

Safety Data Sheet per OSHA HazCom 2012

	entification
	oduct identifier
	oduct name: N-Fmoc-4-methoxy-L-phenylalanine
	ock number: H52117 AS Number:
77	128-72-4 elevant identified uses of the substance or mixture and uses advised against.
Ide	entified use: SU24 Scientific research and development
De	etails of the supplier of the safety data sheet
Alf	anufacturer/Supplier: a Aesar
1h 30	ermo Fisher Scientific Chemicals, Inc. Bond Street
Wa	ard Hill, MA 01835-8099 J: 800-343-0660
Fa	x: 800-322-4757
WИ	nail: tech@alfa.com vw.alfa.com
Int En	formation Department: Health, Safety and Environmental Department nergency telephone number:
Du	iring normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.
2 Ha	azard(s) identification
Cla	assification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)
1h <b>Ha</b>	e substance is not classified according to the Globally Harmonized System (GHS). In a substance is not classified No information known.
	bel elements
Ha	HS label elements Not applicable Izard pictograms Not applicable
Sig	gnal word Not applicable
WI	izard statements Not applicable HMIS classification Not controlled
Cla HN	assification system //S ratings (scale 0-4)
(Ha	MIS ratings (scale 0-4) azardous Materials Identification System)
HEA FIRE	Health (acute effects) = 1     Flammability = 1
REA	Physical Hazard = 1
	her hazards
PE	esults of PBT and vPvB assessment 3T: Not applicable.
vP	vB: Not applicable.
3 Co	omposition/information on ingredients
	nemical characterization: Substances AS# Description:
77	128-72-4 N-Fmoc-4-methoxy-L-phenylalanine
4 Fi	rst-aid measures
	escription of first aid measures
Aft Su	ter inhalation upply fresh air. If required, provide artificial respiration, Keep patient warm
Se	pply fresh air. If required, provide artificial respiration. Keep patient warm. ek immediate medical advice. <b>ter skin contact</b>
Im	mediately wash with water and soap and rinse thoroughly.
	ter eye contact medical advice. ter eye contact Rinse opened eye for several minutes under running water. Then consult a doctor.
Af	ter swallowing Seek medical tréatment. Formation for doctor
Мс	ost important symptoms and effects, both acute and delayed No further relevant information available.
	la den a la manuella la manuella de la den a
Inc	dication of any immediate medical attention and special treatment needed No further relevant information available.
5 Fii	dication of any immediate medical attention and special freatment needed No further relevant information available. re-fighting measures
5 Fii Ex	dication of any immediate medical attention and special treatment needed No further relevant information available. re-fighting measures atinguishing media
5 Fil Ex Su Sp	dication of any immediate medical attention and special freatment needed No further relevant information available. re-fighting measures rtinguishing media nitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Decial hazards arising from the substance or mixture
5 Fil Ex Su Sp If t	dication of any immediate medical attention and special freatment needed No further relevant information available. re-fighting measures rtinguishing media nitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Product name: N-Fmoc-4-methoxy-		wed on 00/14/2010
	L-phenylalahine	
See Section 8 for information on persor See Section 13 for disposal information	nal protection equipment.	(Contd. of page 1)
7 Handling and storage		
Handling Precautions for safe handling Keep container tightly sealed.		
Store in cool, dry place in tightly closed Information about protection against	containers. t <b>explosions and fires:</b> No information known.	
Conditions for safe storage, includin	g any incompatibilities	
Storage Requirements to be met by storeroor	ms and receptacles: No special requirements.	
Information about storage in one cor Further information about storage co	nmon storage facility: Store away from oxidizing agents.	
Koon container tightly souled		
Store in cool, dry conditions in well sea Specific end use(s) No further relevan	t information available.	
8 Exposure controls/personal prot	tection	
Additional information about design Properly operating chemical fume hood	of technical systems: I designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.	
Control parameters		
Components with limit values that re Additional information: No data	equire monitoring at the workplace: Not required.	
Exposure controls Personal protective equipment		
General protective and hygienic mea The usual precautionary measures for I		
Keep away from foodsfuffs, beverages	and feĕd.	
Remove all soiled and contaminated clo Wash hands before breaks and at the e	end of work.	
Maintain an ergonomically appropriate Breathing equipment: Use suitable re-	working environment. spirator when high concentrations are present.	
Protection of hands: Impervious gloves		
Check protective gloves prior to each u	se for their proper condition. y depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.	
Penetration time of glove material (in	n minutes) Not determined	
Eye protection: Safety glasses Body protection: Protective work cloth	ning.	
9 Physical and chemical properties	s	
Information on basic physical and ch		
General Information		
'Form: Odor:	Solid Not determined	
Odor threshold:	Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range:	Not determined	
Boiling point/Boiling range: _Sublimation temperature / start:	Not determined Not determined	
Flammability (solid, gaseous)	Not determined. Not determined	
Ignition temperature: Decomposition temperature:	Not determined	
Auto igniting: Danger of explosion: Explosion limits:	Not determined. Product does not present an explosion hazard.	
Explosion limits: Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density:	Not applicable. Not determined	
Relative density Vapor density	Not determined. Not applicable.	
Evaporation rate	Not applicable.	
Solubility in / Miscibility with Water:	Not determined	
Partition coefficient (n-octanol/water) Viscosity:	): Not determined.	
dynamic: kinematic:	Not applicable. Not applicable.	
Other information	No further relevant information available.	
10 Stability and reactivity		
Reactivity No information known.		
Chemical stability Stable under recom Thermal decomposition / conditions	nmended storage conditions. to be avoided: Decomposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions No Conditions to avoid No further relevar	o dangerous reactions known	
Incompatible materials: Oxidizing age Hazardous decomposition products:	ints	

riouuci name. N-rimou-+-metrioxy-L-prienylaianme		(Contd. of page 2)		
(Contd. of page 2 11 Toxicological information Information on toxicological effects				
Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this mate				
Reproductive toxicity: No effects known				
Specific target organ system toxicity - repeated exposure: No effects known Specific target organ system toxicity - single exposure: No effects known.	n.			
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute				
	and chronic toxicity of this substance is not fully known.			
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governm Do not allow undiluted product or large quantities to reach ground water, water	nental permits. course or sewage system.			
Avoid transfer into the environment. Results of PBT and vPvB assessment				
PBT: Not applicable. vPvB: Not applicable.				
Other adverse effects No further relevant information available.				
<b>13 Disposal considerations</b> Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.				
<b>14 Transport information</b> Not a hazardous material for transportation.				
UN-Number DOT, IMDG, IATA	None			
UN proper shipping name DOT, IMDG, IATA	None			
Transport hazard class(es) DOT, ADR, IMDG, IATA Class	None			
Packing group DOT, IMDG, IATA	None			
Environmental hazards:	Not applicable.			
Special precautions for user	Not applicable.			
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Transport/Additional information:	••			
DOT	Not dangerous according to the above specifications.			
Marine Pollutant (DOT):	No			
15 Regulatory information				
Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements Not applicable Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65				
Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals. Other regulations, limitations and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the				
market and use must be observed. Substance is not listed. Approx VIV of the PEACH Perculations (requiring Authorisation for use) Substance is not listed.				
Annex XIV of the REACH Regulations (requiring Authorisation for use) Sul Chemical safety assessment: A Chemical Safety Assessment has not been c	ostance is not listed. arried out.
