

Safety Data Sheet 26223X5 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 02/16/2016 Version: 1.0

SECTION 1: Identification			
1.1. Identification			
Product form	: Substance		
Substance name	: Sodium 2,6-difluorobenz	Jale	
CAS No	: 6185-28-0		
Product code	: 2622-3-X5		
Formula	: C7H3F2NaO2		
Other means of identification	: MFCD03094398		
1.2. Relevant identified uses of the s	substance or mixture and uses	advised against	
Use of the substance/mixture	: Laboratory chemicals Manufacture of substanc Scientific research and d		
1.3. Details of the supplier of the saf	fety data sheet		
SynQuest Laboratories, Inc.			
P.O. Box 309 Alachua, FL 32615 - United States of Americ T (386) 462-0788 - F (386) 462-7097 info@synguestlabs.com - www.synguestlabs			
1.4. Emergency telephone number	<u></u>		
Emergency number	: (844) 523-4086 (3E Com	nany - Account 10069)	
	. (077) 020-4000 (0E COII	pany - Account 10003	
SECTION 2: Hazard(s) identificati	ion		
2.1. Classification of the substance			
Classification (GHS-US)			
STOT SE 3 H335 - May cause respirator Full text of H-phrases: see section 16 2.2. Label elements	y irritation		
GHS-US labeling			
Hazard pictograms (GHS-US)			
	GHS07		
Signal word (GHS-US)	: Warning		
Hazard statements (GHS-US)	: H315 - Causes skin irrita H319 - Causes serious e H335 - May cause respir	ye irritation	
Precautionary statements (GHS-US)	P280 - Wear protective of P302+P352 - If on skin: P304+P340 - If inhaled: P305+P351+P338 - If in lenses, if present and ea P312 - Call a POISON Of P321 - Specific treatmen P332+P313 - If skin irrita P337+P313 - If eye irrita P362+P364 - Take off co P403+P233 - Store in a specific treatmen P405 - Store locked up		U U

