4. FIRST AID MEASURES	
Inhalation Eye Contact	Remove to fresh air. If breathing is difficult give oxygen and seek medical attention. Flush with copious amounts of water for at least 15 minutes. If irritation persists, seek medical attention.
Skin Contact	Remove contaminated clothing. Wash affected area with soap and water. Rinse thoroughly. If irritation persists or other symptoms are observed, seek medical advice.
Ingestion	Rinse out mouth and drink lots of water. In case of irritation or other symptoms, seek medical attention.
5. FIRE FIGHTING MEASU	RES
Extinguishing Medium Protective Equipment	Use fire fighting measures which suit the environment and take into account other materials which may be involved. In general, water-based extinguishers should not be used for fires involving organic materials. Use carbon dioxide or dry powder. Wear self-contained breathing apparatus and protective clothing.
	mbustion may include: carbon monoxide, carbon dioxide, sulfur dioxide, sulfuric acid.
6. ACCIDENTAL RELEASE	
Personal Protection	Avoid inhalation or contact of spilled material with skin or clothing. Wear protective equipment
Environmental Protection	including rubber gloves, and eye protection. Keep unprotected persons away. Take steps to minimise spread of noxious vapours. Take precautions to ensure product does not contaminate the ground or enter the drainage system.
Collection	Mix with vermiculite or proprietary absorbent material and transfer to sealed containers for disposal.
7. HANDLING AND STORA	GE
Handling	Chemicals should be used only by those trained in handling potentially hazardous materials. Rubber gloves, eye protection and protective clothing should be worn. Operations should be carried out in
Storage	an efficient fume hood or equivalent system. Store in tightly sealed containers in a cool place. Protect from moisture. Material is sensitive to aerial oxidation.
8. EXPOSURE CONTROLS	AND PERSONAL PROTECTION
Respiratory Eye Hands and Body	Avoid inhalation of product. Handle in an efficient fume hood or equivalent system. Avoid eye contact. Wear safety spectacles, goggles or, for larger quantities, a full face mask. Irritant product. Avoid skin contact. Wear rubber gloves, protective clothing and, for larger quantities, full arm, body and face protection. Wash hands thoroughly after handling.
