

Safety Data Sheet per OSHA HazCom 2012

Product name: 2,4,6-Trichlorobenzeneboronic acid

## (Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen chloride (HCl) Boron oxide Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves The selection of suitable gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Penetration time of glove material (in minutes) Not determined Eye protection: Safety glasses Body protection: Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Solid Color: White Odor: Not determined Odor threshold: Not determined Not applicable. pH-value: Change in condition 162-164 °C (324-327 °F) Not determined Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: Not determined Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Not determined Not determined Not determined Auto igniting: Not determined (Contd. on page 3)

## 2 1 6-Trichlorobe oho nic cid F

Page 3/4 Printing date 11/24/2015 Reviewed on 09/15/2011

	Ke	eviewed on 09/15/2011
Product name: 2,4,6-Trichlorobenz	zeneboronic acid	
		(Contd. of page 2)
Danger of explosion: Explosion limits:	Not determined.	
Explosion limits: Lower:	Not determined	
Upper: Vapor pressure:	Not determined Not applicable.	
Density:	Not determined	
Relative density Vapor density	Not determined. Not applicable.	
Evaporation rate	Not applicable.	
Solubility in / Miscibility with Water:	Not determined	
Partition coefficient (n-octanol/water Viscosity:		
dynamic:	Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
10 Stability and reactivity		I
Reactivity No information known. Chemical stability Stable under recon	mmended storage conditions.	1
Thermal decomposition / conditions	s <b>to be avoided:</b> Decomposition will not occur if used and stored according to specifications. No dangerous reactions known	
<b>Conditions to avoid</b> No further releva	ant information available	
Incompatible materials: Oxidizing age Hazardous decomposition products.	gents <b>s</b> :	
Carbon monoxide and carbon dioxide Boron oxide	•	
		{
11 Toxicological information		
Information on toxicological effects Acute toxicity: No effects known.	i	
LD/LC50 values that are relevant for		
Skin irritation or corrosion: Causes s Eye irritation or corrosion: Causes s	serious eve irritation.	1
Sensitization: No sensitizing effects k	Anown.	
Germ cell mutagenicity: No enecis M Carcinogenicity: EPA-I: Data are inar	known. known. adequate for an assessment of human carcinogenic potential.	1
Reproductive toxicity: No effects kno	IOWN.	
Specific target organ system toxicit Specific target organ system toxicit	ty - repeated exposure: No effects known. ty - single exposure: May cause respiratory irritation.	
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effe	· · · · · · · · · · · · · · · · · · ·	
Additional toxicological information	ects known. <b>n:</b> To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information		
Toxicity		
Aquatic toxicity: No further relevant in	information available.	
Persistence and degradability No fur Bioaccumulative potential No further	rther relevant information available.	
Bioaccumulative potential No further Mobility in soil No further relevant info	formation available.	
Additional ecological information: General notes:		
Do not allow material to be released to	o the environment without proper governmental permits. e quantities to reach ground water, water course or sewage system.	
Avoid transfer into the environment.		
Results of PBT and vPvB assessment PBT: Not applicable.	ant	
vPvB: Not applicable. Other adverse effects No further relev	event information available	
13 Disposal considerations		
Waste treatment methods Recommendation Consult state. local	al or national regulations to ensure proper disposal.	
Uncleaned packagings:		
Recommendation: Disposal must be I	made according to official regulations.	
14 Transport information		
UN-Number DOT, ADN, IMDG, IATA	Not applicable	
UN proper shipping name		
DOT, ADN, IMDG, IATA	Not applicable	
Transport hazard class(es) DOT, ADR, ADN, IMDG, IATA		
Class	Not applicable	
Packing group DOT, IMDG, IATA	Not applicable	
DOT, IMDG, IATA Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
Transport in bulk according to Anne	ex II of MARPOL73/78 and the IBC Code Not applicable.	
Transport/Additional information:		
DOT	•1.	
Marine Pollutant (DOT):	No	(Contd. on page 4)

(Contd. of page 3)

UN "Model Regulation":
15 Regulatory information
Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms
GHS07
Signal word Warning Hazard statements H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. Precautionary statements
P261 Avoid breathing dust/fume/gas/mist/vapours/spray.   P280 Wear protective gloves/protective clothing/eye protection/face protection.   P305+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.   P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing.   P405 Store locked up.
P501 Dispose of contents/container in accordance with local/regional/national/international regulations.
National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed.
California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed.
Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed.
Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
16 Other information
Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
