

Safety Data Sheet per OSHA HazCom 2012

(Contd. of page 1)

Product name: 2,3-Diamino-6-methoxypyridine dihydrochloride

After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor

Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: It this product is involved in a life, the Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen cyanide (HCN) Hydrogen chloride (HCI) Advice for firefighters Protective equipment: Wear self-contained respirator.

Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away The protective equipment. Reep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data Exposure controls Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eves and skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Crystalline powder Color: Brown Odor: Not determined Odor threshold: Not determined

pH-value:

Change in condition Melting point/Melting range: Boiling point/Boiling range: Not applicable

172 °C (342 °F) (dec) Not determined

(Contd. on page 3)

Product name: 2,3-Diamino-6-methoxypyridine dihydrochloride

Page 3/4 Printing date 11/24/2015 Reviewed on 08/14/2009

		(Contd. of page 2)
Sublimation temperature / start:	Not determined	(= 5.1.0. 5) page 2)
Flash point: Flammability (solid, gaseous) Ignition temperature:	Not applicable Not determined. Not determined	
Decomposition temperature:	Not determined Not determined	
Auto igniting: Danger of explosion: Explosion limits:	Product does not present an explosion hazard.	
Lower:	Not determined	
Upper: Vapor pressure:	Not determined Not applicable.	
Density: Relative density	Not determined Not determined.	
Vapor density	Not applicable.	
Evaporation rate Solubility in / Miscibility with	Not applicable.	
Water: Partition coefficient (n-octanol/water Viscosity:	Soluble r): Not determined.	
dynamic:	Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
10 Stability and reactivity Reactivity No information known.		
Chemical stability Stable under recon	nmended storage conditions.	
Possibility of hazardous reactions N	s to be avoided : Decomposition will not occur if used and stored according to specifications. Io dangerous reactions known	
Conditions to avoid No further relevant Incompatible materials: Oxidizing age	nt information available. ents	
Hazardous decomposition products		
Carbon monoxide and carbon dioxide		
Nitrogen oxides Hydrogen cyanide Hydrogen chloride (HCI)		
11 Toxicological information		
Information on toxicological effects Acute toxicity: Harmful if swallowed.		
LD/LC50 values that are relevant for		
Skin irritation or corrosion: Causes s Eye irritation or corrosion: Causes s		
Sensitization: No sensitizing effects ki	nown.	
Germ cell mutagenicity: No effects ki Carcinogenicity: No classification data	a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Reproductive toxicity: No effects kno	own. y - repeated exposure: No effects known.	
Specific target organ system toxicity	y - single exposure: May cause respiratory irritation.	
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effe	ects known.	
Additional toxicological information	: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information		
Toxicity Aquatic toxicity: No further relevant in	nformation available	
Persistence and degradability No fur	rther relevant information available.	
Bioaccumulative potential No further Mobility in soil No further relevant info	r relevant information available.	
Additional ecological information:	ormation available.	
General notes: Do not allow material to be released to	the environment without proper governmental permits.	
Do not allow undiluted product or large Avoid transfer into the environment.	e quantities to reach ground water, water course or sewage system.	
Results of PBT and vPvB assessme	nt	
PBT: Not applicable. vPvB: Not applicable.		
Other adverse effects No further relev	vant information available.	
13 Disposal considerations		
Waste treatment methods		
Recommendation Consult state, local Uncleaned packagings:	l or national regulations to ensure proper disposal.	
Recommendation: Disposal must be i	made according to official regulations. tter, if necessary with cleansing agents.	
14 Transport information		
Not a hazardous material for transporta		
DOT, IMDG, IATA UN proper shipping name DOT, IMDG, IATA	None	
DOT, IMDG, IATA Transport hazard class(es)	None	
DOT, ADR, IMDG, IATA		
Class	None	(Q. 11)
		(Contd. on page 4)

Product name: 2,3-Diamino-6-methoxypyridine dihydrochloride

rioduct name. 2,3-Diamino-o-methoxypyhume um	
	(Contd. of page 3)
Packing group DOT, IMDG, IATA	None
Environmental hazards:	Not applicable.
Special precautions for user	Not applicable.
Transport in bulk according to Annex II of MARPOL73/7	78 and the IBC Code Not applicable.
Transport/Additional information:	Not dangerous according to the above specifications.
DOT	
Marine Pollutant (DOT):	No
15 Regulatory information	
Safety, health and environmental regulations/legislation	n specific for the substance or mixture
GHSt, label elements The product is classified and labeled i Hazard pictograms	in accordance with 29 CFR 1910 (OSHA HCS)
\wedge	
\checkmark	
GHS07	
Signal word Warning	
Hazard statements H302 Harmful if swallowed.	
H315 Causes skin irritation.	
H319 Causes serious eye irritation. H335 May cause respiratory irritation	
H335 May cause respiratory irritation. Precautionary statements	,
P261 Avoid breathing dust/fume/gas/mist/vapo P280 Wear protective gloves/protective clothin	ours/spray. ng/eye protection/face protection. r for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. ir and keep comfortable for breathing.
P305+P351+P338 IF IN EYES: Rinse cautiously with water	for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P304+P340 IF INHALED: Remove person to fresh ai P405 Store locked up.	r and keep comfortable for breathing.
P501 Dispose of contents/container in accorda	ance with local/regional/national/international regulations.
National regulations This product is not listed in the U.S. Environmental Protection	on Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted
to research and development only. This product must be us	sed by or directly under the supervision of a technically qualified individual as defined by TSCA. This
product must not be used for commercial purposes or in for SARA Section 313 (specific toxic chemical listings) Sub	mulations for commercial purposes. Instance is not listed.
California Proposition 65	
Prop 65 - Chemicals known to cause cancer Substance Prop 65 - Developmental toxicity Substance is not listed.	
Prop 65 - Developmental toxicity, female Substance is no	ot listed.
Prop 65 - Developmental toxicity, male Substance is not Information about limitation of use: For use only by tech	nically qualified individuals.
Other regulations, limitations and prohibitive regulation	15 Ita DEACH Demulations (EC) No. 1007/2006. Substance is not listed
The conditions of restrictions according to Article 67 ar	ns the REACH Regulations (EC) No. 1907/2006. Substance is not listed. Ind Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the
market and use must be observed. Substance is not listed.	
Annex XIV of the REACH Regulations (requiring Author Chemical safety assessment: A Chemical Safety Assess	isation for use) Substance is not listed.
Chemical safety assessment: A Chemical Safety Assessr	nent has not béen carried out.
16 Other information	
Employers should use this information only as a supplement	t to other information gathered by them, and should make independent judgement of suitability of this
Information to ensure proper use and protect the health and conformance with this Material Safety Data Sheet, or in con	nt to other information gathered by them, and should make independent judgement of suitability of this d safety of employees. This information is furnished without warranty, and any use of the product not in mbination with any other product or process, is the responsibility of the user.
