

2,2-Difluoropropan-1-ol Safety Data Sheet 2101352 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 12/18/2018 Version: 1.0

SECTION 1: Identification		
1.1. Identification		
Product form	: Substance	
Substance name	: 2,2-Difluoropropan-1-ol	
CAS No	: 33420-52-9	
Product code	: 2101-3-52	
Formula	: C3H6F2O	
Other means of identification	: MFCD07782150	
1.2. Relevant identified uses of the	substance or mixture and uses advised against	
Use of the substance/mixture	Laboratory chemicals Manufacture of substances Scientific research and development	
1.2 Details of the supplier of the se	-	
1.3. Details of the supplier of the sa SynQuest Laboratories, Inc.	arety data sheet	
P.O. Box 309 Alachua, FL 32615 - United States of Ameri T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlab		
1.4. Emergency telephone number		
Emergency number	: (844) 523-4086 (3E Company - Account 10069)	
SECTION 2: Hazard(s) identificat	tion	
2.1. Classification of the substance		
Classification (GHS-US)		
Skin Irrit. 2 H315 - Causes skin	irritation

3.2. Mixture				
Not applicable				
SECTION 4: First aid measures				
4.1. Description of first aid measure	es			
First-aid measures general	: In ca whe	ase of accident or if you feel unwell, s re possible). Move the affected perso	onnel away from th	ne contaminated area.
First-aid measures general First-aid measures after inhalation	: In ca whe : Ren resp	re possible). Move the affected person nove person to fresh air and keep cor piration. Get immediate medical advice	onnel away from th nfortable for breat e/attention.	ne contaminated area. hing. If not breathing, give artificial
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact	: In ca whe : Ren resp : Was	re possible). Move the affected person nove person to fresh air and keep cor piration. Get immediate medical advic sh with plenty of soap and water. Get	onnel away from th nfortable for breat e/attention. immediate medica	ne contaminated area. hing. If not breathing, give artificial al advice/attention.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact	: In ca whe : Ren resp : Was : Imm pres	re possible). Move the affected person nove person to fresh air and keep con piration. Get immediate medical advices wheth plenty of soap and water. Get nediately flush eyes thoroughly with we nent and easy to do. Continue rinsing	onnel away from the nfortable for breat e/attention. immediate medica ater for at least 15 . Get immediate m	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion	: In ca whe : Ren resp : Was : Imm pres : Do f	re possible). Move the affected person nove person to fresh air and keep con piration. Get immediate medical advic sh with plenty of soap and water. Get rediately flush eyes thoroughly with w	onnel away from the nfortable for breat e/attention. immediate medic: ater for at least 15 . Get immediate mething by mouth to	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention. an unconscious person. Rinse
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and	: In ca whe : Ren resp : Was : Imm pres : Do I mou effects, both	re possible). Move the affected person nove person to fresh air and keep con- biration. Get immediate medical advice sh with plenty of soap and water. Get rediately flush eyes thoroughly with w sent and easy to do. Continue rinsing NOT induce vomiting. Never give any th out with water. Get immediate mer acute and delayed	onnel away from the mfortable for breat e/attention. immediate medic: ater for at least 15 . Get immediate mediate thing by mouth to dical advice/attent	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention. an unconscious person. Rinse ion.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion	: In ca whe : Ren resp : Was : Imm pres : Do f mou effects, both : The	re possible). Move the affected person nove person to fresh air and keep con- biration. Get immediate medical advices with plenty of soap and water. Get rediately flush eyes thoroughly with we sent and easy to do. Continue rinsing NOT induce vomiting. Never give any thout with water. Get immediate me	onnel away from the mfortable for breat e/attention. immediate medic: ater for at least 15 . Get immediate mediate thing by mouth to dical advice/attent	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention. an unconscious person. Rinse ion.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and Symptoms/injuries	: In ca whe : Ren resp : Was : Imm pres : Do f mou effects, both : The 2.2)	re possible). Move the affected person nove person to fresh air and keep con- biration. Get immediate medical advices with plenty of soap and water. Get rediately flush eyes thoroughly with we sent and easy to do. Continue rinsing NOT induce vomiting. Never give any thout with water. Get immediate me acute and delayed most important known symptoms an	onnel away from the mfortable for breat e/attention. immediate medic: ater for at least 15 . Get immediate mediate thing by mouth to dical advice/attent	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention. an unconscious person. Rinse ion.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and Symptoms/injuries	: In ca whe : Ren resp : Was : Imm pres : Do f mou effects, both : The 2.2)	re possible). Move the affected person nove person to fresh air and keep con- biration. Get immediate medical advice sh with plenty of soap and water. Get nediately flush eyes thoroughly with w event and easy to do. Continue rinsing NOT induce vomiting. Never give any thout with water. Get immediate me in acute and delayed most important known symptoms an and/or in section 11.	onnel away from the mfortable for breat e/attention. immediate medic: ater for at least 15 . Get immediate mediate thing by mouth to dical advice/attent	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention. an unconscious person. Rinse ion.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and Symptoms/injuries 4.3. Indication of any immediate me	: In ca whe : Ren resp : Was : Imm pres : Do f mou effects, both : The 2.2)	re possible). Move the affected person nove person to fresh air and keep con- biration. Get immediate medical advice sh with plenty of soap and water. Get nediately flush eyes thoroughly with w event and easy to do. Continue rinsing NOT induce vomiting. Never give any thout with water. Get immediate me in acute and delayed most important known symptoms an and/or in section 11.	onnel away from the mfortable for breat e/attention. immediate medic: ater for at least 15 . Get immediate mediate thing by mouth to dical advice/attent	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention. an unconscious person. Rinse ion.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and Symptoms/injuries 4.3. Indication of any immediate me Treat symptomatically. SECTION 5: Firefighting measure	: In ca whe : Ren resp : Was : Imm pres : Do f mou effects, both : The 2.2)	re possible). Move the affected person nove person to fresh air and keep con- biration. Get immediate medical advice sh with plenty of soap and water. Get nediately flush eyes thoroughly with w event and easy to do. Continue rinsing NOT induce vomiting. Never give any thout with water. Get immediate me in acute and delayed most important known symptoms an and/or in section 11.	onnel away from the mfortable for breat e/attention. immediate medic: ater for at least 15 . Get immediate mediate thing by mouth to dical advice/attent	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if redical advice/attention. an unconscious person. Rinse ion.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and Symptoms/injuries 4.3. Indication of any immediate me Treat symptomatically. SECTION 5: Firefighting measure 5.1. Extinguishing media	: In ca whe : Ren resp : Was : Imm pres : Do I mou effects, both : The 2.2) dical attenti	re possible). Move the affected person nove person to fresh air and keep con- biration. Get immediate medical advice sh with plenty of soap and water. Get nediately flush eyes thoroughly with w event and easy to do. Continue rinsing NOT induce vomiting. Never give any thout with water. Get immediate me in acute and delayed most important known symptoms an and/or in section 11.	onnel away from the montable for breat e/attention. immediate medica ater for at least 15 . Get immediate mediate mediate thing by mouth to dical advice/attent d effects are desc	ne contaminated area. hing. If not breathing, give artificial al advice/attention. 5 minutes. Remove contact lenses, if nedical advice/attention. an unconscious person. Rinse ion. ribed in the labelling (see section

