

Safety Data Sheet per OSHA HazCom 2012

Product name: 1-(3-Chloropyridin-2-yl)piperazine (Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen chloride (HCI) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away Ensure adequate ventilation Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Ensure adequate ventilation. Ensure adequate ventilation. **Prevention of secondary hazards:** No special measures required. **Reference to other sections** See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. **Specific end use(s)** No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Liauid Color: Amber Odor: Not determined Odor threshold: Not determined pH-value: Not determined Change in condition Melting point/Melting range: Not determined Boiling point/Boiling range: Sublimation temperature / start: Not determined Not determined Flash point: Not determined Flammability (solid, gaseous) Not determined (Contd. on page 3)

Product name: 1-(3-Chloropyridin-2-yl)piperazine

Product name: 1-(3-Chloropyridin-2-yl)piperazine		
		(Contd. of page 2)
Ignition temperature:	Not determined	
Decomposition temperature: Auto igniting:	Not determined Not determined.	
Danger of explosion:	Product does not present an explosion hazard.	
Explosion limits: Lower:		
Upper:	Not determined Not determined	
Vapor pressure: Density:	Not determined Not determined	
Relative density	Not determined.	
Vapor density Evaporation rate	Not determined. Not determined.	
Solubility in / Miscibility with		
Water: Partition coefficient (n-octanol/water	Not determined): Not determined.	
Viscosity: dynamic:	Not determined.	
kinematic:	Not determined.	
Other information	No further relevant information available.	
10 Stability and reactivity		
Reactivity No information known.		
Chemical stability Stable under recom	nmended storage conditions. to be avoided: Decomposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions N	o dangerous reactions known	
Conditions to avoid No further relevan Incompatible materials: Oxidizing age	nt information available.	
Hazardous decomposition products:		
Carbon monoxide and carbon dioxide Nitrogen oxides		
Hydrogen chloride (HCl)		
11 Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data		
Skin irritation or corrosion: Causes s	skin irritation.	
Eye irritation or corrosion: Causes se Sensitization: No sensitizing effects kr	erious eye irritation.	
Germ cell mutagenicity: No effects kn	own. own. a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Carcinogenicity: No classification data Reproductive toxicity: No effects know	a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Specific target organ system toxicity	repeated exposure: No effects known	
Aspiration hazard: No effects known.	- single exposure: May cause respiratory irritation.	
Subacute to chronic toxicity: No effe	cts known. To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information		
Toxicity	oformation available	
Aquatic toxicity: No further relevant in Persistence and degradability No fun	ther relevant information available.	
Bioaccumulative potential No further Mobility in soil No further relevant info	relevant information available.	
Additional ecological information:		
General notes: Do not allow material to be released to	the environment without proper governmental permits. quantities to reach ground water, water course or sewage system.	
Do not allow undiluted product or large Avoid transfer into the environment.	quantities to reach ground water, water course or sewage system.	
Results of PBT and vPvB assessmer	nt	
PBT: Not applicable. vPvB: Not applicable.		
Other adverse effects No further relev	rant information available.	
13 Disposal considerations		
Waste treatment methods		
Recommendation Consult state, local Uncleaned packagings:	or national regulations to ensure proper disposal.	
Recommendation: Disposal must be n	nade according to official regulations.	
14 Transport information		
14 Transport information Not a hazardous material for transporta	tion.	
UN-Number		
DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	
Transport hazard class(es)		
DOT, ADR, IMDG, IATA Class	Nono	
Packing group	None	
DOT, IMDG, IATA	None	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
		(Contd. on page 4)

USA -

roduct name: 1-(3-Chloropyridin-2-yl)piperaz	
Transport in bulk according to Annex II of MARPO	(Contd. of page
Transport/Additional information:	Not dangerous according to the above specifications.
DOT	
Marine Pollutant (DOT):	No
5 Regulatory information	
Safety, health and environmental regulations/legis GHS label elements The product is classified and lal Hazard pictograms	
GHS07	
P405 Store locked up. P501 Dispose of contents/container in a National regulations This product is not listed in the U.S. Environmental Pi to research and development only. This product must product must not be used for commercial purposes of SARA Section 313 (specific toxic chemical listings California Proposition 65 Prop 65 - Chemicals known to cause cancer Subsi Prop 65 - Developmental toxicity, female Substance Prop 65 - Developmental toxicity, male Substance Prop 65 - Developmental toxicity, male Substance Information about limitation of use: For use only by Other regulations, limitations and prohibitive regul Substance of Very High Concern (SVHC) accordin	clothing/eye protection/face protection. water for several minutes.
