

Safety Data Sheet per OSHA HazCom 2012

## Product name: 2-Chloro-4-hydroxybenzaldehyde (Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen chloride (HCI) Advice for fireficture Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from air. Store away from oxidizing agents. Further information about storage conditions: Store under dry inert gas. This product is air sensitive. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data Exposure controls Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Color: Solid Yellow to pale brown Not determined Odor: Odor threshold: Not determined pH-value: Not applicable. Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: 145-147 °C (293-297 °F) Not determined Not determined

## Product name: 2-Chloro-4-hvdroxvbenzaldehvde

Product name: 2-Chloro-4-hydroxyb	enzaldehyde		
			(Contd. of page 2)
Flammability (solid, gaseous) Ignition temperature:	Not determined. Not determined		
Decomposition temperature:	Not determined		
Auto igniting: Danger of explosion:	Not determined. Not determined.		
Explosion limits:			
Lower: Upper:	Not determined Not determined		
Vapor pressure:	Not applicable. Not determined		
Density: Relative density Voner density	Not determined.		
Vapor density Evaporation rate	Not applicable. Not applicable.		
Solubility in / Miscibility with Water:	Not determined		
Partition coefficient (n-octanol/water)			
Viscosity: dynamic:	Not applicable.		
kinematic: Other information	Not applicable. No further relevant i	information available.	
10 Stability and reactivity			
Reactivity No information known. Chemical stability Stable under recomi	mended storage cond	litions	
Thermal decomposition / conditions t	to be avoided: Decor	mposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions Reacts with strong oxidizing agents Conditions to avoid No further relevant information available.			
Incompatible materials: Air			
An Oxidizing agents Hazardous decomposition products:			
Carbon monoxide and carbon dioxide			
Hydrogen chloride (HCl)			
11 Toxicological information			
Information on toxicological effects Acute toxicity: No effects known.			I
LD/LC50 values that are relevant for c		ta	1
Skin irritation or corrosion: Causes sk Eye irritation or corrosion: Causes se	kin irritation.		I
Sensitization: No sensitizing effects kno	own.		
Germ cell mutagenicity: No effects kno Carcinogenicity: No classification data	own. on carcinogenic prop	perties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	1
Reproductive toxicity: No effects know Specific target organ system toxicity	/n.		
Specific target organ system toxicity	- single exposure: M	lay cause respiratory irritation.	I
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effec	ts known.		
Additional toxicological information:	To the best of our kno	owledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information			
Toxicity			
Aquatic toxicity: No further relevant info Persistence and degradability No furth	her relevant informatio	on available.	1
Bioaccumulative potential No further r Mobility in soil No further relevant infor	elevant information a	vailable.	I
Additional ecological information:	Mation availabie.		1
General notes: Do not allow material to be released to t	he environment witho	ut proper governmental permits.	1
Do not allow undiluted product or large of Avoid transfer into the environment	quantities to reach gro	bund water, water course or sewage system.	
Results of PBT and vPvB assessment	t		1
PBT: Not applicable. vPvB: Not applicable.			I
Other adverse effects No further releva	ant information availat	ble	
13 Disposal considerations			
Waste treatment methods	time tradulations	· · · · · · · · · · · · · · · · · · ·	
Recommendation Consult state, local o Uncleaned packagings:	0		
Recommendation: Disposal must be m	ade according to otto	vial regulations.	
14 Transport information			
UN-Number DOT, ADN, IMDG, IATA		Not applicable	
UN proper shipping name			
DOT, ADN, IMDG, ĬATA		Not applicable	
Transport hazard class(es)			
DOT, ADR, ADN, IMDG, IATA Class		Not applicable	
Packing group DOT, IMDG, IATA			
DOT, IMDG, IATA Environmental hazards:		Not applicable Not applicable.	
Environmental hazards: Special precautions for user		Not applicable. Not applicable.
