

Safety Data Sheet per OSHA HazCom 2012

Product name: Pyridine-3-acetic acid hydrochloride

(Contd. of page 1)

(Contd. on page 3)

Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor

Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen chloride (HCI) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. **Environmental preclations:** Do not allow material to be released to the environment will **Methods and material for containment and cleaning up:** Ensure adequate ventilation. **Prevention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

pH-value:

Flash point:

Change in condition

Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:

Flammability (solid, gaseous)

Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment rersonal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eve protection: Safety glasses Body protection: Protective work clothing. Impervious gloves 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: . Form: Color: Powder White Odor: Not determined Odor threshold: Not determined

Not applicable.

Not applicable Not determined.

162-163 °C (324-325 °F) Not determined Not determined

Product name: Pyridine-3-acetic acid hydrochloride

Product name: Pyridine-3-acetic ac	la nyarochioriae		
		ontd. of page 2)	
Ignition temperature: Decomposition temperature: Auto igniting:	Not determined Not determined Not determined.		
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.		
Lower:	Not determined		
Upper: Vapor pressure:	Not determined Not applicable.		
Density: Relative density	Not determined Not determined		
Vapor density	Not applicable.		
Evaporation rate Solubility in / Miscibility with	Not applicable.		
Water: Partition coefficient (n-octanol/water)	Not determined): Not determined.		
Viscosity: dynamic:	Not applicable.		
kinematic: Other information	Not applicable. No further relevant information available.		
10 Stability and reactivity			
Reactivity No information known. Chemical stability Stable under recommended storage conditions.			
Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known			
Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents			
Hazardous decomposition products:	inis		
Carbon monoxide and carbon dioxide Nitrogen oxides			
Hydrŏgen chloride (HCl)			
11 Toxicological information			
Information on toxicological effects Acute toxicity: No effects known.			
LD/LC50 values that are relevant for classification: No data			
Skin irritation or corrosion: Causes s Eye irritation or corrosion: Causes se	erious eve irritation.		
Sensitization: No sensitizing effects kn Germ cell mutagenicity: No effects kn	iown. iown		
Carcinogenicity: No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.			
Reproductive foxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known.			
Specific target organ system toxicity - single exposure: May cause respiratory irritation. Aspiration hazard: No effects known.			
Subacute to chronic toxicity: No effect Additional toxicological information:	cts known. To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.		
12 Ecological information			
Toxicity Aquatic toxicity: No further relevant information available			
Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available.			
Mobility in soil No further relevant information available.			
Additional ecological information: General notes:			
Do not allow material to be released to the environment without proper governmental permits. Do not allow undiluted product or large quantities to reach ground water, water course or sewage system.			
Avoid transfer into the environment.			
Results of PBT and vPvB assessment PBT: Not applicable.			
vPvB: Not applicable. Other adverse effects No further relevant	rant information available.		
13 Disposal considerations			
Waste treatment methods			
Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings:			
Recommendation: Disposal must be n	nade according to official regulations.		
14 Transport information Not a hazardous material for transporta	tion.		
UN-Number DOT, IMDG, IATA	None		
UN proper shipping name DOT, IMDG, IATA	None		
Transport hazard class(es)			
DOT, ADR, IMDG, IATA Class	None		
Packing group DOT, IMDG, IATA			
DOT, IMDG, IATA Environmental hazards:	None Not applicable.		
Special precautions for user	Not applicable.

		004	

USA -

	Reviewed off 04/2 1/2006	
roduct name: Pyridine-3-acetic acid hydrochloride		
	(Contd. of page 3)	
Transport in bulk according to Annex II of MARPOL73/7 Transport/Additional information:	8 and the IBC Code Not applicable. Not dangerous according to the above specifications.	
DOT	Not dangerous according to the above specifications.	
Marine Pollutant (DOT):	No	
Regulatory information Safety, health and environmental regulations/legislation GHS label elements The product is classified and labeled in Hazard pictograms	specific for the substance or mixture n accordance with 29 CFR 1910 (OSHA HCS)	
GHS07 Signal word Warning		
Hazard statements H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. Precautionary statements P261 Avoid breathing dust/fume/gas/mist/vapo	ours/spray. g/eye protection/face protection. for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. r and keep comfortable for breathing.	
P501 Dispose of contents/container in accorda National regulations This product is not listed in the U.S. Environmental Protectio to research and development only. This product must be use product must not be used for commercial purposes or in forn SARA Section 313 (specific toxic chemical listings) Sub- California Proposition 65	stance is not listed.	
Prop 65 - Chemicals known to cause cancer Substance is Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not Prop 65 - Developmental toxicity, male Substance is not Information about limitation of use: For use only by techn Other regulations, limitations and prohibitive regulation Substance of Very High Concern (SVHC) according to the	nt listed	
The conditions of restrictions according to Article 67 an market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authori Chemical safety assessment: A Chemical Safety Assessment	isation for use) Substance is not listed.	
information to ensure proper use and protect the health and conformance with this Material Safety Data Sheet, or in com	t to other information gathered by them, and should make independent judgement of suitability of this safety of employees. This information is furnished without warranty, and any use of the product not in abination with any other product or process, is the responsibility of the user.
