

3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

Page: 1 Compilation date: 21/05/2015 Revision date: SAP Revision No: 1

### Section 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: 3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

CAS number: 130309-35-2

Product code: OR14644

1.2. Relevant identified uses of the substance or mixture and uses advised against

### 1.3. Details of the supplier of the safety data sheet

Company name: Apollo Scientific Ltd Units 3 & 4 Parkway Denton Manchester M34 3SG UK Tel: 0161 337 9971 Fax: 0161 336 6932 Email: david.tideswell@apolloscientific.co.uk

# 1.4. Emergency telephone number

### Section 2: Hazards identification

#### 2.1. Classification of the substance or mixture

| Classification under CLP:       | Eye Irrit. 2: H319; Aquatic Chronic 4: H413; Skin Irrit. 2: H315; STOT SE 3: H335            |
|---------------------------------|--|
| Classification under CHIP:      | Xi: R36/37/38; -: R53  |
| Most important adverse effects: | Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation. May |
|                                 | cause long lasting harmful effects to aquatic life.  |

#### 2.2. Label elements

| Label elements:    |   |
|--------------------|---|
| Hazard statements: | H315: Causes skin irritation.                                 |
|                    | H319: Causes serious eye irritation.                          |
|                    | H335: May cause respiratory irritation.                       |
|                    | H413: May cause long lasting harmful effects to aquatic life. |
| Signal words:      | Warning   |
| Hazard pictograms: | GHS07: Exclamation mark                                       |

3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

Page: 2

 Precautionary statements:
 P271: Use only outdoors or in a well-ventilated area.

 P261: Avoid breathing dust.
 P280: Wear protective gloves/protective clothing/eye protection/face protection.

2.3. Other hazards

**PBT:** This product is not identified as a PBT/vPvB substance.

### Section 3: Composition/information on ingredients

3.1. Substances

Chemical identity: 3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

CAS number: 130309-35-2

Section 4: First aid measures

| 4.1. Description of first aid mea                                | sures  |  |
|--|--|--|
| Skin contact:  | Remove all contaminated clothes and footwear immediately unless stuck to skin. Wash          |  |
|  | immediately with plenty of soap and water.   |  |
| Eye contact:   | Bathe the eye with running water for 15 minutes. Consult a doctor.                           |  |
| Ingestion:   | Wash out mouth with water. Consult a doctor.   |  |
| Inhalation:  | Remove casualty from exposure ensuring one's own safety whilst doing so. Consult a           |  |
|  | doctor.  |  |
| 4.2. Most important symptoms and effects, both acute and delayed |  |  |
| Skin contact:  | There may be irritation and redness at the site of contact.                                  |  |
| Eye contact:   | There may be irritation and redness. The eyes may water profusely.                           |  |
| Ingestion:   | There may be soreness and redness of the mouth and throat.                                   |  |
| Inhalation:  | There may be irritation of the throat with a feeling of tightness in the chest. Exposure may |  |
|  | cause coughing or wheezing.  |  |
| Delayed / immediate effects:                                     | Immediate effects can be expected after short-term exposure.                                 |  |
| 4.3. Indication of any immediate                                 | 4.3. Indication of any immediate medical attention and special treatment needed              |  |
| Immediate / special treatment:                                   | Eye bathing equipment should be available on the premises.                                   |  |
| Section 5: Fire-fighting measures                                |  |  |
| 5.1. Extinguishing media   |  |  |
| Extinguishing media:   | Carbon dioxide, dry chemical powder, foam. Suitable extinguishing media for the              |  |

surrounding fire should be used.

# 3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

|                                   |  | Page: | 3 |
|-----------------------------------|--|-------|---|
| 5.2. Special hazards arising from | m the substance or mixture   |       |   |
| Exposure hazards:                 | In combustion emits toxic fumes of carbon dioxide / carbon monoxide. Sulphur oxides          |       |   |
|                                   | (SOx). Nitrogen oxides (NOx).  |       |   |
| 5.3. Advice for fire-fighters     |  |       |   |
| Advice for fire-fighters:         | Wear self-contained breathing apparatus. Wear protective clothing to prevent contact         |       |   |
|                                   | with skin and eyes.  |       |   |
| Section 6: Accidental release m   | leasures   |       |   |
| 6.1. Personal precautions, prote  | ective equipment and emergency procedures  |       |   |
|                                   | Refer to section 8 of SDS for personal protection details. If outside do not approach from   |       |   |
|                                   | downwind. If outside keep bystanders upwind and away from danger point. Mark out the         |       |   |
|                                   | contaminated area with signs and prevent access to unauthorised personnel. Do not            |       |   |
|                                   | create dust.   |       |   |
| 6.2. Environmental precautions    |  |       |   |
| Environmental precautions:        | Do not discharge into drains or rivers.  |       |   |
| 6.3. Methods and material for co  | ontainment and cleaning up   |       |   |
| Clean-up procedures:              | Transfer to a closable, labelled salvage container for disposal by an appropriate            |       |   |
|                                   | method.  |       |   |
| 6.4. Reference to other sections  | 3  |       |   |
| Reference to other sections:      | Refer to section 8 of SDS.   |       |   |
| Section 7: Handling and storag    | e  |       |   |
| 7.1. Precautions for safe handli  | ng   |       |   |
| Handling requirements:            | Avoid direct contact with the substance. Ensure there is sufficient ventilation of the area. |       |   |
|                                   | Do not handle in a confined space. Avoid the formation or spread of dust in the air. Only    |       |   |
|                                   | use in fume hood.  |       |   |
| 7.2. Conditions for safe storage  | , including any incompatibilities  |       |   |
| Storage conditions:               | Store in a cool, well ventilated area. Keep container tightly closed. The floor of the       |       |   |
| -                                 | storage room must be impermeable to prevent the escape of liquids.                           |       |   |
| Suitable packaging:               | Must only be kept in original packaging.   |       |   |
| 7.3. Specific end use(s)          |  |       |   |
| Specific end use(s):              | No data available.   |       |   |
| Section 8: Exposure controls/p    | ersonal protection   |       |   |
| 8.1. Control parameters           |  |       |   |