Mixture Not applicable SECTION 4: First ald measures In case of acident or if you feel unwell, seek medical advice immediately (show the label where possible). More the affected personnel away from the contaminated area. First-aid measures after inhalation : In case of acident or if you feel unwell, seek medical advice immediately (show the label where possible). More the affected personnel away from the contaminated area. First-aid measures after inhalation : Remove person to fresh air and keep comfortable for at least 15 minutes. Remove contact lenses present and dasy to do. Continue rinsing. Get medical advice/aftention. First-aid measures after inposting : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out why water. Get medical advice/aftention. 4.3. Indication of any immediate medical attention and special treatment needed Teats and measures after inposting media Symptoms/injuries : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding free. 5.4. Extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding free. 5.5. Advice for findighters : In case of fire: Evecuate area. Fireflightling media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water sp				
3.2. Mixture Not applicable SECTION 4: First ald measures First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Move the affected personnel away from the contaminated area. First-aid measures after inhalation : Remove person to feeb air and keep comfortable for breathing, if not breathing, give artificia respiration. Get medical advice/attention. First-aid measures after skin contact : Wash with plenty of soap and water. Get medical advice/attention. First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with weter. Get medical advice/attention. First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with weter. Get medical advice/attention. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see section 12.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fre. 5.3. Advice for finefighters : In case of fif		(CAS No) 6185-28-0	<= 100	Eye Irrit. 2A, H319
Not applicable SECTION 41 First ald measures First-aid measures general in case of accident or if you fed unwell, seek madical advice immediately (abow the label where possible). Move the affected personnel away from the contaminated area. First-aid measures after inhalation is Remove person to fresh air and keep comfortable for breathing, life ot breathing, give artificia respiration. Get medical advice/attention. First-aid measures after eye contact immediately (bab west for a water. Get medical advice/attention. First-aid measures after eye contact immediately flush eyes thoroughly with water for at least 57 minutes. Remove contact lenses present and easy to do. Continue rinsing. Get medical advice/attention. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries i The most important kowns symptoms and affects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomalcally. SECTION 5: First-fighting measures 5.1. Extinguishing media Suitable exinguishing suitable exinguishing suitable exinguishing media Suitable exinguishing suitab	•			
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Move the affected personnel away from the contaminated area. First-aid measures after inhalation :: Remove person for fash air and keep confortable for breathing. If not breathing, give artificia respiration. Get medical advice/attention. First-aid measures after eye contact :: Ummediately fush eyes throughly with water for at least 15 minutes. Remove contact lenses present and easy to do. Continue rinsing. Get medical advice/attention. First-aid measures after ingestion :: Do NOT induce vomiting. Never give anything by mouth to a nunconscious person. Rinse mouth out with water. Get medical advice/attention. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries :: The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any Immediate medical attention and special treatment needed Teret symptomatically. Section 11. 5.3. Advice for firefighters Firefighting media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire. 5.3. Advice for firefighters Firefighting instructions : In case				
4.1. Description of first aid measures First-aid measures general In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Move the affected personnel away from the contaminated area. First-aid measures after inhalation Remove person to fresh air and keep comfortable for breathing. If not breathing, give artificia respiration. Cell medical advice/attention. First-aid measures after eye contact Wash with plenty of scap and water. Get medical advice/attention. First-aid measures after eye contact Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses present and easy to do. Continue rinsing. Get medical advice/attention. First-aid measures after eye contact Do NOT Induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention. 4.2. Most important symptoms and effects. both acute and delayd Symptoms/injuries The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptoms/injuries Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media approvide for surrounding fire. 5.1. Extinguishing media In case of fire: Evacuate area. Protection during firefighting Vear gas tight chemically protective clothing				
First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). More the affected personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label contained personnal away from the contaminediately (show the label personnal away from the contamined personnal away from the contamined personnal contained personnal away from the contaminediately (show the label personnal away from the contamined personnal person from the sense of the contained personnal away from the contamined personnal person from the sense of the contained personnal away from the contamined personnal person from the sense of the contained personnal away from the contamined personnal person from the sense of the medical advice/attention. 4.2 Most Important symptoms and effects. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. Exto				
where possible). Move the affected personnel away from the contaminated area. First-aid measures after inhalation : Remove person to fresh air and keep comortable for breathing, if not breathing, give artificia respiration. Get medical advice/attention. First-aid measures after seve contact : Wash with plenty of soap and water. Get medical advice/attention. First-aid measures after ingestion : Inmediately flush eyes throughly with water for at least 15 minutes. Remove contact lenses present and easy to do. Continue insing. Get medical advice/attention. First-aid measures after ingestion : Do NOT induce vonting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention. 4.2. Most Important symptoms and effects, both acute and delayed Symptoms/injuries Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. SECTION 5: Frienfighting measures : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire. 5.1. Extinguishing media : In case of fire: Evacuate area. Firefighting instructions : In case of fire: Evacuate area. Firefighting instructions, protective equipment and emergency procedures : Evacuate unnecessary personnel.			6 1 1 1 1 1 1 1	
respiration. Get medical advice/attention. First-aid measures after skin contact : Wash with plenty of scap and water. Get medical advice/attention. First-aid measures after eye contact : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses present and easy to do. Continue rinsing. Get medical advice/attention. First-aid measures after ingestion : Do NOT induce vonting, Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries : The most important nows symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. SECTION 5. Firefighting measures 5.1. Extinguishing media Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire. 5.2. Special hazards arising from the substance or mixture Firefighting instructions : In case of fire: Evacuate area. Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breathing appratus. For further information refer to section 8. "Exposure controls/personal protection". SECTION 6: Acc	-	where possible). Move th	e affected personnel away fr	om the contaminated area.
First-aid measures after eye contact : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses present and easy to do. Continue rinsing. Get medical advice/attention. First-aid measures after ingestion : Do NOT induce vontiling. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention. 42. Most important symptoms and effects. both acute and delayed Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire. 5.3. Advice for firefighters Firefighting instructions : In case of fire: Evacuate area. Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breathing apparatus. For further information refer to section 8: "Exposure controls/personal protection". SECTION 6: Accidental release measures : Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe dust. 6.1.1. For non-emergency personnel : Do not attempt to take action		respiration. Get medical a	idvice/attention.	
Present and easy to do. Continue rinsing. Get medical advice/attention. First-aid measures after ingestion Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. SECTION 55 Firefighting measures 5.1. Extinguishing media Suitable extinguishing media				
mouth out with water. Get medical advice/attention. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing m		present and easy to do. C	Continue rinsing. Get medica	l advice/attention.
Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically. SECTION 5: Firefighting measures 5.1 5.1. Extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire. 5.2. Special hazards arising from the substance or mixture Fire hazard Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride. Sodium oxides. 5.3. Advice for firefighters : In case of fire: Evacuate area. Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breathing apparatus. For further information refer to section 8: "Exposure controls/personal protection". SECTION 6: Accidental release measures : Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe dust. 6.1.1. For non-emergency personnel : Do not attempt to take action without suitable protective equipment may intervene. 6.1.2. For emergency responders : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 6.2. Environmental precautions : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Ex	First-aid measures after ingestion	0	0,0,	Ith to an unconscious person. Rinse

