

Safety Data Sheet per OSHA HazCom 2012

1		
	1 Identification Product identifier	
	Product name: N-tert-Butoxycarbonyl-L-phenylalaninol	
	Stock number: B25019, L11110 CAS Number: 66605-57-0	
	Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development	
	Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfa Aesar	
	Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street	
	Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-322-4757	
	Email: tech@alfa.com www.alfa.com	
	Information Department: Health, Safety and Environmental Department Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0 During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0	0789.
2	2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)	
	The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known.	
	Label elements GHS label elements Not applicable Hazard pictograms Not applicable	
	Signal word Not applicable Hazard statements Not applicable	
	WHMIS classification Not controlled Classification system HMIS ratings (scale 0-4)	
	HMIS ratings (scale 0-4) (Hazardous Materials Identification System) HEALTH Health (acute effects) = 1	
	FRE I REACTIVITY1 Physical Hazard = 1	
	Other hazards Results of PBT and vPvB assessment PDT. Not applicable	
	PBT: Not applicable. vPvB: Not applicable.	
	2 Composition (information on insuration)	
3	3 Composition/information on ingredients Chemical characterization: Substances	
3	3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol	
	Chemical characterization: Substances CAS# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures	
	Chemical characterization: Substances CAS# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation	
	Chemical characterization: Substances CAS# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact	
	Chemical characterization: Substances CAS# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice.	
	Chemical characterization: Substances CAS# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor	
	Chemical characterization: Substances CAS# Description: 66005-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.	
4	Chemical characterization: Substances CAS# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. 5 Fire-fighting measures	
4	Chemical characterization: Substances CA\$# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.	
4	Chemical characterization: Substances CA\$# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide	
4	Chemical characterization: Substances CASH Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After eye contact literation and seek medical atvice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment:	
4	Chemical characterization: Substances CA\$# Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide	
4	Chemical characterization: Substances CAS# Description: 66005-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sevallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures	
4	Chemical characterization: Substances CAS# Description: 66005-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin water and soap and rinse thoroughly. Seek immediate medical advice. After skin borntant symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adeuate veniliation	
4	Chemical characterization: Substances GAS# Description: GAS# Description: GAS# Description: GAS# Description: I required, provide antificial respiration. Keep patient warm. Seek immediate medical advice. After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical advice. After swallowing Seek medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon moxide and carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon moxide and respirator. Wear rolic-contained respirator. Wear rolic-contained respirator. Wear rolic-contained respirator. Wear rolic-contained respirator. Wear rolic-contained respirator. Wear rolic-contained respirator. Wear protective equipment and emergency procedures Wear protective equipment. Methodie venibilition: Dot allow material to be released to the environment without proper governmental permits. Methodie and meterial for contained material to be released to the environment without proper governmental permits.	
4	Chefinical characterization: Substances CASH Description: 66605-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical reatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any timbediate medical attention and special treatment needed No further relevant information available. Stringuishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides. (NOX) Advice for finefighters Protective equipment: Wear self-contained respirator. Wear self-contained respirator. Wear self-contained respirator. Wear self-contained respirator. Wear self-contained respirator. Extingues dequate ventilation Environmentai precautions, protective equipment and emergency procedures Wear protective equipment: Wear self-contained respirator. Environmentai precautions: Don to allow material to be released to the environment without proper governmental permits. Mear protective equipment: Environmentai precautions: Don to allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Pick up mechanically. Prevention of secondary hazards: No special m	
4	Chemical characterization: Substances CAS# Description: 66005-57-0 N-tert-Butoxycarbonyl-L-phenylalaninol 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Sectinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon moxide and carbon dioxide Nitrogen oxides (NOX) Advice for infelighters Protective equipment: Wear roll-contained respirator. Wear roll-contained respirator. Wear protective impervious suit. 6 Accidental release measures Dersonal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate venitiation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Pick up mechanically. Prevention of secondary hazards: No special measures required.	(Contd. on page 2)

Product name: N-tert·	-Butoxycarbony	/I-L-phenylalaninol
-----------------------	----------------	---------------------

(Contd. of page 1)

