

Safety Data Sheet per OSHA HazCom 2012

(Contd. on page 2)

(Contd. of page 1)

3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 629-12-9 1-Pentyl isothiocyanate Identification number(s): EC number: 211-075-6 4 First-aid measures Description of first aid measures General information Immediately remove any clothing soiled by the product. After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed Causes severe skin burns. Causes serious evel analyse. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Extinguishing media Suitable extinguishing agents CO2, sand, extinguishing powder. Do not use water. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen cyanide (HCN) Sulfur oxides (SOx) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. Wear fully protective impervious suit. 6 Accidental release measures **Personal precautions, protective equipment and emergency procedures** Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Ensure adequate ventilation **Environmental precautions:** Do not allow material to be released to the environment without proper governmental permits. **Methods and material for containment and cleaning up:** Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to section 13. Dispose of containinated material as waste according to section 15. Ensure adequate ventilation. **Prevention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Store away from water/moisture. Store away from water/moisture. **Further information about storage conditions:** Store under dry inert gas. This product is moisture sensitive. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Protect from humidity and water. **Specific end use(s)** No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data

Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed.

(Contd. on page 3)

Product name: 1-Pentyl isothiocyanate

Product name: 1-Pentyl Isotniocyan		
Protection of hands: Impervious gloves	nd of work. vorking environment. spirator when high concentrations are present. se for their proper condition. v depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.	(Contd. of page 2)
9 Physical and chemical properties	5	
Information on basic physical and ch General Information Appearance: Form: Color: Odor: Odor: Odor threshold:	Liquid Colorless Pungent Not determined.	
pH-value:	Not determined.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined 191-193 °C (376-379 °F) Not determined	
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not determined Not determined Not determined Not determined Not determined.	
Danger of explosion: Explosion limits: Lower: Upper: Vapor pressure: Density at 20 °C (68 °F): Relative density Vapor density Evaporation rate Solubility in / Miscibility with Water:	Product does not present an explosion hazard. Not determined Not determined 0.93 g/cm ³ (7.761 lbs/gal) Not determined. Not determined. Not determined.	
Partition coefficient (n-octanol/water) Viscosity: dynamic:	Not determined.	
kinematic: Other information	Not determined. No further relevant information available.	
10 Stability and reactivity Reactivity No information known. Chemical stability Stable under recom Thermal decomposition / conditions is Possibility of hazardous reactions No Conditions to avoid No further relevan Incompatible materials: Amines Alcohols Oxidizing agents Water/moisture Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides Sulfur oxides (SOx) Hydrogen cyanide	mended storage conditions. to be avoided: Decomposition will not occur if used and stored according to specifications. o dangerous reactions known t information available.	
11 Toxicological information Information on toxicological effects Acute toxicity: Harmful if inhaled. Harmful if contact with skin. Harmful if swallowed. Danger through skin absorption. Swallowing will lead to a strong corrosiv LD/LC50 values that are relevant for of Skin irritation or corrosion: Causes se Eye irritation or corrosion: Causes serious eye damage. This product is a lachrymator.		

Causes serious eye damage. This product is a lachrymator. Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known.

(Contd. on page 4)

Product name: 1-Pentyl isothiocyanate

Product name: 1-Pentyl ISOLINOCYANALe		(0) () () ()
Additional toxicological information: To the best of our knowledge the ad	cute and chronic toxicity of this substance is not fully known.	(Contd. of page 3)
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper gove Do not allow undiluted product or large quantities to reach ground water, was Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.	ernmental permits. ater course or sewage system.	
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure pro Uncleaned packagings: Recommendation: Disposal must be made according to official regulations		
14 Transport information		
UN-Number DOT, IMDG, IATA	UN2922	
UN proper shipping name DOT IMDG, IATA	Corrosive liquids, toxic, n.o.s. (1-Pentyl isothiocyanate) CORROSIVE LIQUID, TOXIC, N.O.S. (1-Pentyl isothiocyanate)	
Transport hazard class(es) DOT Class Label Class Label IMDG, IATA	8 Corrosive substances. 8+6.1 8 (CT1) Corrosive substances 8+6.1	
Class Label	8 Corrosive substances. 8+6.1	
Packing group DOT, IMDG, IATA	III	
Environmental hazards:	Not applicable.	
Special precautions for user	Warning: Corrosive substances	
Transport in bulk according to Annex II of MARPOL73/78 and the IBC (Transport/Additional information: DOT	Code Not applicable.	
Marine Pollutant (DOT):	No	.
UN "Model Regulation":	UN2922, Corrosive liquids, toxic, n.o.s. (1-Pentyl isothiocyanate),	8 (6.1), III
15 Regulatory information Safety, health and environmental regulations/legislation specific for th GHS label elements The product is classified and labeled in accordance w Hazard pictograms GHS05 GHS06	ne substance or mixture ith 29 CFR 1910 (OSHA HCS)	

 Signal word Danger

 Hazard statements

 H302+H312 Harmful if swallowed or in contact with skin.

 H331
 Toxic if inhaled.

 H314
 Causes severe skin burns and eye damage.

 Precautionary statements

 P260
 Do not breathe dust/fume/gas/mist/vapours/spray.

 P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

 P305+P351+P338 IF IN EVES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

 P301+P330+P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting.

 P405
 Store locked up.

 P501
 Dispose of contents/container in accordance with local/regional/national/international regulations

P301+P330+P331 IF SWALLOWED: rnse mouth. Do NOT induce vomiting. P405 Store locked up. P501 Dispose of contents/container in accordance with local/regional/national/international regulations. **National regulations** This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. **SARA Section 313 (specific toxic chemical listings)** Substance is not listed. (Contd. on page 5)

(Contd. of page 4)

USA

California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16 Other information

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user. Conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
