

Safety Data Sheet per OSHA HazCom 2012

## Product name: Tetraethylammonium p-toluenesulfonate

(Contd. of page 1)

Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available.

Indication of any immediate medical attention and special freatment needed No further relevant information available.

### 5 Fire-fighting measures

Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Suffix Gox Advice for firefighters Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.

### 6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. **Environmental preclations:** Do not allow material to be released to the environment will **Methods and material for containment and cleaning up:** Ensure adequate ventilation. **Prevention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

### 7 Handling and storage

Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Store away from water/moisture Further information about storage conditions: This product is hygroscopic. Store under dry infert gas. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Protect from humidity and water. **Specific end use(s)** No further relevant information available.

### 8 Exposure controls/personal protection

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Eye protection:** Safety glasses **Body protection:** Protective work clothing.

### 9 Physical and chemical properties

Information on basic physical and General Information Appearance: Form: Color: Odor: Odor: Odor threshold:	chemical properties Crystalline White Not determined Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range:	100-106 °C (212-223 °F)	
	(Contd. on page )	21

# Product name: Tetraethylammonium p-toluenesulfonate

Page 3/4 Printing date 11/23/2015 Reviewed on 10/31/2008

	n p-toluenesulfonate	
		(Contd. of page 2)
Boiling point/Boiling range: Sublimation temperature / start:	Not determined Not determined	
Flash point: Flammability (solid, gaseous)	Not applicable Not determined.	
Ignition temperature: Decomposition temperature:	Not determined Not determined	
Auto igniting: Danger of explosion:	Not determined. Product does not present an explosion hazard.	
Explosion limits: Lower:	Not determined	
Upper: Vapor pressure: Density:	Not determined Not determined	
Relative density Vapor density	Not determined. Not applicable.	
Evaporation rate Solubility in / Miscibility with	Not applicable.	
Water: Partition coefficient (n-octanol/water)	Soluble ): Not determined.	
Viscosity: dynamic: kinematic:	Not applicable.	
Other information	Not applicable. No further relevant information available.	
0 Stability and reactivity Reactivity No information known. Chemical stability Stable under recomm Thermal decomposition / conditions to Possibility of hazardous reactions No Conditions to avoid No further relevant Incompatible materials:	mended storage conditions. <b>to be avoided:</b> Decomposition will not occur if used and stored according to specifications. o dangerous reactions known t information available.	
Oxidizing agents Water/moisture Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides Sulfur oxides (SOx)		
Reproductive toxicity: No effects know Specific target organ system toxicity Specific target organ system toxicity Aspiration hazard: No effects known. Subacute to chronic toxicity: No effec	kin irritation. rious eye irritation. own. on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. vn. <b>- repeated exposure:</b> No effects known. <b>- single exposure:</b> May cause respiratory irritation.	
2 Ecological information Toxicity Aquatic toxicity: No further relevant infor- Persistence and degradability No further Bioaccumulative potential No further r Mobility in soil No further relevant infor- Additional ecological information: General notes: Do not allow material to be released to the Do not allow undiluted product or large of Avoid transfer into the environment. Results of PBT and vPvB assessments PBT: Not applicable. VPvB: Not applicable. Other adverse effects No further relevant	rmation available. the environment without proper governmental permits. quantities to reach ground water, water course or sewage system. It	
3 Disposal considerations Waste treatment methods Recommendation Consult state, local of Uncleaned packagings: Recommendation: Disposal must be m Recommended cleansing agent: Wate	or national regulations to ensure proper disposal. nade according to official regulations. er, if necessary with cleansing agents.	
4 Transport information Not a hazardous material for transportat	tion.	
UN-Number DOT, IMDG, IATA	None
