

Safety Data Sheet per OSHA HazCom 2012

| Réviev  | ved on 12/05/2008         |
|---|---------------------------|
| 1 Identification  |                           |
| Product identifier  |                           |
| Product name: 2-Amino-5-chlorothiazole hydrochloride  |                           |
| Stock number: L05707<br>CAS Number:   |                           |
| 55506-37-1<br><b>EC number:</b>   |                           |
| 259-680-4<br>Relevant identified uses of the substance or mixture and uses advised against.   |                           |
| Identified use: SU24 Scientific research and development  |                           |
| Details of the supplier of the safety data sheet<br>Manufacturer/Supplier:  |                           |
| Alfa Aesar<br>Thermo Fisher Scientific Chemicals, Inc.  |                           |
| 30 Bond Street  |                           |
| Ward Hill, MA 01835-8099<br>Tel: 800-343-0660<br>Fax: 800-322-4757  |                           |
| Email: tech@alfa.com<br>www.alfa.com  |                           |
| Information Department: Health, Safety and Environmental Department   |                           |
| Emergency telephone number:<br>During normal hours the Health, Safety and Environmental Department at 858-716-2400. After normal hours call Chemtrec at (800) 424-9300.<br>During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0 |                           |
| During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-   | 0789.                     |
| 2 Hazard(s) identification  |                           |
| Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)  |                           |
| GHS06 Skull and crossbones  |                           |
| Acute Tox. 3 H301 Toxic if swallowed.   |                           |
| Hazards not otherwise classified No information known.  |                           |
| GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS)<br>Hazard pictograms   |                           |
|   |                           |
|   |                           |
| GHS06   |                           |
| Signal word Danger<br>Hazard statements   |                           |
| H301 Toxic if swallowed.  Precautionary statements  |                           |
| P264 Wash thoroughly after handling.<br>P270 Do not eat, drink or smoke when using this product.  |                           |
| P301+P310 IF SWALLOWED: Immediately call a POISON CENTER/ doctor/<br>P321 Specific treatment (see on this label).   |                           |
| P405 Store locked up.<br>P501 Dispose of contents/container in accordance with local/regional/national/international regulations.   |                           |
| WHMIS classification<br>D1B - Toxic material causing immediate and serious toxic effects  |                           |
|   |                           |
|   |                           |
| Classification system   |                           |
| HMIS ratings (scale 0-4)<br>(Hazardous Materials Identification System)   |                           |
| HEALTH     Health (acute effects) = 1       FIRE     Flammability = 1   |                           |
| FIRE       I         REACTIVITY       Physical Hazard = 1   |                           |
| Other hazards<br>Results of PBT and vPvB assessment   |                           |
| PBT: Not applicable.  |                           |
| vPvB: Not applicable.   |                           |

| Sulfur oxides (SOx)   |   |                    |
| 11 Toxicological information  |   |                    |
| Information on toxicological effects  |   |                    |
| Acute toxicity: Toxic if swallowed.   | 5   |                    |
| LD/LC50 values that are relevant for  |   |                    |
| Skin irritation or corrosion: May ca  | use irritation  |                    |
| Eye irritation or corrosion: May cau<br>Sensitization: No sensitizing effects | ise irritation<br>known   |                    |
| Germ cell mutagenicity: No effects  | known.  |                    |
| Carcinogenicity: No classification da   | ata on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.                                  |                    |
| Reproductive toxicity: No effects kn  | 10WN.   |                    |
| Specific target organ system toxici   | <b>ity - repeated exposure:</b> No effects known.<br><b>ity - single exposure:</b> No effects known.                                  |                    |
| Aspiration hazard: No effects knowr   | n.  |                    |
| Subacute to chronic toxicity: No eff  | ffects known.   |                    |
| Additional toxicological informatio   | <b>n</b> : To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.                          |                    |
| 12 Ecological information   |   |                    |
| Toxicity  |   |                    |
| Aquatic toxicity: No further relevant   | t information available.  |                    |
| Persistence and degradability No fu   | further relevant information available.   |                    |
| Bioaccumulative potential No furthe   | er relevant information available.  |                    |
| Mobility in soil No further relevant in<br>Additional ecological information: | itormation available.   |                    |
| General notes   |   |                    |
| Do not allow material to be released t  | to the environment without proper governmental permits.<br>ge quantities to reach ground water, water course or sewage system.        |                    |
| Do not allow undiluted product or larg  | je quantities to reach ground water, water course or sewage system.   |                    |
| Results of PBT and vPvB assessm   | ient  |                    |
| PBT: Not applicable.  |   |                    |
| vPvB: Not applicable.<br>Other adverse effects No further rele                | lovant information available  |                    |
| Other adverse enects no further rea   |   |                    |
| 13 Disposal considerations  |   |                    |
| Waste treatment methods   |   |                    |
| Recommendation Consult state, loca  | al or national regulations to ensure proper disposal.   |                    |
| Uncleaned packagings:   |   |                    |
| Recommended cleansing agent: W  | e made according to official regulations.<br>/ater, if necessary with cleansing agents.   |                    |
|   | an, in nooccary min oranoing agone.   |                    |
| 14 Transport information  |   |                    |
| Not a hazardous material for transpor   | rtation.  |                    |
