SIGMA-ALDRICH

Material Safety Data Sheet

Version 3.0 Revision Date 12/29/2008 Print Date 03/29/2011

KODUCT AND COMPA					
	NY IDENTIFICATION				
Product name	Cetobromo-α-maltose				
Product Number	: A2632				
Brand	: Sigma				
Company	: Sigma-Aldrich 3050 Spruce Street SAINT LOUIS MO 63103 USA				
Telephone	: +180032558	32			
Fax	: +180032550				
Emergency Phone #	: (314) 776-65				
OMPOSITION/INFORM	ATION ON INGREDIEI	NTS			
Synonyms	: α-Bromohepta-O-acetylmaltose				
Formula	: C ₂₆ H ₃₅ BrO	7			
Molecular Weight	: 699.45 g/mol				
CAS-No.	EC-No.	Index-No.	Concentration		
Acetobromo-α-malto	se				
14257-35-3	-	-	-	7

Causes respiratory tract i rough skin. Causes skin irrita	rritation.		

4. FIRST AID MEASURES

General advice

Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

If inhaled

If breathed in, move person into fresh air. If not breathing give artificial respiration Consult a physician.

In case of skin contact

Wash off with soap and plenty of water. Take victim immediately to hospital. Consult a physician.

In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

If swallowed

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

5. FIRE-FIGHTING MEASURES

Flammable properties Flash point

no data available

Ignition temperature no data available

Suitable extinguishing media Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Special protective equipment for fire-fighters

Wear self contained breathing apparatus for fire fighting if necessary.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions

Wear respiratory protection. Avoid dust formation. Avoid breathing dust. Ensure adequate ventilation. Evacuate personnel to safe areas.

Environmental precautions

Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

Methods for cleaning up

Pick up and arrange disposal without creating dust. Keep in suitable, closed containers for disposal.

7. HANDLING AND STORAGE

Handling

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection.

Storage

Keep container tightly closed in a dry and well-ventilated place.

Recommended storage temperature: -20 °C

Moisture sensitive.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Contains no substances with occupational exposure limit values.

Personal protective equipment

Respiratory protection

Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N99 (US) or type P2 (EN 143) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Hand protection

Handle with gloves.

Eye protection

Safety glasses

Skin and body protection

Choose body protection according to the amount and concentration of the dangerous substance at the work place.

Hygiene measures

Avoid contact with skin, eyes and clothing. Wash hands before breaks and immediately after handling the product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance

Form	solid	
Safety data		
рН	no data available	
Melting point	no data available	
Boiling point	no data available	
Flash point	no data available	
Ignition temperature	no data available	
Lower explosion limit	no data available	
Upper explosion limit	no data available	
Water solubility	no data available	

10. STABILITY AND REACTIVITY

Storage stability

Stable under recommended storage conditions.

Materials to avoid Strong oxidizing agents

Hazardous decomposition products Hazardous decomposition products formed under fire conditions. - Carbon oxides, Hydrogen bromide gas

13. DISPOSAL C	ONSIDERATIONS			
Product	ederal state, and local environmental regulations. Contact a licensed professional waste disposa			

Observe all federal, state, and local environmental regulations. Contact a licensed professional waste disposal service to dispose of this material. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber.

Contaminated packaging

Dispose of as unused product.
