	Version 1
1 Identification Product identifier	
Product name: Guanosine-5'-diphosphate disodium salt	
Stock number: J61646	
CAS Number: 7415-69-2	
EC number: 231-026-2	
Details of the supplier of the safety data sheet	
Manufacturer/Supplier: Alfa Aesar	
Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street	
Ward Hill, MA 01835-8099 Tel: 800-343-0660	
Fax: 800-322-4757 Email: tech@alfa.com	
www.alfa.com Information Department: Health, Safety and Environmental Department	
Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-07	789
2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)	
The substance is not classified as hazardous according to 29 CFR 1910 (OSHA GHS). Hazards not otherwise classified No information known.	
Label elements	·
GHS label elements Not applicable Hazard pictograms Not applicable	
Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable	
WHMIS classification Not controlled Classification system	
HMIS ratings (scale 0-4) (Hazardous Materials Identification System)	
HEALTH I Health (acute effects) = 1 FIRE I Flammability = 1 REACTIVITY Physical Hazard = 1	
Other hazards	
Results of PBT and vPvB assessment PBT: Not applicable.	
vPvB: Not applicable.	
3 Composition/information on ingredients	
Chemical characterization: Substances CAS# Description:	
7415-69-2 Guanosine-5'-diphosphate disodium salt Concentration: ≤100%	
Identification number(s): EC number: 231-026-2	
4 First-aid measures Description of first aid measures	
After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm.	
Seek immediate medical advice.	
After skin contact Immediately wash with water and soap and rinse thoroughly.	
Seek immédiate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor.	
After swallowing Seek medical treatment. Information for doctor	
Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.	
5 Fire-fighting measures	
Extinguishing media	
Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture	
If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide	
Sodium oxide Nitrogen oxides (NOx)	
Phosphorus oxides Advice for firefighters	
Protective equipment: Wear self-contained respirator	
Wear fully protective impervious suit.	
6 Accidental release measures	
Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.	
Ensure adequate ventilation	(Contd. on page 2)
	USA

Product name: Guanosine-5'-diphosphate disodium salt

Environmental presentations: Control allow malerial to be released to the environment without proper governmental permits. First environmental presentations: First environmental presentations: First environmental permits. First environmental	Product name. Guanosine-5 -diprios		
Handling Precautions for safe handling Keep container tighty sealed. Information about protection against explosions and free: No information known. Other Control Explosure including any incompatibilities State and the safe storage. Including any incompatibilities State and the safe storage conditions: Keep container highty sealed. Between the safe storage conditions: Keep container highty sealed. Between the safe storage conditions: Keep container highty sealed. Between the safe storage conditions: Keep container highty sealed. Between the safe storage conditions: Keep container highty sealed. Property controls/personal protection Additional information about design of technical systems: Property controls personal protection of instanticus chanicals and having an average face velocity of at least 100 feet par minute. Control parameters Property controls and protection on proteiners in our relevant quantition of instanticus chanicals and having an average face velocity of at least 100 feet par minute. Control parameters Property controls parameters Property controls and hygionic measures The usale protective and hygionic measures the usale store and containative of change are present. Wesh hands (CMSA) OF E(CH14) contrides are present. Wesh hands (CMSA) OF E(CH14) contrides are present. Wesh hands (CMSA) OF E(CH1	Methods and material for containmen Prevention of secondary hazards: No Reference to other sections See Section 7 for information on safe he See Section 13 for disposal information. Protective Action Criteria for Chemic. PAC-1: Substance is not listed. PAC-2: Substance is not listed.	It and cleaning up: Pick up mechanically. special measures required. andling al protection equipment.	(Contd. of page 1)
Additional information about design of technical systems: Property operating chemical lume hood designed for lizarotous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Personal protective aduptment General protective aduptment General protective aduptment General protective aduptment Remove aduptionary measures for handling of materials should be followed. Maintain an engonomically apportate working environment. Use suitable respirator when high concentrations are present. Use suitable respirator protective device in case of insufficient ventilation. Recommended fifting the NS (USM) control (E)	Handling Precautions for safe handling Keep con Information about protection against Conditions for safe storage, including Storage Requirements to be met by storeroom Information about storage in one con Protect from heat	explosions and fires: No information known. g any incompatibilities ns and receptacles: Store in freezer (-20 °C). amon storage facility:

Other information	No further relevant information available.
0 Stability and reactivity	
Reactivity No information known Chemical stability Stable under	recommended storage conditions
Thermal decomposition / con	recommended storage conditions. itions to be avoided: Decomposition will not occur if used and stored according to specifications.
Possibility of hazardous react Conditions to avoid No further	ons Reacts with strong oxidizing agents
Incompatible materials:	elevant information available.
Oxidizing agents Heat	
Hazardous decomposition pro	
Carbon monoxide and carbon di Sodium oxide	
Nitrogen oxides	
Phosphorus oxides (e.g. P2O5)	
1 Toxicological information	
Information on toxicological e	fects
Acute toxicity: No effects know LD/LC50 values that are releva	nt for classification: No data
Skin irritation or corrosion: Ma	y cause irritation
Eye irritation or corrosion: Ma Sensitization: No sensitizing efi	cause irritation
Germ cell mutagenicity: No eff	ects known.
	on data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.
Reproductive toxicity: No effect	
	pxicity - repeated exposure: No effects known.
	oxicity - single exposure: No effects known.
Aspiration hazard: No effects k Subacute to chronic toxicity: I	
Additional toxicological inforr	ation: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.
2 Ecological information	
Toxicity	
Aquatic toxicity: No further rele	vant information available.
Persistence and degradability	No further relevant information available. urther relevant information available.
Mobility in soil No further releva	int information available.
Additional ecological informat General notes:	on:
Do not allow material to be relea	sed to the environment without proper governmental permits.
Do not allow undiluted product o Avoid transfer into the environme	large guantities to reach ground water, water course or sewage system.
Results of PBT and vPvB asse	n. ssment
PBT: Not applicable. vPvB: Not applicable.	
Other adverse effects No furthe	r relevant information available.
13 Disposal considerations	
Waste treatment methods	
Recommendation Consult state	, local or national regulations to ensure proper disposal.
Uncleaned packagings: Recommendation: Disposal mu	st be made according to official regulations.
4 Transport information UN-Number	
DOT, ADN, IMDG, IATA	Not applicable
UN proper shipping name DOT, ADR, ADN, IMDG, IATA	Not applicable
Transport hazard class(es)	Νοι αρμησιώσ
DOT, ADR, ADN, IMDG, IATA	
Class	Not applicable
Packing group DOT, ADR, IMDG, IATA	Not applicable
Environmental hazards:	Not applicable.
Special precautions for user	Not applicable.
	Annex II of MARPOL73/78 and the IBC Code Not applicable.
Transport/Additional informati	
DOT	
Marine Pollutant (DOT):	No
UN "Model Regulation":	Not applicable
E Desulatory information	
5 Regulatory information	tal regulations/legislation specific for the substance or mixture
GHS label elements Not application	ble
Hazard pictograms Not applica Signal word Not applicable	ıle
Hazard statements Not applicable	le (Oartheanna

Product name: Guanosine-5'-diphosphate disodium salt

National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. This product is not listed on the Canadian Domestic Substances List (DSL) or the Canadian Non-Domestic Substances List (NDSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Developmental toxicity, Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed.

The Conditions of restrictions according to Article of and Annex XVI of the Regulation (EQ) is market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

16 Other information

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user. conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user."
