| 4 First-aid measures   |                    |  |  |
| Description of first aid measures<br>General information   |                    |  |  |
| Immediately remove any clothing soiled by the product.<br>Remove breathing apparatus only after contaminated clothing has been completely removed.<br>In case of irregular breathing or respiratory arrest provide artificial respiration.   |                    |  |  |
| After inhalation<br>Supply fresh air. If required, provide artificial respiration. Keep patient warm.<br>Seek immediate medical advice.  |                    |  |  |
| After skin contact<br>Immediately wash with water and soap and rinse thoroughly.   |                    |  |  |
| Seek immediate medical advice.   |                    |  |  |
| After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor.<br>After swallowing Do not induce vomiting; immediately call for medical help.<br>Information for doctor  |                    |  |  |
| Most important symptoms and effects, both acute and delayed No further relevant information available.<br>Indication of any immediate medical attention and special treatment needed No further relevant information available.  |                    |  |  |
| 5 Fire-fighting measures   |                    |  |  |
| Extinguishing media<br>Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant<br>Special hazards arising from the substance or mixture<br>If this product is involved in a fire, the following can be released:<br>Carbon monoxide and carbon dioxide<br>Metal oxide fume<br>Advice for firefighters<br>Protective equipment: | foam.              |  |  |
| Wear self-contained respirator.<br>Wear fully protective impervious suit.  |                    |  |  |
| 6 Accidental release measures  |                    |  |  |
| Personal precautions, protective equipment and emergency procedures<br>Wear protective equipment. Keep unprotected persons away.   |                    |  |  |
| Ensure adequate ventilation<br>Keep away from ignition sources<br><b>Environmental precautions:</b> Do not allow product to reach sewage system or any water course.   |                    |  |  |
| Methods and material for containment and cleaning up:  |                    |  |  |
| Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).<br>Dispose of contaminated material as waste according to section 13.<br>Ensure adequate ventilation.   |                    |  |  |
| Prevention of secondary hazards: Keep away from ignition sources.<br>Reference to other sections   |                    |  |  |
| See Section 7 for information on safe handling<br>See Section 8 for information on personal protection equipment.<br>See Section 13 for disposal information.  |                    |  |  |
| 7 Handling and storage<br>Handling   |                    |  |  |
| Precautions for safe handling<br>Keep container tightly sealed.<br>Store in cool. duy lace in tightly closed containers  |                    |  |  |
| Store in cool, dry place in tightly closed containers.<br>Ensure good ventilation at the workplace.<br>Open and handle container with care.  |                    |  |  |
| Protect against electrostatic charges.   |                    |  |  |
| Fumes căn combine with air to form an explosive mixture.<br>Keep ignition sources away.  |                    |  |  |
| Conditions for safe storage, including any incompatibilities<br>Storage  |                    |  |  |
| Requirements to be met by storerooms and receptacles: Store in a cool location.<br>Information about storage in one common storage facility: Store away from oxidizing agents.   |                    |  |  |
| Further information about storage conditions:<br>Keep container tightly sealed.  |                    |  |  |
| Keep container tightly sealed.<br>Store in cool, dry conditions in well sealed containers.<br><b>Specific end use(s)</b> No further relevant information available.  |                    |  |  |
| 8 Exposure controls/personal protection  |                    |  |  |
| Additional information about design of technical systems:<br>Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minu  | te.                |  |  |
| Control parameters<br>Components with limit values that require monitoring at the workplace:   |                    |  |  |

 Hazard statements

 H225
 Highly flammable liquid and vapor.

 H300+H310+H330 Fatal if swallowed, in contact with skin or if inhaled.

 Precautionary statements

 P210
 Keep away from heat/sparks/open flames/hot surfaces. No smoking.

 P301+P310
 IF SWALLOWED: Immediately call a POISON CENTER/ doctor/...

 P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

 P301
 Take off immediately all contaminated clothing.

 P361
 Take off immediately all contaminated clothing.

 P405
 Store locked up.

#### Product name: Tetramethyltin

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations. National regulations All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory. All components of this product are listed on the Canadian Non-Domestic Substances List (NDSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity, Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitations of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed.

Substance is not listed

Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
