

Safety Data Sheet per OSHA HazCom 2012

# Product name: 2-[2-(Trifluoromethyl)phenyl]ethylamine (Contd. of page 1) After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed Causes severe skin burns. Causes serious eye damage. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen fluoride (HF) Nitrogen oxides (NOx) Advice for firefighters **Protective equipment:** Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away Ensure adequate ventilation Ensure adequate ventilation Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation. **Prevention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from air. Do not store together with acids. Store away from oxidizing agents. Store away from acid chlorides. Store away from acid anhydrides. Further information about storage conditions: Store under dry inert gas. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. **Specific end use(s)** No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Do not inhale dust / smoke / mist. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Recommended filter device for short term use: use a respirator with organic vapor/acid gas cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air-purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards such as NIOSH (USA) or CEN (EU). Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined Eye protection: Tightly sealed goggles Full face protection

## Product name: 2-[2-(Trifluoromethyl)phenyl]ethylamine

Body protection: Protective work clothing.

9 Physical and chemical properties		
Information on basic physical and chemical properties General Information		
Appearance:	Liquid	
Form: Color:	Liquid Pale yellow	
Odor: Odor threshold:	Not determined Not determined.	
pH-value:	Not determined.	
Change in condition		
Melting point/Melting range: Boiling point/Boiling range:	Not determined Not determined	
Sublimation temperature / start: Flammability (solid, gaseous)	Not determined Not determined.	
Ignition temperature: Decomposition temperature:	Not determined Not determined	
Auto igniting:	Not determined.	
Danger of explosion: Explosion limits:	Not determined.	
Lower:	Not determined	
Upper: Vapor pressure:	Not determined Not determined	
Density: Relative density	Not determined Not determined.	
Vapor density Evaporation rate	Not determined. Not determined.	
Solubility in / Miscibility with Water:	Not determined.	
Partition coefficient (n-octanol/water):		
Viscosity: dynamic:	Not determined.	
kinematic: Other information	Not determined. No further relevant information available.	
Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with strong oxidizing agents Conditions to avoid No further relevant information available. Incompatible materials: Acids Air Oxidizing agents Acid chlorides Hazardous decomposition products: Carbon monoxide and carbon dioxide Hydrogen fluoride Nitrogen oxides		
<ul> <li>11 Toxicological information         <ul> <li>Information on toxicological effects</li> <li>Acute toxicity: Swallowing will lead to a strong corrosive effect on mouth and throat and to the danger of perforation of esophagus and stomach.</li> <li>LD/LC50 values that are relevant for classification: No data</li> <li>Skin irritation or corrosion: Causes severe skin burns.</li> <li>Eye irritation or corrosion: Causes serious eye damage.</li> <li>Sensitization: No sensitizing effects known.</li> <li>Germ cell mutagenicity: No effects known.</li> <li>Carcinogenicity: No effects known.</li> <li>Specific target organ system toxicity - repeated exposure: No effects known.</li> <li>Specific target organ system toxicity - single exposure: No effects known.</li> <li>Specific target organ system toxicity - single exposure: No effects known.</li> <li>Subacute to chronic toxicity: No effects known.</li> <li>Aspiration hazard: No effects known.</li> <li>Subacute to chronic toxicity: No effects known.</li> <li>Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.</li> </ul> </li> </ul>		
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.		
13 Disposal considerations		

Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal.

	Reviewed on 09/05/2014	
Product name: 2-[2-(Trifluoromethyl)phenyl]ethylamine		
Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.	(Contd. of page 3)	
14 Transport information		
UN-Number DOT, IMDG, IATA	UN2735	
UN proper shipping name DOT IMDG, IATA	Amines, liquid, corrosive, n.o.s. (2-[2-(Trifluoromethyl)phenyl]ethylamine) AMINES, LIQUID, CORROSIVE, N.O.S. (2-[2-(Trifluoromethyl)phenyl]ethylamine)	
Transport hazard class(es) DOT		
Class Label Class Label IMDG, IATA	8 Corrosive substances. 8 8 (C7) Corrosive substances 8	
Class	8 Corrosive substances.	
Label	8	
Packing group DOT, IMDG, IATA	III	
Environmental hazards: Special precautions for user EMS Number:	Not applicable. Warning: Corrosive substances F-A,S-B	
Segregation groups	Alkalis	
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. Transport/Additional information:		
DOT	No	
Marine Pollutant (DOT): UN "Model Regulation":	No UN2735, Amines, liquid, corrosive, n.o.s. (2-[2-(Trifluoromethyl)phenyl]ethylamine),	
Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms		
GHS05         Signal word Danger         Hazard statements         H314 Causes severe skin burns and eye damage.         Precautionary statements         P260       Do not breathe dust/fume/gas/mist/vapours/spray.         P303+P361+P353 If on skin (or hair). Take off immediately all contaminated clothing. Rinse skin with water/shower.         P305+P351+P353 If on skin (or hair). Take off immediately all contaminated clothing. Rinse skin with water/shower.         P305+P351+P353 IF IN EVKES. Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.         P305+P351+P353 IF SWALLOWED: rinse mouth. Do NOT induce vomiting.         P405       Store locked up.         P501       Dispose of contents/container in accordance with local/regional/national/international regulations.         National regulations       This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product is not listed on the Canadian Domestic Substances List (DSL) or the Canadian Non-Domestic Substances List (NDSL).         SARA Section 313 (specific toxic chemical listings) Substance is not listed.         Prop 65 - Chemicals known to cause cancer Substance is not listed.         Prop 65 - Developmental toxicity, female Substance is not listed. <t< th=""></t<>		
<b>16 Other information</b> Employers should use this information only as a supplement to other informa	tion gathered by them, and should make independent judgement of suitability of this ees. This information is furnished without warranty, and any use of the product not in	

### Product name: 2-[2-(Trifluoromethyl)phenyl]ethylamine

 Abbreviations and acronyms:

 ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)

 IMDG: International Maritime Code for Dangerous Goods

 DOT: US Department of Transport Association

 IATA: International Air Transport Association

 EINECS: European Inventory of Existing Commercial Chemical Substances

 CAS: Chemical Abstracts Service (division of the American Chemical Society)

 HMIS: Hazardous Materials Ildentification System (USA)

 WHMIS: Workplace Hazardous Materials Information System (Canada)

 LC50: Lethal concentration, 50 percent

 LD50: Lethal dose, 50 percent

 VPVB: very Persistent and very Bioaccumulative

 ACGIH: American Cherence of Governmental Industrial Hygienists (USA)

 OSHA: Occupational Safety and Health Administration (USA)

 IMP: National Toxicology Program (USA)

 IARC: International Agency for Research on Cancer

 EPA: Environmental Protection Agency (USA)