2,2-Difluoropropan-1-ol Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Protection during firefighting	: Wear gas tight chemically protective clothing in combination with self contained breathing apparatus. For further information refer to section 8: "Exposure controls/personal protection".
SECTION 6: Accidental release meas	ures
6.1. Personal precautions, protective equ	ipment and emergency procedures
General measures	: Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe gas, fumes, vapor or spray.
6.1.1. For non-emergency personnel	
Emergency procedures	: Only qualified personnel equipped with suitable protective equipment may intervene.
6.1.2. For emergency responders	
Protective equipment	: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".
Emergency procedures	: Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level. Consider the risk of potentially explosive atmospheres. Eliminate every possible source of ignition.
6.2. Environmental precautions	
Avoid release to the environment. Notify authoritie	es if product enters sewers or public waters.
6.3. Methods and material for containmer	nt and cleaning up
For containment	: Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.
Methods for cleaning up	: Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel spills into appropriate container for disposal. Ventilate area.
Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
.4. Reference to other sections	
lo additional information available	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Additional hazards when processed	: Handle empty containers with care because residual vapors are flammable.
Precautions for safe handling	: Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes. Keep away from ignition sources (including static discharges). Proper grounding procedures to avoid static electricity should be followed. Use only non-sparking tools.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
.2. Conditions for safe storage, including	g any incompatibilities
echnical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use. Keep away from ignition sources.
ncompatible materials	: Refer to Section 10 on Incompatible Materials.
Storage area	: Store in dry, well-ventilated area. Light sensitive.
SECTION 8: Exposure controls/perso	nal protection
3.1. Control parameters	
No additional information available	
8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Other information	: Safety shoes. 29 CFR 1910.136: Foot Protection.

