

Safety Data Sheet per OSHA HazCom 2012

Product name: 2,4-Difluorobenzylamine

(Contd. of page 1) Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor **Most important symptoms and effects, both acute and delayed** Causes severe skin burns. Causes serious eye damage. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Use carbon dioxide, extinguishing powder or foam. Water may be ineffective but may be used for cooling exposed containers. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Or be managed and and the discussion of the following can be released: If this product is involved in a fire, the i Carbon monoxide and carbon dioxide Hydrogen fluoride (HF) Nitrogen oxides (NOx) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away Ensure adequate ventilation Ensure adequate ventulation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation. **Prevention of secondary hazards:** Keep away from ignition sources. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: Keep ignition sources away. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Store away from air. Further information about storage conditions: Store under dry inert gas. This product is air sensitive. Store under nitrogen Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. **Specific end use(s)** No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition The selection of suitable gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Eye protection:** Tightly sealed goggles Full face protection **Body protection:** Protective work clothing. USA

Product name: 2,4-Difluorobenzylamine

9 Physical and chemical properties				
Information on basic physical and chemical properties				
General Information Appearance:				
Form:	Liquid			
Color: Odor:	Colorless Not determined			
Odor threshold:	Not determined.			
pH-value:	Not determined.			
Change in condition				
Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined Not determined Not determined			
Flash point:	68 °C (154 °F)			
Flammability (solid, gaseous)	Not applicable.			
Ignition temperature: Decomposition temperature:	Not determined Not determined			
Auto igniting:	Not determined.			
Danger of explosion:	Product does not present an explosion hazard.			
Explosion limits: Lower:	Not determined			
Upper:	Not determined			
Vapor pressure: Density at 20 °C (68 °F):	Not determined			
Relative density	1.204 g/cm³ (10.047 lbs/gal) Not determined.			
Vapor density	Not determined.			
Evaporation rate Solubility in / Miscibility with	Not determined.			
Water:	Not determined			
Partition coefficient (n-octanol/water). Viscosity:	: Not determined.			
dynamic:	Not determined.			
kinematic: Other information	Not determined. No further relevant information available.			
Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available. Incompatible materials: Air Oxidizing agents Hazardous decomposition products: Carbon monoxide and carbon dioxide Hydrogen fluoride Nitrogen oxides 11 Toxicological information Information on toxicological effects Acute toxicity: Swallowing will lead to a strong corrosive effect on mouth and throat and to the danger of perforation of esophagus and stomach. LD/LC50 values that are relevant for classification: No data				
LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: Causes serious eye damage. Eye irritation or corrosion: Causes serious eye damage. Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No effects known. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.				
12 Ecological information				
Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits. Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.				
13 Disposal considerations				
Waste treatment methods	or national regulations to ensure proper disposal.	(Contd. on page 4)		

(Contd. on page 4)

Product name: 2,4-Difluorobenzylamine

(Contd. of page 3)

Uncleaned packagings: Recommendation: Disposal must be made according to	(Contd. of page 3)		
14 Transport information			
UN-Number DOT, IMDG, IATA	UN2735		
UN proper shipping name			
DOT IMDG, IATA	Amines, liquid, corrosive, n.o.s. (2,4-Difluorobenzylamine) AMINES, LIQUID, CORROSIVE, N.O.S. (2,4-Difluorobenzylamine)		
Transport hazard class(es) DOT			
V			
Class Label	8 Corrosive substances. 8		
Class Label	8 (C7) Corrosive substances 8		
IMDG, IATA			
Çlass	8 Corrosive substances.		
Label Packing group	8		
Packing group DOT, IMDG, IATA Environmental bazarday	III Not applicable		
Environmental hazards: Special precautions for user	Not applicable. Warning: Corrosive substances		
Segregation groups Alkalis Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. Not applicable.			
Transport/Additional information:			
DOT Marine Pollutant (DOT):	No		
UN "Model Regulation":	UN2735, Amines, liquid, corrosive, n.o.s. (2,4-Difluorobenzylamine), 8, III		
Safety, health and environmental regulations/legislation GHS label elements The product is classified and labeled Hazard pictograms GHS05	l in accordance with 29 CFR 1910 (OSHA HCS)		
 P405 Store locked up. P501 Dispose of contents/container in accomnance National regulations This product is not listed in the U.S. Environmental Protect to research and development only. This product must be to used for commercial purposes or in for SARA Section 313 (specific toxic chemical listings) Standard Prop 65 - Chemicals known to cause cancer Substance Prop 65 - Developmental toxicity, spale Substance is not listed Prop 65 - Developmental toxicity, male Substance is not Information about limitation of use: For use only by tec Other regulations, limitations and prohibitive regulations 	ubstance is not listed. a is not listed. t. not listed. hnically qualified individuals. ons the REACH Regulations (EC) No. 1907/2006. Substance is not listed. and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the brisation for use) Substance is not listed.		
information to ensure proper use and protect the health ar	ent to other information gathered by them, and should make independent judgement of suitability of this nd safety of employees. This information is furnished without warranty, and any use of the product not in ombination with any other product or process, is the responsibility of the user.