Workplace exposure limits: No data available.

# 3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

|  | Page:   |
|--|---|
| DNEL/PNEC Values   |   |
| DNEL / PNEC  | No data available.  |
| 8.2. Exposure controls   |   |
| Engineering measures:  | Ensure there is sufficient ventilation of the area. The floor of the storage room must be |
|  | impermeable to prevent the escape of liquids.   |
| Respiratory protection:  | Self-contained breathing apparatus must be available in case of emergency. Respiratory    |
|  | protective device with particle filter.   |
| Hand protection:   | Protective gloves.  |
| Eye protection:  | Safety glasses. Ensure eye bath is to hand.   |
| Skin protection:   | Protective clothing.  |
| ection 9: Physical and chemic  | al properties   |
| 9.1. Information on basic physic   | al and chemical properties  |
| State:   | Powder  |
| Colour:  | White   |
| Melting point/range℃:  | 168-170   |
| 9.2. Other information   |   |
|  |   |
| Other information:   | No data available.  |
| ection 10: Stability and reactive  | ity   |
| 10.1. Reactivity   |   |
| Reactivity:  | Stable under recommended transport or storage conditions.                                 |
| 10.2. Chemical stability   |   |
|  |   |
| Chemical stability:  | Stable under normal conditions.   |
| 10.3. Possibility of hazardous re  | actions   |
| Hazardous reactions:   | Hazardous reactions will not occur under normal transport or storage conditions.          |
|  | Decomposition may occur on exposure to conditions or materials listed below.              |
|  |   |
| 10.4. Conditions to avoid  |   |
| 10.4. Conditions to avoid<br>Conditions to avoid:  | Heat.   |

### 3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

### Section 11: Toxicological information

## 11.1. Information on toxicological effects

### Relevant hazards for substance:

| Hazard                        | Route | Basis              |
|-------------------------------|-------|--------------------|
| Skin corrosion/irritation     | DRM   | Based on test data |
| Serious eye damage/irritation | OPT   | Based on test data |
| STOT-single exposure          | INH   | Based on test data |

Symptoms / routes of exposure

Skin contact: There may be irritation and redness at the site of contact.

Eye contact: There may be irritation and redness. The eyes may water profusely.

Ingestion: There may be soreness and redness of the mouth and throat.

Inhalation: There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.

Delayed / immediate effects: Immediate effects can be expected after short-term exposure.

## Section 12: Ecological information

## 12.1. Toxicity

Ecotoxicity values: No data available.

### 12.2. Persistence and degradability

Persistence and degradability: No data available.

12.3. Bioaccumulative potential

Bioaccumulative potential: No data available.

12.4. Mobility in soil

Mobility: No data available.

# 12.5. Results of PBT and vPvB assessment

**PBT identification:** This product is not identified as a PBT/vPvB substance.

12.6. Other adverse effects

Other adverse effects: Toxic to aquatic organisms. Toxic to soil organisms.

## Section 13: Disposal considerations

| 13.1. Waste treatment methods |   |
|-------------------------------|---|
| Disposal operations:          | MATERIAL SHOULD BE DISPOSED OF IN ACCORDANCE WITH LOCAL, STATE AND                    |
|                               | FEDERAL REGULATIONS   |
| Disposal of packaging:        | Dispose of as special waste in compliance with local and national regulations Observe |
|                               | all federal, state and local environmental regulations.                               |

### 3-THIEN-2-YL-L-ALANINE, N-FMOC PROTECTED

**Page:** 6

#### NB: The user's attention is drawn to the possible existence of regional or national

regulations regarding disposal.

#### Section 14: Transport information

#### Transport class: This product does not require a classification for transport.

#### Section 15: Regulatory information

#### 15.2. Chemical Safety Assessment

**Chemical safety assessment:** A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.

### Section 16: Other information
