

Safety Data Sheet per OSHA HazCom 2012

## Product name: (1R,2R)-Bis(4-methoxyphenyl)-1,2-ethanediamine

	xyphenyi)-1,2-eulaneulainine		
Information for doctor Most important symptoms and effects Indication of any immediate medical a	<b>s, both acute and delayed</b> No further relevant information available. <b>attention and special treatment needed</b> No further relevant information available.	(Contd. of page 1)	
5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon Special hazards arising from the subs If this product is involved in a fire, the fol Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.	n dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. stance or mixture llowing can be released:		
6 Accidental release measures Personal precautions, protective equi Wear protective equipment. Keep unproi Ensure adequate ventilation Environmental precautions: Do not all Methods and material for containmen Prevention of secondary hazards: No Reference to other sections See Section 7 for information on safe ha See Section 8 for information on persona See Section 13 for disposal information.	otected persons away. Iow material to be released to the environment without proper governmental permits. I <b>t and cleaning up:</b> Ensure adequate ventilation. I special measures required. andling		
Conditions for safe storage, including Storage Requirements to be met by storeroom Information about storage in one com Store away from oxidizing agents. Store away from air. Further information about storage con Store under dry inert gas. This product is air sensitive. Keep container tightly sealed. Store in cool. dry conditions in well seale	explosions and fires: No information known. g any incompatibilities ns and receptacles: No special requirements. nmon storage facility: nditions: ed containers		
Specific end use(s) No further relevant information available.  8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective end hygine measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all solied and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Penetration time of glove material (in minutes) Not determined Exposure. Protection: Protective work clothing.			
9 Physical and chemical properties Information on basic physical and che General Information Appearance: Form: Color: Odor: Odor threshold:			
pH-value:	Not determined. Not applicable.		
Change in condition Melting point/Melting range: Boiling point/Boiling range:	89-91 °C (192-196 °F) Not determined		

## Product name: (1R,2R)-Bis(4-methoxyphenyl)-1,2-ethanediamine

In the second seco	Product name: (1R,2R)-Bis(4-metho	xyphenyl)-1,2-ethanediamine		
Britishin temperature:         Model determined           Lattice gating:         Product dates not present an explosion hazard.           Layer:         Not determined           Density:         Not determined           Densot:         Not determined			(Contd. of page 2)	
Britishin temperature:         Model determined           Lattice gating:         Product dates not present an explosion hazard.           Layer:         Not determined           Density:         Not determined           Densot:         Not determined	Flash point:	Not applicable

## Product name: (1R,2R)-Bis(4-methoxyphenyl)-1,2-ethanediamine (Contd. of page 3) Environmental hazards: Not applicable. Special precautions for user Not applicable. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. Transport/Additional information: Not dangerous according to the above specifications. DOT Marine Pollutant (DOT): No 15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms ! GHS07 Signal word Warning Hazard statements H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. Precautionary statements Precationary statements P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P405 Store locked up. P504 Dispose of contents/container in accordance with local/regional/national/international regulations. National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. National regulations market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out. 16 Other information Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees.
