

1 Identification Product identifier Product name: 4'-(4-Bromophenyl)acetophenone Stock number: L13798 CAS Number: 5731-01-1 EC number: 227-236-9 Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. Inerrito Fisher Scheman C. 30 Bond Street Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-322-4757 Email: tech @alfa.com www.alfa.com Information Department: Health, Safety and Environmental Department Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789. 2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known. I abel elements GHS label elements Not applicable Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable WHMIS classification Not controlled Classification system HMIS ratings (scale 0-4) (Hazardous Materials Identification System) Health (acute effects) = 1 Flammability = 1 Physical Hazard = 1 Other hazards Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 5731-01-14'-(4-Bromophenyl)acetophenone Identification number(s): EC number: 227-236-9 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Tarbon monoxide and carbon dioxide Hydrogen bromide (HBr) Advice for firefighters **Protective equipment:** Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Pick up mechanically. (Contd. on page 2) USA

Product name: 4'-(4-Bromophenyl)acetophenone			
		(Contd. of page 1)	
Prevention of secondary hazards: No special measures required. Reference to other sections		(******	
See Section 7 for information on safe h	See Section 7 for information on safe handling See Section 8 for information on personal protection equipment.		
See Section 13 for disposal information	i.		
7 Handling and storage			
Handling Processions for sets bandling			
Precautions for safe handling Keep container tightly sealed.			
Store in cool, dry place in tightly closed Information about protection against	containers. • explosions and fires: No information known.		
Conditions for safe storage, includin	g any incompatibilities		
	ms and receptacles: No special requirements.		
Further information about storage co	nmon storage facility: Store away from oxidizing agents. onditions:		
Keep container tightly sealed. Store in cool, dry conditions in well seal			
Specific end use(s) No further relevan	t information available.		
8 Exposure controls/personal prot	tection		
Additional information about design	of technical systems: I designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.		
Control parameters	accigned to nazarabao onomicalo ana naving an average race velocity of at least 100 reet pel fillilate.		
Components with limit values that re Additional information: No data	quire monitoring at the workplace: Not required.		
Exposure controls			
Personal protective equipment General protective and hygienic mea	sures		
The usual precautionary measures for I Keep away from foodstuffs, beverages	handling chemicals should be followed. and feed.		
Remove all soiled and contaminated clo Wash hands before breaks and at the e	othing immediately.		
Maintain an ergonomically appropriate	working environment.		
Protection of hands:	spirator when high concentrations are present.		
Impervious gloves Check protective gloves prior to each u	se for their proper condition.		
The selection of suitable gloves not onl Penetration time of glove material (in	v depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.		
Eye protection: Safety glasses Body protection: Protective work cloth			
9 Physical and chemical properties Information on basic physical and ch			
General Information			
Appearance: Form:	Solid		
Color: Odor:	White Not determined		
Odor threshold:	Not determined.		
pH-value: Change in condition	Not applicable.		
Melting point/Melting range:	125-127 °C (257-261 °F)		
Boiling point/Boiling range: Sublimation temperature / start:	Not determined Not determined		
Flash point:	Not applicable Not determined.		
Flammability (solid, gaseous) Ignition temperature:	Not determined		
Decomposition temperature: Auto igniting:	Not determined Not determined.		
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.		
Lower:	Not determined		
Upper: Vapor pressure:	Not determined Not applicable.		
Density: Relative density	Not determined Not determined.		
Vapor density Evaporation rate	Not applicable. Not applicable.		
Solubility in / Miscibility with			
Water: Insoluble Partition coefficient (n-octanol/water): Not determined. Viscosity:			
dynamic: kinematic:	Not applicable. Not applicable.		
Other information	No further relevant information available.		
10 Stability and reactivity			

10 Stability and reactivity

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents

Product name: 4'-(4-Bromophenyl)acetophenone (************************************	I
Hazardous decomposition products: Carbon movels and calbon double Hydrogen transition 11 Toxicological Information Information on toxicological effects Acute toxicity: No effects known. LDLCS9 values that are relevant for classification: No data Explicit integratical: No sensitizing effects known. Cern cell mutagenicity: No effects known. Sensitization: No sensitizing effects known. Sensitization: No sensitizing effects known. Sensitization: No sensitizing effects known. Sensitization: No sensitizing effects known. 2 Fer infraiton or corrosion: No data Eve infraiton: No sensitizing effects known. Sensitization: No sensitizing effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - sepset exposure: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. 12 Ecological Information Toxicity Construction No unther relevant information available. Bioaccumulative potential No Unther relevant information available. Mobility in sol No Unther relevant information available. Mobility in sol No Unther relevant information available. Ont allow material to be released to the environment without proper governmental permits. Areal target fields in the information. Dont allow material for transportation.	
Information on toxicological effects Acute toxicity: No effects known. LDL CSU values that are relevant for classification: No data Stin firitation or correspondences to the classification in the c	Contd. of page 2)
Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits. Avoid transfer into the environment. Results of PBT and VPVB assessment PBT: Not applicable. Other adverse effects No further relevant information available. 13 Disposal considerations Waste treatment methods Recommendation: Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations. 14 Transport information Not a hazardous material for transportation.
