

	Reviewed on 12/11/2007
	Identification Product identifier
	Product name: Palladium, 5% on barium sulfate
	Stock number: L05345 CAS Number: 7440-05-3 Relevant identified uses of the substance or mixture and uses advised against.
	Identified use: SU24 Scientific research and development Details of the supplier of the safety data sheet Manufacturer/Supplier:
	Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-322-4757 Email: tech @alfa.com
	www.alfa.com Information Department: Health, Safety and Environmental Department Emergency telephone number: Call Carechem 24 at +44 (0) 1865 407333 During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.
	Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known.
	Label elements GHS label elements Not applicable Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable WHMIS classification Not controlled Classification system HMIS ratings (scale 0-4) (Hazardous Materials Identification System)
	HEALTH I HEALTH I FIRE I FIRE I FIRE I FIRE I Physical Hazard = 1
	Other hazards Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable.
3	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 7440-05-3 Palladium, 5% on barium sulfate
4	First-aid measures
	Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate web with webor and each and rings theroughly.
	Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor
	Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.
	Fire-fighting measures
	Extinguishing media Suitable extinguishing agents Product is not flammable. Use fire-fighting measures that suit the surrounding fire. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Barium oxide Metal oxide fume Sulfur oxides (SOx) Advice for firefighters Protective equipment:
	Wear self-contained respirator. Wear fully protective impervious suit.
6	Accidental release measures
	Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Pick up mechanically.

Methods and material for containment and cleaning up: Pick up mechanically. Prevention of secondary hazards: No special measures required.

Product name: Palladium, 5% on barium	
Partition coefficient (n-octanol/water): Not	determined. (Contd. of page
Viscosity:	
kinematic: Not	applicable. applicable.
Other information No	further relevant information available.
0 Stability and reactivity	
Reactivity No information known. Chemical stability Stable under recommend	led storage conditions.
Thermal decomposition / conditions to be Possibility of hazardous reactions No dan	avoided: Decomposition will not occur if used and stored according to specifications.
Conditions to avoid No further relevant info Incompatible materials: Oxidizing agents	rmation available.
Hazardous decomposition products:	
Barium oxide Metal oxide fume	
Sulfur oxides (SOx)	
11 Toxicological information	
Information on toxicological effects Acute toxicity: No effects known.	
LD/LC50 values that are relevant for class	ification: No data
Skin irritation or corrosion: Generally the p Eye irritation or corrosion: May cause irrita	ation
Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known.	
Carcinogenicity:	
No classification data on carcinogenic proper	ibstances (RTECS) contains tumorigenic and/or carcinogenic and/or neoplastic data for this substance. rties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.
Specific target organ system toxicity - rep	eated exposure: No effects known.
Specific target organ system toxicity - sin Aspiration hazard: No effects known.	gle exposure: No effects known.
Subacute to chronic toxicity:	the second stands of her was structured to the tip found in patients of her international of her international of
Barium sultate is essentially insoluble in wate soluble barium impurities, however, may incr	er and does not show the effects on all forms of muscle that is found in soluble compounds of barium. The presence o ease the toxicity. High dust levels of barium sulfate have caused baritosis, a benign pneumoconiosis. Barium sulfate
has caused tumors in laboratory rate via intra	phoural routo
energy by nerves and muscles, induce lung i Subacute to chronic toxicity: No effects kn	d kidney damage in experimental animals. Other animal experiments indicate that it may interfere with the use of malfunctions and produce abnormal fetuses.
Additional toxicological information: To th	be best of our knowledge the acute and chronic toxicity of this substance is not fully known.
12 Ecological information	
Toxicity	а –
Aquatic toxicity: No further relevant informa Persistence and degradability No further re	elevant information available.
Bioaccumulative potential No further releva	ant information available.
Mobility in soil No further relevant information Additional ecological information: General notes:	
Do not allow material to be released to the er	nvironment without proper governmental permits.
Avoid transfer into the environment. Results of PBT and vPvB assessment	
PBT: Not applicable. vPvB: Not applicable.	
Other adverse effects No further relevant in	formation available.
13 Disposal considerations	
Waste treatment methods Recommendation Consult state, local or nat	tional regulations to ensure proper disposal.
Uncleaned packagings: Recommendation: Disposal must be made
