

Safety Data Sheet per OSHA HazCom 2012

Product name: 5-Bromo-2-methoxynicotinic acid (Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen bromide (HBr) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves The selection of suitable gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Penetration time of glove material (in minutes) Not determined Eye protection: Safety glasses Body protection: Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Powder Color: White Odor: Not determined Odor threshold: Not determined pH-value: Not applicable. Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: Not determined Not determined Not determined Flash point: Not applicable Flammability (solid, gaseous) Not determined Ignition temperature: Decomposition temperature: Not determined Not determined (Contd. on page 3)

Product name: 5-Bromo-2-methoxynicotinic acid

Page 3/4 Printing date 11/24/2015 Reviewed on 10/23/2006

Product name: 5-Bromo-2-methoxy		(0. 11 t	
Auto impiting.	Not determined	(Contd. of page 2)	
Auto igniting:	Not determined. Product does not present an explosion bezard		
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.		
Lower: Upper:	Not determined		
Upper: Vapor pressure:	Not determined Not applicable.		
Density:	Not determined		
Relative density Vapor density	Not determined. Not applicable.		
Evaporation rate	Not applicable.		
Solubility in / Miscibility with Water:	Not determined		
Partition coefficient (n-octanol/water	r): Not determined.		
Viscosity: dynamic:			
kinematic:	Not applicable. Not applicable.		
Other information	No further relevant information available.		
10 Stability and reactivity			
10 Stability and reactivity			
Reactivity No information known. Chemical stability Stable under recommended storage conditions.			
Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications.			
Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available.			
Incompatible materials: Oxidizing age	ents		
Hazardous decomposition products: Carbon monoxide and carbon dioxide	:		
Nitrogen oxides			
Hydrogen bromide			
11 Toxicological information			
Information on toxicological effects			
Acute toxicity: No effects known.			
LD/LC50 values that are relevant for			
Skin irritation or corrosion: Causes s Eye irritation or corrosion: Causes se	serious eye irritation.	1	
Sensitization No sensitizing effects ki		1	
Germ cell mutagenicity: No effects kr	nown. nown. ta on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.		
Reproductive toxicity: No effects kno	DWD_		
Specific target organ system toxicity	y - single exposure: No effects known. y - single exposure: May cause respiratory irritation.		
Specific target organ system toxicity Aspiration hazard: No effects known.	y - single exposure: May cause respiratory irritation.		
Subacute to chronic toxicity: No effe	ects known.		
Additional toxicological information:	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.		
12 Ecological information			
Toxicity		1	
Aquatic toxicity: No further relevant in	nformation available.	1	
Persistence and degradability No fur Bioaccumulative potential No further	ther relevant information available.	1	
Mobility in soil No further relevant info	ormation available.		
Mobility in soil No further relevant info Additional ecological information:		1	
General notes: Do not allow material to be released to	the environment without proper governmental permits.		
Do not allow undiluted product or large	Do not allow undiluted product or large quantities to reach ground water, water course or sewage system.		
Avoid transfer into the environment. Results of PBT and vPvB assessme	Avoid transfer into the environment.		
PBT: Not applicable.	11		
vPvB: Not applicable. Other adverse effects No further relev	vant information available		
13 Disposal considerations			
Waste treatment methods	· · ·		
Recommendation Consult state, local Uncleaned packagings:	l or national regulations to ensure proper disposal.	1	
Recommendation: Disposal must be r	made according to official regulations.		
14 Transport information Not a hazardous material for transporta	ation		
UN-Number	1001.		
DOT, IMDG, IATA	None		
UN proper shipping name			
DOT, IMDG, IÁTA	None		
Transport hazard class(es)			
DOT, ADR, IMDG, IATA Class	None		
Packing group	140116		
DOT, IMDG, IATA	None		
Environmental hazards:	Not applicable.		
Special precautions for user	Not applicable.		
	ex II of MARPOL73/78 and the IBC Code Not applicable.		
		(Contd. on page 4)
