

Safety Data Sheet per OSHA HazCom 2012

Product name: 3-Aminopyridine-4-carboxaldehyde (Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Store away from air Further information about storage conditions: Store under dry inert gas. This product is air sensitive. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. **Breathing equipment:** Use suitable respirator when high concentrations are present. **Protection of hands:** Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Prenetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Powder Odor: Not determined Odor threshold: Not determined Not applicable. pH-value: Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: Not determined Not determined Not determined Flash point: Not applicable

Product name: 3-Aminopyridine-4-ca	arboxaldehyde		
		(Contd. of page 2)	
Flammability (solid, gaseous) Ignition temperature:	Not determined. Not determined		
Decomposition temperature: Auto igniting:	Not determined Not determined		
Danger of explosion:	Product does not present an explosion hazard.		
Explosion limits: Lower:	Not determined		
Upper:	Not determined		
Vapor pressure: Density:	Not applicable. Not determined		
Relative density Vapor density	Not determined. Not applicable.		
Evaporation rate Solubility in / Miscibility with	Not applicable.		
Water: Partition coefficient (n-octanol/water):	Not determined		
Viscosity:			
dynamic: kinematic:	Not applicable. Not applicable.		
Other information	No further relevant information available.		
10 Stability and reactivity			
Reactivity No information known.	and a distance and the second statement		
Chemical stability Stable under recomm Thermal decomposition / conditions to	to be avoided: Decomposition will not occur if used and stored according to specifications.		
Possibility of hazardous reactions No Conditions to avoid No further relevant	i dangerous reactions known t information available.		
Incompatible materials: Oxidizing agents			
Air Hazardous decomposition products:			
Carbon monoxide and carbon dioxide Nitrogen oxides			
11 Toxicological information Information on toxicological effects			
Acute toxicity: No effects known.			
LD/LC50 values that are relevant for c Skin irritation or corrosion: Causes sk	kin irritation.		
Eye irritation or corrosion: Causes ser Sensitization: No sensitizing effects kno	rious eye irritation.		
Germ cell mutagenicity: No effects kno	own.		
Carcinogenicity: No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. Reproductive toxicity: No effects known.			
Specific target organ system toxicity -	 repeated exposure: No effects known. single exposure: May cause respiratory irritation. 		
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effect	sts known.		
Additional toxicological information:	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.		
12 Ecological information			
Toxicity Aquatic toxicity: No further relevant info	Toxicity Aquatic toxicity: No further relevant information available.		
Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available.			
Mobility in soil No further relevant infor	mation available.		
Additional ecological information: General notes:			
Do not allow undiluted product or large o	the environment without proper governmental permits. quantities to reach ground water, water course or sewage system.		
Avoid transfer into the environment. Results of PBT and vPvB assessment	Avoid transfer into the environment		
PBT: Not applicable.			
Other adverse effects No further releva	ant information available.		
13 Disposal considerations			
Waste treatment methods			
Uncleaned packagings:	or national regulations to ensure proper disposal.		
Recommendation: Disposal must be ma			
14 Transport information Not a hazardous material for transportati	tion.		
UN-Number DOT, IMDG, IATA	None		
UN proper shipping name DOT, IMDG, IATA			
Transport hazard class(es)			
DOT, ADR, IMDG, IATA Class	None		
Packing group DOT, IMDG, IATA	None		
		(Contd. on page 4)	
		USA	

Г

Product name: 3-Aminopyridine-4-carboxaldehyde			
	(Contd. of page 3)		
Environmental hazards:	Not applicable.		
Special precautions for user	Not applicable.		
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.			
Transport/Additional information:	Not dangerous according to the above specifications.		
DOT Marine Pollutant (DOT):	No		
 15 Regulatory information Safety, health and environmental regulations/legislation GHS label elements The product is classified and labeled in Hazard pictograms GHS07 Signal word Warning Hazard statements H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. H335 May cause respiratory irritation. P261 Avoid breathing dust/fume/gas/mist/vapu P280 Wear protective gloves/protective clothin P305+P351+P338 IF IN EYES: Rinse cautiously with water P305+P351+P338 IF IN EYES: Rinse cautiously with water P304+P340 IF INHALED: Remove person to fresh at P405 Store locked up. P501 Dispose of contents/container in accords National regulations This product is not listed in the U.S. Environmental Protecti to research and development only. This product must be use product must not be used for commercial purposes or in for SARA Section 313 (specific toxic chemical listings) Sub California Proposition 65 Prop 65 - Developmental toxicity, male Substance is not listed.
