

Keviewe	
1 Identification	
Product identifier	
Product name: <u>Fmoc-L-Serine</u>	
Stock number: B21079, L08939 CAS Number: 73724-45-5	
Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development	
Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfo Accort	
Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street	
Ward Hill, MA 01835-8099 Tel: 800-343-0660	
Fax: 800-322-4757 Email: tech@alfa.com	
www.alfa.com Information Department: Health, Safety and Environmental Department	
Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-07	789.
2 Hazard(s) identification	
Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) The substance is not classified according to the Globally Harmonized System (GHS).	
Label elements	·
GHS label elements Not applicable	
Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable	
WHMIS classification Not controlled Classification system	
HMIS ratings (scale 0-4) (Hazardous Materials Identification System)	
HEALTH I Health (acute effects) = 1 FRE I Flammability = 1	
REACTIVITY Physical Hazard = 1	
Other hazards Results of PBT and vPvB assessment	
PBT: Not applicable. vPvB: Not applicable.

3 Composition/information on ingredients	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly.	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor.	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After ey contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After ey contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media	
 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Frnoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. S Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture After spray. Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Suitable extinguishing agents carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Suitable extinguishing agents carbon dioxide, extinguishing the substance or mixture Suitable extinguishing agents carbon dioxid	
 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After symediate medical advice. After eye contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. S Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX) Nitrogen oxides (NOX) Substance or mixture Substance on dioxide Substance or mixture Substance or mixture Substance on mixture Substa	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxides (NOX) Advice for firefighters	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX)	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX) Advice for firefighters Protective equipment: Wear self-contained respirator.	
3 Composition/information on ingredients Chemical characterization: Substances CASK Description: 73724-45-5 Fmoc-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After system contact Rinse opened eye for several minutes under running water. Then consult a doctor. After systembors and effects, both acute and delayed No further relevant information available. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical advice, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide. Nitrogen oxides (NOx)	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-455 Fmoc-L-Serine 4 First-aid measures Description of first aid measures Seek immediate medical advice. After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor. After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor. After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor. After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX) Advice for firefighters Protective equipment. Wear self-contained respirator. Wear self-contained respirator. Wear acutions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate vertiliation	
 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-455 FmocL-Serine 4 First-aid measures Description of first aid measures After inhalation Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After seve contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. Single filter substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hourses (NOX) Advice for firefighters Protective equipment: Wear splices. Protective equipment: Wear splices reasures Protective equipment. Wear splices reasures Protective equipment. Kee protective equipment and emergency procedures Wear fully protective impervious suit. See first-contained respirator. Wear splices the active assist. See advices the protective equipment and emergency procedures Wear protective equipment and emergency procedures Wear protective equipment and emergency procedures Wear splices protective equipment and emergency procedures Wear splices on the follow material to be released to the environment without proper gover	
 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 73724-455 Fmoct-L-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. Seek immediate medical advice. After skin contact Immediate medical advice. Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. Seek immediate medical advice. After skin contact Indication of any Immediate medical attention and special freatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing gents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen order skinus After fire sprinter Wear self-contained respirator. Wear fully protective empiriter Wear self-containee free privator. Wear fully protective empinent.	
3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 737244-55 Finoc1-Serine 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After secondart finance opened eye for several minutes under running water. Then consult a doctor. After secondart finance opened eye for several minutes under running water. Then consult a doctor. After secondart finance opened eye for several minutes under running water. Ther operation of operation Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. Situble extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If his product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide, more there and the released: Carbon monoxide and carbon dioxide, more appreciated persona gives. Protective equipment: Wear self-contained reportance. Protective equipment: Wear self-contained reportance. There fighting measures Personal precautions, protective equipment and emergency procedures Wear rolly protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persona sway. Ensure adequate ventilation Envir	(Contd. on page 2)

Product name: Fmoc-L-Serine

See Section 13 for disposal information

See Section 13 for disposal information.		(conta: of page 1)			
7 Handling and storage					
Handling					
Precautions for safe handling Keep container tightly sealed.					
Store in cool, dry place in tightly closed containers. Information about protection against explosions and fires: No information known.					
Conditions for safe storage, including any incompatibilities					
Storage Requirements to be met by storeroon	ns and receptacles: No special requirements.				
Information about storage in one com	mon storage facility: Store away from oxidizing agents.				
Further information about storage conditions: Keep container tightly sealed.					
Store in cool, dry conditions in well seale Specific end use(s) No further relevant	ed containers. information available.				
8 Exposure controls/personal prote	action				
Additional information about design of technical systems:					
Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.					
Control parameters Components with limit values that require monitoring at the workplace: Not required.					
Additional information: No data					
Exposure controls Personal protective equipment					
General protective and hygienic measures The usual processionary measures for handling chemicals should be followed					
Keep away from foodstuffs, beverages a Remove all soiled and contaminated clo	and feed.				
Wash hands before breaks and at the er	Wash hands before breaks and at the end of work.				
Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present.					
Protection of hands: Impervious gloves					
Check protective gloves prior to each use for their proper condition.					
Eye protection: Safety glasses					
Body protection: Protective work clothi	ng.				
9 Physical and chemical properties					
Information on basic physical and che General Information	emical properties				
Appearance: Form:	Powder				
Odor:	Not determined				
Odor threshold: pH-value:	Not determined. Not applicable.				
Change in condition					
Melting point/Melting range: Boiling point/Boiling range:	104-106 °C (219-223 °F) Not determined				
Sublimation temperature / start:	Not determined				
Flash point: Flammability (solid, gaseous)	Not applicable Not determined.				
Ignition temperature:	Not determined				
Decomposition temperature: Auto igniting:	Not determined Not determined.				
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.				
Lower:	Not determined				
Upper: Vapor pressure:	Not determined Not applicable.				
Density: Relative density	Not determined Not determined				
Vapor density	Not applicable.				
Evaporation rate Solubility in / Miscibility with	Not applicable.				
Water: Not determined Partition coefficient (n-octanol/water): Not determined.					
Viscosity: dynamic:					
kinematic:	Not applicable. Not applicable.				
Other information	No further relevant information available.				
10 Stability and reactivity					
Reactivity No information known					
Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications.					
Possibility of hazardous reactions No	Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available.				
Incompatible materials: Oxidizing agents					

Incompatible materials: Oxidizing agents Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides

11 Toxicological information Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute	n.	
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governm Do not allow undiluted product or large quantities to reach ground water, water Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.	nental permits. course or sewage system.	
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.		
14 Transport information Not a hazardous material for transportation.		
UN-Number DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	
Transport hazard class(es) DOT, ADR, IMDG, IATA Class	None	
Packing group DOT, IMDG, IATA	None	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code		
Transport/Additional information:	Not dangerous according to the above specifications.	
DOT Marine Pollutant (DOT):	No	
 In the search and development only. This product must be used for commercial purposes or in formulations for commercial purposes or in formulations for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified indiv Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulation 	bstances Control Act Chemical Substance Inventory. Use of this product is restricted fer the supervision of a technically qualified individual as defined by TSCA. This ercial purposes. riduals. tions (EC) No. 1907/2006. Substance is not listed. e Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the bstance is not listed.
