

Safety Data Sheet per OSHA HazCom 2012

F

Product name: Ethyl 4-(trifluoromethyl)phenylacetate

(Contd. of page 1)

Information for doctor	(Contd. of pa	age 1)
Most important symptoms and effect	s, both acute and delayed No further relevant information available. attention and special treatment needed No further relevant information available.	
5 Fire-fighting measures		
Extinguishing media	n dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. stance or mixture Illowing can be released:	
Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.		
Methods and material for containmer Prevention of secondary hazards: No Reference to other sections See Section 7 for information on safe ha	otected persons away. Ilow product to reach sewage system or any water course. I nt and cleaning up: Ensure adequate ventilation. I special measures required. andling	
See Section 8 for information on persor See Section 13 for disposal information		
7 Handling and storage		
Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known.		
Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed.		
Store in cool, dry conditions in well seal Specific end use(s) No further relevant	ed containers. t information available.	
8 Exposure controls/personal prot Additional information about design Properly operating chemical fume hood		
Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data		
Exposure controls Personal protective equipment General protective and hygienic measures		
The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately.		
Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment.		
Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Recommended filter device for short term use: Use a respirator with type N95 (USA) or PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air-		
puntying respirators are appropriate. Only use equipment tested and approved under appropriate government standards. Protection of hands: Impervious gloves		
Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eye protection: Safety glasses Body protection: Protective work clothing.		
9 Physical and chemical properties		
Information on basic physical and chemical properties General Information Appearance:		
Form: Color:	Solid Colorless	
Odor: Odor threshold:	Not determined Not determined.	
pH-value: Change in condition	Not applicable.	
Melting point/Melting range: Boiling point/Boiling range:	Not determined Not determined	
Sublimation temperature / start: Flammability (solid, gaseous)	Not determined Not determined.	
Ignition temperature:	Not determined (Contd. on pa	3)

Product name: Ethyl 4-(trifluoromethyl)phenylacetate

Page 3/4 Printing date 11/23/2015 Reviewed on 08/21/2015

		(Contd. of pag
Decomposition temperature: Auto igniting:	Not determined Not determined.	
Danger of explosion: Explosion limits:	Not determined.	
Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density:	Not applicable. Not determined	
Relative density	Not determined.	
Vapor density Evaporation rate	Not applicable.	
Solubility in / Miscibility with	Not applicable.	
Water:	Not determined	
Partition coefficient (n-octanol/water) Viscosity:): Not determined.	
dynamic:	Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
) Stability and reactivity		
Reactivity No information known.		
Chemical stability Stable under recom Thermal decomposition / conditions	to be avoided: Decomposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions Re	eacts with strong oxidizing agents	
Conditions to avoid No further relevant	it information available.	
Incompatible materials: Oxidizing age Hazardous decomposition products:		
Carbon monoxide and carbon dioxide Hydrogen fluoride		
Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known		
LD/LC50 values that are relevant for (classification: No data	
Skin irritation or corrosion: Causes sa Eye irritation or corrosion: Causes se		
Sensitization: No sensitizing effects kn	nown.	
Germ cell mutagenicity: No effects kn	nown.	
Carcinogenicity: No classification data Reproductive toxicity: No effects know	a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Specific target organ system toxicity	v - repeated exposure: No effects known.	
Specific target organ system toxicity	v - single exposure: May cause respiratory irritation.	
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effect	cts known	
Additional toxicological information:	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
2 Ecological information		
Toxicity		
Aquatic toxicity: No further relevant in	formation available.	
Bioaccumulative potential No further	iner relevant information available. relevant information available	
Persistence and degradability No furt Bioaccumulative potential No further Mobility in soil No further relevant info	imation available.	
Additional ecological information:		
General notes: Do not allow undiluted product or large	quantities to reach ground water, water course or sewage system.	
Avoid transfer into the environment.		
Results of PBT and vPvB assessmen	16	
PBT: Not applicable. vPvB: Not applicable.		
Other adverse effects No further relevant	rant information available.	
3 Disposal considerations		
Waste treatment methods		
Recommendation Consult state, local	or national regulations to ensure proper disposal.	
Uncleaned packagings: Recommendation: Disposal must be n	nade according to official regulations	
4 Transport information		
4 Transport information UN-Number DOT, ADN, IMDG, IATA	Not applicable
