

Safety Data Sheet per OSHA HazCom 2012

## Product name: 4,5-Dichloropyridazin-3[2H]-on (Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen chloride (HCI) Hydrogen cyanide (HCN) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid context with the everage and exin Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. **Breathing equipment:** Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Crystalline powder Color: Pale yellow Not determined Odor: Odor threshold: Not determined. Not applicable. pH-value: Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: 200-204 °C (392-399 °F) Not determined Not determined Flash point: Not applicable Flammability (solid, gaseous) Ignition temperature: Not determined. Not determined (Contd. on page 3)

## Product name: 4,5-Dichloropyridazin-3[2H]-on

Page 3/4 Printing date 11/23/2015 Reviewed on 05/04/2009

		(Contd. of page 2)
Decomposition temperature: Auto igniting:	Not determined Not determined.	
Danger of explosion:	Product does not present an explosion hazard.	
Explosion limits: Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density:	Not applicable. Not determined	
Relative density	Not determined.	
Vapor density Evaporation rate	Not applicable. Not applicable.	
Solubility in / Miscibility with		
Water: Partition coefficient (n-octanol/water)	Insoluble : Not determined.	
Viscosity: dynamic:	Not applicable.	
kinematic:	Not applicable.	
Other information	No further relevant information available.	
10 Stability and reactivity		
Reactivity No information known.		
Chemical stability Stable under recomi Thermal decomposition / conditions t	to be avoided: Decomposition will not occur if used and stored according to specifications.	
Possibility of hazardous reactions No Conditions to avoid No further relevant	angerous reactions known	
Incompatible materials: Oxidizing ager	nts	
Hazardous decomposition products: Carbon monoxide and carbon dioxide		
Nitrogen oxides Hydrogen chloride (HCl)		
Hydrogen cyanide		
11 Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known. LD/LC50 values that are relevant for c	Naccification. No data	
Skin irritation or corrosion: Causes sk	kin irritation.	
Eye irritation or corrosion: Causes se	rious eye irritation.	
Sensitization: No sensitizing effects kno Germ cell mutagenicity: No effects kno	own. own.	
Carcinogenicity: No classification data	on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Reproductive toxicity: No effects know Specific target organ system toxicity	- repeated exposure: No effects known.	
Specific target organ system toxicity Aspiration hazard: No effects known.	- single exposure: May cause respiratory irritation.	
Subacute to chronic toxicity: No effec	ts known. Ta tha bast of sur lugarda day the saute and sharpin to isity of this substance is not fully lugar.	
<b>v</b>	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information		
Toxicity Aquatic toxicity: No further relevant inf	ormation available	
Persistence and degradability No furth	her relevant information available.	
Bioaccumulative potential No further r Mobility in soil No further relevant infor	relevant information available.	
Additional ecological information:		
General notes: Do not allow material to be released to t	he environment without proper governmental permits.	
Avoid transfer into the environment.		
Results of PBT and vPvB assessment PBT: Not applicable.	t	
vPvB: Not applicable. Other adverse effects No further releva	ant information available.	
13 Disposal considerations Waste treatment methods		
Recommendation Consult state, local of	or national regulations to ensure proper disposal.	
Uncleaned packagings: Recommendation: Disposal must be m	ade according to official regulations	
14 Transport information		
UN-Number		
DOT, ADN, IMDG, IATA	Not applicable	
UN proper shipping name DOT, ADN, IMDG, IATA	Not applicable	
Transport hazard class(es)		
DOT, ADR, ADN, IMDG, IATA Class	Not applicable	
Packing group DOT, IMDG, IATA		
	Not applicable	
Environmental hazards: Special precautions for user	Not applicable. Not applicable.	
	I I of MARPOL73/78 and the IBC Code Not applicable.

	Reviewed 0/1 03/04/2009
Product name: 4,5-Dichloropyridazin-3[2H]-on	
	(Contd. of page 3)
Transport/Additional information:	
DOT Marine Pollutant (DOT): No	
UN "Model Regulation": -	
45 Desculatory information	
15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms	
GHS07	
Signal word Warning Hazard statements   H315 Causes skin irritation.   H319 Causes skin irritation.   H319 Causes skin irritation.   H326 Causes skin irritation.   H327 Causes skin irritation.   P261 Avoid breathing dust/fume/gas/mist/vapours/spray.   P261 Avoid breathing dust/fume/gas/mist/vapours/spray.   P261 Avoid breathing dust/fume/gas/mist/vapours/spray.   P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. C   P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. C   P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. C   P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes.   P405 Store locked up.   P501 Dispose of contents/container in accordance with local/regional/national/international regulations.   National regulations This product must be used by or directly under the supervision of a technically qualified individual product must not be used for commercial purposes or in formulations for commercial purposes.   SARA Section 313 (specific toxic chemical listings) Substance is not listed.   Prop 65 - Developmental toxicity, female Substance is not listed.   Prop 65 - Developmen	Use of this product is restricted as defined by TSCA. This
16 Other information Employers should use this information only as a supplement to other information gathered by them, and should make independent jude information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the use	dgement of suitability of this any use of the product not in er.
