to ensure proper disposal.	
Uncleaned packagings:		
Recommendation: Disposal must be	made according to official regulations.	USA -
		(Contd. on page 4

Product name: 2-Nitro-p-phenylenediamine

14 Transport information Not a hazardous material for transportation.		
UN-Number DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	
Transport hazard class(es)		
DOT, ADR, IMDG, IATA Class	None	
Packing group DOT, IMDG, IATA	None	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.		
Transport/Additional information:	Not dangerous according to the above specifications.	
DOT Marine Pollutant (DOT):	No	
15 Regulatory information		

Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms

Signal word Warning Hazard statements

 Hazard statements

 H341 Suspected of causing genetic defects.

 H351 Suspected of causing cancer.

 Precautionary statements

 P281
 Use personal protective equipment as required.

 P201
 Obtain special instructions before use.

 P202
 Do not handle until all safety precautions have been read and understood.

 P308+P313 IF exposed or concerned: Get medical advice/attention.

P405

Store locked up. Dispose of contents/container in accordance with local/regional/national/international regulations. P501

National regulations National regulations All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory. All components of this product are listed on the Canadian Domestic Substances List (DSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity, Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, substa

Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use survey the characteristics. market and use must be observed. Substance is not listed

Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16 Other information

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