2,2-Difluoropropan-1-ol Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

according to Federal Register / Vol. 77, No. 58 / Monda	y, March 26, 2012 / Rules and Regulations
SECTION 9: Physical and chemical	properties
9.1. Information on basic physical and	chemical properties
Physical state	: Liquid
Color	: No data available
Odor	: No data available
Odor threshold	: No data available
pH	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: 97 - 99 °C
Flash point	: 31.1 °C
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Specific gravity / density	: 1.1855 g/ml (@ 20 °C)
Molecular mass	: 96.0759 g/mol
Solubility	: No data available
Log Pow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
9.2. Other information	
Refractive index	: 1.3462 (@ 20 °C)
SECTION 10: Stability and reactivit	
SECTION 10: Stability and reactivity	y
10.1. Reactivity	
No additional information available	
10.2. Chemical stability	
The product is stable at normal handling and st	orage conditions.
10.3. Possibility of hazardous reactions	
No additional information available	
10.4. Conditions to avoid	
Keep away from heat, sparks and flame.	
10.5. Incompatible materials	
Acids. Acid anhydrides. Acid chlorides. Strong	oxidizing agents. Strong reducing agents.
10.6. Hazardous decomposition product	s azardous decomposition products should not be produced. Hazardous decomposition products in case of
fire, see Section 5.	
SECTION 11: Toxicological informa	tion
11.1. Information on toxicological effect	
Acute toxicity	: Oral: Harmful if swallowed.
2,2-Difluoropropan-1-ol (33420-52-9)	
ATE US (oral)	500.000 mg/kg body weight

2,2-Difluoropropan-1-ol

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTION 12: Ecological information
12.1. Toxicity
No additional information available
12.2. Persistence and degradability
No additional information available
12.3. Bioaccumulative potential
No additional information available
12.4. Mobility in soil
No additional information available
12.5. Other adverse effects
No additional information available

SECTION 13: Disposal consideration	ns
13.1. Waste treatment methods	
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.
Waste disposal recommendations	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
Additional information	: Recycle the material as far as possible.

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT Transport document description

2,2-Difluoropropan-1-ol

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

DOT Special Provisions (49 CFR 172.102)		 172 - This entry includes alcohol mixtures containing up to 5% petroleum products. B1 - If the material has a flash point at or above 38 C (100 F) and below 93 C (200 F), then the bulk packaging requirements of 173.241 of this subchapter are applicable. If the material has a flash point of less than 38 C (100 F), then the bulk packaging requirements of 173.242 of this subchapter are applicable. IB3 - Authorized IBCs: Metal (31A, 31B and 31N); Rigid plastics (31H1 and 31H2); Composite (31HZ1 and 31HA2, 31HB2, 31HN2, 31HD2 and 31HH2). Additional Requirement: Only liquids with a vapor pressure less than or equal to 110 kPa at 50 C (1.1 bar at 122 F), or 130 kPa at 55 C (1.3 bar at 131 F) are authorized, except for UN2672 (also see Special Provision IP8 in Table 2 for UN2672). T4 - 2.65 178.274(d)(2) Normal
DOT Packaging Exceptions (49 CFR 173.xxx)	:	4b;150
DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27)	:	60 L
DOT Quantity Limitations Cargo aircraft only (49 CFR 175.75)	:	220 L
DOT Vessel Stowage Location	:	A - The material may be stowed "on deck" or "under deck" on a cargo vessel and on a passenger vessel.
Other information	:	No supplementary information available.
TDG		
No additional information available		
Transport by sea		
UN-No. (IMDG)	:	1987
Proper Shipping Name (IMDG)	:	ALCOHOLS, N.O.S.
Class (IMDG)	:	3 - Flammable liquids
Packing group (IMDG)	:	III - substances presenting low danger
Air transport		
UN-No. (IATA)	:	1987
Proper Shipping Name (IATA)	:	Alcohols, n.o.s.
Class (IATA)	:	3 - Flammable Liquids
Packing group (IATA)	:	III - Minor Danger
SECTION 15: Regulatory information	า	

15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

2,2-Difluoropropan-1-ol

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

CAS No 33420-52-9

15.3. US State regulations

12/18/2018

100%

2,2-Difluoropropan-1-ol

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

SECTION 16: Other information

Acute Tox. 4 (Oral)	Acute toxicity (oral) Category 4
Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Flam. Liq. 3	Flammable liquids Category 3
Skin Irrit. 2	Skin corrosion/irritation Category 2
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H226	Flammable liquid and vapor
H302	Harmful if swallowed
H315	Causes skin irritation
H319	Causes serious eye irritation
H335	May cause respiratory irritation
NFPA health hazard	 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given. 2 - Must be moderately heated or exposed to relatively high temperature before ignition can occur.
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
HMIS III Rating	
Health	: 2 Moderate Hazard - Temporary or minor injury may occur
Flammability	 2 Moderate Hazard - Materials which must be moderately heated or exposed to high ambient temperatures before ignition will occur. Includes liquids having a flash point at or above 100 F but below 200 F. (Classes II & IIIA)
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.

SDS US (GHS HazCom 2012)