See Section 13 for disposal information.		(Conta. of page 1)			
7 Handling and storage					
Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed Information about protection against					
Conditions for safe storage, including Storage Requirements to be met by storeroom Information about storage in one con Further information about storage co Keep container tightly sealed. Store in cool, dry conditions in well seal Specific end use(s) No further relevant	ns and receptacles: No special requirements. mmon storage facility: Store away from oxidizing agents. onditions: led containers.				
8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.					
Control parameters Components with limit values that red Additional information: No data	Control parameters Components with limit values that require monitoring at the workplace: Not required.				
Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eye protection: Safety glasses Body protection: Protective work clothing.					
9 Physical and chemical properties	s				
Information on basic physical and ch General Information Appearance:	nemical properties				
Form: Odor: Odor threshold:	Powder Not determined Not determined.				
pH-value:	Not applicable.				
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	96-97 °C (205-207 °F) Not determined Not determined				
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not applicable Not determined Not determined Not determined Not determined.				
Danger of explosion: Explosion limits: Lower:	Product does not present an explosion hazard. Not determined				
Upper: Vapor pressure: Density: Relative density Vapor density Evaporation rate	Not determined Not applicable. Not determined Not determined. Not applicable. Not applicable.				
Solubility in / Miscibility with Water: Partition coefficient (n-octanol/water) Viscosity:	Not determined Not determined.				
dynamic: kinematic:	Not applicable. Not applicable.				
Other information	No further relevant information available.				
10 Stability and reactivity Reactivity No information known. Chemical stability Stable under recomi	mended storage conditions				

Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides

11 Toxicological information				
Information on toxicological effects				
Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data				
Skin irritation or corrosion: May cause irritation				
Eye irritation or corrosion: Maý cause irritation Sensitization: No sensitizing effects known.				
Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this mate	prial is available from the EBA JAPC NTP OSHA or ACCIU			
Reproductive toxicity: No effects known.				
Specific target organ system toxicity - repeated exposure: No effects know Specific target organ system toxicity - single exposure: No effects known.	ın.			
Aspiration hazard: No effects known.				
Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute	and chronic toxicity of this substance is not fully known.			
12 Ecological information				
Toxicity Aquatic toxicity: No further relevant information available.				
Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available.				
Mobility in soil No further relevant information available.				
Additiónal ecological information: General notes:				
Do not allow material to be released to the environment without proper governi Do not allow undiluted product or large quantities to reach ground water, water	mental permits.			
Avoid transfer into the environment.	course of sewage system.			
Results of PBT and vPvB assessment PBT: Not applicable.				
vPvB: Not applicable.				
Other adverse effects No further relevant information available.				
13 Disposal considerations				
Waste treatment methods				
Recommendation Consult state, local or national regulations to ensure proper Uncleaned packagings:	r disposal.			
Recommendation: Disposal must be made according to official regulations.				
14 Transport information				
Not a hazardous material for transportation.				
UN-Number DOT, IMDG, IATA	None			
UN proper shipping name DOT, IMDG, IATA	None			
Transport hazard class(es)				
DOT, ADR, IMDG, IATA	Mana			
Class Backing group	None			
Packing group DOT, IMDG, IATA	None			
Environmental hazards:	Not applicable.			
Special precautions for user	Not applicable.			
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Coo				
Transport/Additional information:	Not dangerous according to the above specifications.			
DOT Marine Pollutant (DOT):	No			
15 Regulatory information				
Safety, health and environmental regulations/legislation specific for the s GHS label elements Not applicable	ubstance or mixture			
Hazard pictograms Not applicable Signal word Not applicable				
Hazard statements Not applicable				
National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic St	ubetances Control Act Chamical Substance Inventory I les of this produ	uct is restricted		
to research and development only. This product must be used by or directly un	der the supervision of a technically qualified individual as defined by TS	SCA. This		
product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed.				
California Proposition 65				
Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed.				
Prop 65 - Developmental toxicity, female Substance is not listed.				
Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals.				
Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed.				
The conditions of restrictions according to Article 67 and Annex XVII of the	he Regulation (EC) No 1907/2006 (REACH) for the manufacturing, p	lacing on the		
market and use must be observed.				

Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
