

Safety Data Sheet per OSHA HazCom 2012

Product name: 2,4-Dichloro-6-(4-morpholinyl)-1,3,5-triazine

(Contd. of page 1)

Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor

Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen chloride (HCI) Advice for firefighters Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away Ensure adequate ventilation Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

Not determined

7 Handling and storage

Sublimation temperature / start:

Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Penetration time of glove material (in minutes) Not determined Eye protection: Safety glasses Body protection: Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Solid Color: White to off-white Odor: Odor threshold: Not determined Not determined. pH-value: Not applicable. Change in condition Melting point/Melting range: Boiling point/Boiling range: Not determined Not determined

Other information	No further relevant information available.	
0 Stability and manufact		
0 Stability and reactivity		
Reactivity No information known. Chemical stability Stable under reco	ommended storage conditions	
Thermal decomposition / condition	is to be avoided: Decomposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions Conditions to avoid No further relev	Reacts with strong oxidizing agents	
Incompatible materials: Oxidizing a	gents	
Hazardous decomposition product Carbon monoxide and carbon dioxide	S:	
Nitrogen oxides		
Hydrogen chloride (HCl)		
1 Toxicological information		
Information on toxicological effects	5	
Acute toxicity: No effects known.		
LD/LC50 values that are relevant for Skin irritation or corrosion: Causes	r classification: No data	
Eye irritation or corrosion: Causes	skin initauon. serious eve irritation.	
Sensitization: No sensitizing effects Germ cell mutagenicity: No effects	known.	
Germ cell mutagenicity: No effects	known. ata on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Reproductive toxicity: No effects kr	ala on carcinogenic properties of this material is available from the EFA, IARC, NTF, OSHA of ACGIH. IOWN.	
Specific target organ system toxici	ity - repeated exposure: No effects known.	
Aspiration hazard: No effects known	i fy - single exposure: May cause respiratory irritation.	
Subacute to chronic toxicity: No ef	fects known.	
	n : To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
2 Ecological information		
Toxicity	information evollable	
Aquatic toxicity: No further relevant Persistence and degradability No fu	Information available.	
Bioaccumulative potential No furthe	er relevant information available.	
Mobility in soil No further relevant in Additional ecological information:	formation available.	
General notes:		
Do not allow undiluted product or larg Avoid transfer into the environment.	e quantities to reach ground water, water course or sewage system.	
Results of PBT and vPvB assessm	ent	
PBT: Not applicable.		
vPvB: Not applicable. Other adverse effects No further rel	evant information available.	
3 Disposal considerations		
-		
Waste treatment methods Recommendation Consult state loc	al or national regulations to ensure proper disposal.	
Uncleaned packagings:		
Recommendation: Disposal must be	e made according to official regulations.	
4 Transport information		
UN-Number	NL 2 11	
DOT, ADN, IMDG, IATA	Not applicable	
UN proper shipping name DOT, ADN, IMDG, IATA	Not applicable	
Transport hazard class(es)		
DOT, ADR, ADN, IMDG, IATA	Natanniaahla	
Class Rooking group	Not applicable	
Packing group DOT, IMDG, IATA	Not applicable	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
	nex II of MARPOL73/78 and the IBC Code Not applicable.
