| 1 Identification | |
| Product identifier | |
| Product name: <u>6-Bromo-1-tetralone</u> | |
| Stock number: H52381 CAS Number: | |
| 66361-67-9 Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development | |
| | |
| Details of the supplier of the safety data sheet Manufacturer/Supplier: | |
| Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street | |
| 30 Bond Street Ward Hill, MA 01835-8099 | |
| Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-32 <u>2</u> -4757 | |
| Email: tech@alfa.com www.alfa.com | |
| Information Department: Health, Safety and Environmental Department Emergency telephone number: | |
| During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789. | |
| 2 Hazard(s) identification | |
| Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) | |
| The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known. | |
| Label elements GHS label elements Not applicable | |
| Hazard pictograms Not applicable Signal word Not applicable | |
| Hazard statements Not applicable | |
| WHMIS classification Not controlled Classification system | |
| HMIS ratings (scale 0-4) (Hazardous Materials Identification System) | |
| HEALTH 1 Health (acute effects) = 1 | |
| FIRE I REACTIVITY I Physical Hazard = 1 | |
| Other hazards | |
| Results of PBT and vPvB assessment PBT: Not applicable. | |
| vPvB: Not applicable. | |

| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture <td></td> | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Seing important symptoms and effects, both acute and delayed No further relevant information available. Seing important symptoms and effects, both acute and delayed No further relevant information available. Seing important symptoms and effects, both acute and begin reatment needed No further relevant information available. Seing immediate medical attention and special treatment needed No further relevant information available. Seing inspiredia Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Suitable Seinable Seinable | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 60301-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical relatives. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen bromide (HBr) Advice for firefighters | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with vater and soap and rinse thoroughly. Seek immediate medical advice. After symediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Stringuishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen bromide (HBP) Advice for firefighters Protective equipment: Wear self-contianed respirator. | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After eve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After eve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen bromide (IBF) Advice for firefighters Protective equipment: | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66331-67-96-Bromo-1-tetralone 4 First-aid measures Description of first aid measures After rish and in required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Rinse opened eye for several minutes under running water. Then consult a doctor. After skin contact Rinse opened eye for several minutes under running water. Then consult a doctor. After skin medical advice. After skin contact Rinse opened eye for several minutes under running water. Then consult a doctor. After skin medical advice. After skin medical advice. After skin medical advice. After skin medical advice. After skin mortact and she medical advice. After skin mortant and special freatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixiume I this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen bromide (HBT) Advice for firefighters Protective equipment: Wear self-contained relegistion. Wear fully protective impervious suit. 6 Accidental release measures | |
| 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66361-07-9 6-Brono-1-tetralone 4 First-aid measures Description of first aid measures Description of first aid measures Obscription: Description of first aid measures After skin contact Immediate medical advice. After skin contact Immediate medical advice. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sevallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No lurther relevant information available. Fire-fighting measures Extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If his product is involved in a fire, the following can be released: Carbon monoxide and carbo | |
| 3 Composition/information on ingredients Chemical characterization: Substances CASH Description: 60361-677-96-Bromo-1-tetralone 4 First-aid measures Description of first aid measures Description of a standard advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediates medical advice. After sevent and soap and rinse thoroughly. Seek immediate medical advice. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After several work with water and seap and rinse thoroughly. Seek immediate medical attention and special treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Secial hazards arising from the substance or mixture If this product is involved in a line, the following can be released: Carbon monoxide and carbon dioxide Hydrogen bromide (HBr) Advice for firefighters Protective equipment: Wear roll-contained respirator. Wear roll-contained respirator. Wear self-contained respirator. | |
| 3 Composition/information on ingredients Chemical characterization: Substances CASH Description: 6381-679-6-Dromo-1-tetralone 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rise opened type for several minutes under running water. Then consult a doctor. After eye contact Rise opened type for several minutes under running water. Then consult a doctor. After eye contact Rise opened type for several minutes under running water. Then consult a doctor. After eye contact Rise opened type for several minutes under running water. Then consult a doctor. After eye contact Rise opened type for several minutes under running water. Then consult a doctor. After eye contact Rise opened type for several minutes under running water. Then consult a doctor. After inhalation of any immediate medical attention and special treatment needed No further relevant information available. To doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Sectinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture Ithis product is involved in a life, the following can be released: Carbon on pomprine and effects Advice for infinghnees Personal precautions protective equipment and emergency | |
| 3 Composition/information on ingredients Chemical characterization: Substances CASH Description: 6381-67-96-Brono-1-letralone 4 First-aid measures Description of first aid measures Meter inhalation Supply fesh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After shinalation Supply fesh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After shinalation Supply fesh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediates expleted advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. Seek immediate medical advice. After skin contact Immediate medical advice. Indication of any immediate medical attention and special freatment needed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. If this product is involved in a fire, the following can be released: Carbon monoxide and calcon and inster the otowide The product is involved in a fire, the following can be released: Carbon monoxide and calcon dioxide This product is involved methy Movie for three fully protective impervious su | |
| 3 Composition/information on ingredients Chemical characterization: Substances Gast Description: 64361-67-9 6-Bromo-1-tetralone 4 First-aid measures Description of first aid measures Description of activation of any or on the artificial respiration. Keep patient warm. Supply firsts air. If required provide artificial respiration. Keep patient warm. Supply firsts air. If required at write, Prevented ate medicate medicate advice. After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor. After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor. After sevelowing seve medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any finmediate medical attention and special treatment needed No further relevant information available. Soft integriting media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen bromide (HE) Advice for Interlighters Wear self-contained respirator. Wear self-contained respirator. Wear self-contained respirator. Wear protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective impervious suit. 6 Accidental release measures Tervinomental precautions. Con containment and cheaning up. Prock up mechanically. Prevention of secondary hazards. No special measures in | |