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Metho	ds for cleaning up	: Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.
Other	information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
6.4.	Reference to other sections	
No ad	ditional information available	
SEC	TION 7: Handling and storage	
7.1.	Precautions for safe handling	
	utions for safe handling	: Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe dust, mist, spray. Wear personal protective equipment. Avoid contact with skin and eyes.

.2. Conditions for safe storage, including any incompatibilities		
Technical measures	: Comply with applicable regulations.	
Storage conditions	: Keep container closed when not in use. Moisture sensitive. Keep contents under inert gas.	
Incompatible materials	: Refer to Section 10 on Incompatible Materials.	
Storage area	: Store in dry, cool, well-ventilated area.	

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Other information	: Safety shoes. 29 CFR 1910.136: Foot Protection.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical ar	nd chemical properties
Physical state	: Solid
Color	: No data available
Odor	: No data available
Odor threshold	: No data available
pH	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Molecular mass	: 180.08 g/mol
Solubility	: No data available
Log Pow	: No data available

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

9.2. **Other information**

No additional information available

SECTION 10: Stability and reactivity 10.1. Reactivity No additional information available 10.2. **Chemical stability** The product is stable at normal handling and storage conditions. 10.3. Possibility of hazardous reactions No additional information available 10.4. Conditions to avoid Keep away from heat, sparks and flame. Moisture. 10.5. **Incompatible materials** Strong oxidizing agents. Hazardous decomposition products 10.6.

Under normal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of fire, see Section 5.

SECTION 11: Toxicological information	ion
11.1. Information on toxicological effects	
Acute toxicity	: Not classified
Skin corrosion/irritation Serious eye damage/irritation Respiratory or skin sensitization Germ cell mutagenicity Carcinogenicity	 Causes skin irritation. Causes serious eye irritation. Not classified Not classified Not classified
Reproductive toxicity Specific target organ toxicity (single exposure)	Not classifiedMay cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
SECTION 12: Ecological information	
12.1. Toxicity	
No additional information available	
12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential	
No additional information available	
12.4. Mobility in soil	
No additional information available	

12.5. Other adverse effects

No additional information available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 13: Disposal consideratio	ns
13.1. Waste treatment methods	
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.
Waste disposal recommendations	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
Additional information	: Recycle the material as far as possible.

SECTION 14: Transport information

Department of Transportation (DOT) In accordance with DOT

Not regulated for transport

TDG

No additional information available

Transport by sea

No additional information available

Air transport

No additional information available

SECTION 15: Regulatory information

15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

Sodium 2,6-difluorobenzoate	CAS No 6185-28-0	100%

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

15.2. International regulations

CANADA

No additional information available

EU-Regulations

No additional information available

National regulations

No additional information available

15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

SECTION 16: Other information

Full text of H-phrases:

Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Skin Irrit. 2	Skin corrosion/irritation Category 2
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H315	Causes skin irritation
H319	Causes serious eye irritation
H335	May cause respiratory irritation

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

NFPA health hazard	: 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.
NFPA fire hazard	: 0 - Materials that will not burn.
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
HMIS III Rating	
Health	: 2 Moderate Hazard - Temporary or minor injury may occur
Flammability	: 0 Minimal Hazard - Materials that will not burn
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
